Click on: ***Edmentum, listed under popular links***

Account Log In: ***tthsd2***

Your PLATO Name Is: \_\_\_\_ (your student ID #) \_\_\_\_\_

Your PLATO Password Is: \_\_\_\_ (your student ID #) \_\_\_\_\_

Tips:

- ✓ Your teacher will have more instructions, expectations and guidelines for you, and they will email all that information to your district Gmail account.
- ✓ If the program is not running from home or another outside computer, check to make sure the pop-up blockers have been turned off.
- ✓ Always complete the pretests first in each unit. You may do well enough to be exempted from some or all the modules. ***If you are locked out of a test, you must go back and complete the tutorial, update your Cornell Notes and then your instructor will unlock the test for you to retake it.***
- ✓ Please contact your instructor when you have completed your on-line work for further instructions.
- ✓ If you are having technical issues and/or all other inquiries, please contact your instructor.
