

STEPS TO SET UP NEXTDOOR:

1. Download NextDoor on Apple or Android phone.
2. Enter school's address (not home address).
3. Sign up with the preferred option (Email, Google, Apple or Facebook).
4. Create an account.
5. Enter name.
6. Enter a mobile phone number to receive verification code.
7. Enter the 4-digit verification code.
 - a. Note that the step above can be skipped.
9. Set notifications preferred
10. Set profile.
11. Invite neighbors to join, if you'd like.
 - a. The step above can be skipped.
12. Take the "Good neighbor pledge."
13. You are now connected.
14. Join any of the groups listed in your community.
 - a. This will provide an opportunity to connect with potential student families.

ACCOUNT MANAGEMENT TIPS:

- You can set your own group to invite families currently enrolled at your campus.
- You can send private messages to anyone connected.
- If you have a current Next Door account with your home address, to activate a second account with your school's address, an alternative e-mail address will be needed.
- When moving between accounts, you'll need to sign into the account you want to access, which may require signing out of your other account.
