

# What did we hear from: Elementary School Students?

Importance of School-Related Factors for Elementary School Students

“How would you feel about trying new subjects or classes?”

## What did we hear from elementary school students?

- 2,608 elementary school respondents (K-5)
- Elementary students are especially concerned about:
  - Safety at school
  - Cleanliness at school
  - Access to Arts/Music/Gym
  - Access to outdoor spaces
- Half of the elementary school students (49%) would be very excited about a renovated or repaired school building
- More than half (55%) of elementary school students would be very excited about trying new subjects or classes

*“I want the school to be a very safe place for me and other kids.”*
