

Can I opt out of filing the FAFSA or Dream Act?

AB 469 requires all students in the Class of 2025 to file a FAFSA or Dream Act or opt out. We encourage all student to file financial aid because you need it for the Promise Program (free two years free at community college) and many colleges will use the information from the FAFSA/Dream Act to provide any scholarship or institutional aid. Should you prefer to opt out, please see the form below and return it to Mr. Graham or Mrs. Yi or Mrs. Murcia in the College & Career Center. Or fill out the google opt out form

Mid-year reports: I'm getting messages that I have to send a mid-year report (7th semester transcripts). What do I do?

The college counselor will upload your mid year reports automatically through Naviance when the second semester class rank and GPA are available about the end of January. You will not have to send in a form. If you did not use these sites, please see your college counselor to make arrangements.

Final reports: Who sends the final transcript?

That is the student's responsibility to send their final transcript to their intended institution by making sure it's on Naviance and ordering it through the Transcript Office

I'm dropping a class but I already reported it to the colleges, what do I do? I failed a class, do I have to report it?

Colleges want to know the changes you have made after you submitted your applications, including information about a D or an F grade. You need to submit that information to the colleges, usually by email or mail. Each school may have different methods so check their website first and ask how they would like that information.

Who signs my Cal Grant form?

Your Cal Grant GPA has already been submitted electronically so you do not need to send in the form. All you have to do is file the FAFSA or the Dream Act. Make sure your address and identifying information at school is accurate with the information you put on your financial aid.
