

THE MONTGOMERY ACADEMY

Position Title: Middle School Math Teacher - Long Term Substitute for 2024 - 25
School Year (late March - May)

Summary of the Position:

The Montgomery Academy is seeking a long-term substitute for Middle School Math to teach Pre-Algebra and Algebra I from mid-March through the end of the school year. The ideal candidate should create a classroom environment that challenges and supports each student in his or her pursuit of excellence. This position would be responsible for teaching five sections.

Essential Duties and responsibilities:

- Teach multiple sections of Pre-Algebra and Algebra I.
- Effectively integrate educational technology (including iPads) appropriately into the curriculum including managing our Learning Management System
- Plan course materials and methods of instruction
- Create and design lesson plans, instruction, and assessments
- Serve as a Middle School advisor
- Work closely and effectively with members of the math department to ensure that curriculum flows smoothly
- Communicate with parents proactively, positively, and professionally to support the academic, social-emotional, and physical needs of students
- Engage in continued professional development
- Integrate the language of leadership and character development into the classroom
- Perform other duties to support the division and/or school as a whole

Qualifications:

- Bachelor of Science degree in Mathematics or other relevant subject, advanced degree preferred
- Teaching experience in math preferred
- Creative, enthusiastic, and growth-mindset approach to learning
- Experience in the use of educational technology
- Excellent verbal and written communication skills
- Genuine concern for students and their learning success
- Collaborative approach to working with other faculty members
