

*“Partnerships inspiring educational achievement and developing community success to enrich the lives of our children”*

## Needs Met from BF's Facebook Page

- A pair of eye glasses donated by Eye Care Center
- Clothes for a family whose father was working but got injured
- A double mattress donated by Phillips-Wright Furniture and First South Bank for a student in need after hospitalization
- A pair of eye glasses donated by Precision Eye Care
- White dress donated to student who was a Marshal for graduation ceremonies
- Dental work donated by Dr. Marcus Jones
- Money collected to pay for extermination of bed bugs in students home, mattresses also being donated to this family
- Beds donated to a student at an elementary school
- Shirts and ties donated for students graduating from Washington High School

## SOCIAL MEDIA SAVVY NIGHT A SUCCESS!

Cyber Bullies, Sexters, Facebook Stalkers, other worrisome individuals; with all these potential threats out there and the number of social sites available, what's a conscientious parent to do? A majority of students have their computers and mobile devices filled with apps and programs allowing them to interact online, but in this media saturated reality how do you protect your kids online? Bright Futures Beaufort County decided to take this proverbial bull by the horns.....

## Recent Partnerships Update

\*Washington High School has had 2 site council meetings-goals are food and hygiene pantry to be up and running for the beginning of school as well as social media awareness presentations for students.

\*S.W. Snowden has had 1 site council meeting-goals are getting more volunteers in to the school, transportation for students for summer programs and camps and helping students and teachers with basic school supplies

\*Ed Tech-We are currently working on a date for the first site council meeting-we have had a Kona Ice day at Ed Tech as well as brought in speakers for the students
