

LCFF Budget Overview for Parents

Local Educational Agency (LEA) Name: Ross Elementary School District

CDS Code: 21 65433 6024673

School Year: 2024-25

LEA contact information:

David Rice

Superintendent

drice@rossbears.org

(415) 457-2705

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

Budget Overview for the 2024-25 School Year

Projected Revenue by Fund Source

This chart shows the total general purpose revenue Ross Elementary School District expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for Ross Elementary School District is \$11,148,689, of which \$6,775,413 is Local Control Funding Formula (LCFF), \$667,451 is other state funds, \$3,646,072 is local funds, and \$59,753 is federal funds. Of the \$6,775,413 in LCFF Funds, \$4,854 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

LCFF Budget Overview for Parents

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

This chart provides a quick summary of how much Ross Elementary School District plans to spend for 2024-25. It shows how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: Ross Elementary School District plans to spend \$11,087,261 for the 2024-25 school year. Of that amount, \$9,013,129 is tied to actions/services in the LCAP and \$2,074,132 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

The expenditures not included in the LCAP represent supplies and services related to the general operations of the district.

Increased or Improved Services for High Needs Students in the LCAP for the 2024-25 School Year

In 2024-25, Ross Elementary School District is projecting it will receive \$4,854 based on the enrollment of foster youth, English learner, and low-income students. Ross Elementary School District must describe how it intends to increase or improve services for high needs students in the LCAP. Ross Elementary School District plans to spend \$125,738 towards meeting this requirement, as described in the LCAP.

LCFF Budget Overview for Parents

Update on Increased or Improved Services for High Needs Students in 2023-24

This chart compares what Ross Elementary School District budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Ross Elementary School District estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2023-24, Ross Elementary School District's LCAP budgeted \$122,546 for planned actions to increase or improve services for high needs students. Ross Elementary School District actually spent \$122,032 for actions to increase or improve services for high needs students in 2023-24.

The difference between the budgeted and actual expenditures of \$-514 had the following impact on Ross Elementary School District's ability to increase or improve services for high needs students:

The variance of \$514 didn't impact planned action and services to high need students. The variance was a result of salary and benefits budgeted slightly higher than actual expenditures.

2023–24 Local Control and Accountability Plan Annual Update

The instructions for completing the 2023–24 Local Control and Accountability Plan (LCAP) Annual Update follow the template.

Goals and Actions

Goal

Goal #	Description
1	Implement practices that establish staff and student awareness, compassion for, and a positive experience all stakeholders within and outside of the school.

Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Measure and take action upon student and staff general wellness.	Determine student and staff general wellness	Baseline established in 2022-2023	Students did the Youth Truth Survey in the fall of 2022 and reported 96% feel physically safe at school while 76% reported feeling emotionally safe at school. Teachers were surveyed in Feb. of 2022 and 94% of teachers reporting that they feel valued by the school and are satisfied with their working conditions	Teachers will be surveyed in February 2024. Student Youth Truth data has been received and shared with the Board in January. In a March faculty and staff survey 100% of staff reported satisfaction in their work.	Student and staff general wellness data indicates persistent increases in performance criteria. Staff have developed a model of critical evidence-informed practices that have shown effective with the Ross School Context.
Parent/Family Engagement- How will the district measure now	2019 CHKS data showed that 71% of parents were involved in the school.	Ross School used the Youth Data in lieu of CHKS in the 2021-2022 school year. Youth Truth data does not ask for parent participation.	The Ross School district measures its parent/family engagement through its Site Council which is made up of parent representatives for Special Education as	A Welcome Back survey was administered in August of 2023 and the data was shared with both the Board and the community. The LCAP parent	Ross School will have a 90% participation rate of parents and community members.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
			well as other school parents, community members, teachers, and students. The Ross School has also developed two parent surveys that were implements this school year. One in fall (Sept.) and the other in the spring (April)	survey will go out in late winter. The parent survey wen in March of 2024 and the feedback is being incorporated into the LCAP	
School attendance	Aeries data illustrates the attendance rate for students in 2020-21 showed K5 - 96.7%, MS - 94.22%, Total - 95.46%	Aeries data illustrates the attendance rate for students in 2020-21 showed K5 - 94.3%, MS - 94.6%, Total - 94.45%	Aeries data illustrates the attendance rate for students in 2021-22 showed K5 - 92.75%, MS - 95.90%, Total - 94.32%	School attendance is an area of concern that will be addressed in the upcoming LCAP. Ross School's absenteeism is at 19% we are reinstating our SARB process to begin to address attendance. This goal will carry over in the next three year LCAP plan.	School attendance numbers increase by 3% by 2023-2024 and monitored by quarterly attendance reports.
Chronic Absenteeism	0% of students were were chronically absent during the 2020-2021 school year.	0% of students were were chronically absent during the 2020-2021 school year.	14.3% of students were chronically absent during the 2021-2022 school year.	19.9% chronic absenteeism for the 2022-2023 school year Ross School's absenteeism is at 19% we are reinstating our SARB	Maintain 2020-2021 levels

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
				process to begin to address attendance. This goal will carry over in the next three year LCAP plan.	
Middle school Drop out rate	0% of middle school students dropped out of school during the 2020-2021 school year.	0% of middle school students dropped out of school during the 2021-2022 school year.	0% of middle school students dropped out of school during the 2022-2023 school year.	0% of middle school students have dropped out as of January 2024 school year. 0% of middle school students have dropped out as of May 2024 school year.	Maintain 2020-2021 levels
Suspension and Expulsion rates	0% of students were suspended or expelled during the 2020-2021 school year.	0% of students were suspended or expelled during the 2020-2021 school year.	1.3% of students were suspended and none were expelled during the 2021-2022 school year.	This year one student has been suspended for two days as of January 2024. 15 days of total suspension have happened in the second semester	Maintain 2020-2021 levels
CHKS or other current student survey	2019 CHKS data illustrates 80% of 7th grade students state they agree or strongly agree that they feel connected to the	Ross School used the Youth Data in lieu of CHKS in the 2021-2022 school year.	Ross School used the Youth Data in lieu of CHKS in the 2022-2023 school year.	Ross School used the Youth Truth Data in lieu of CHKS in the 2023-2024 school year. This data was	Trends and patterns show a higher percentage of students feel connected to the school and have a

	school. 75% believe that they have a caring adult relationship and 11% believe they have experienced chronic sadness/hopelessness.	57% of our 7th and 8th grade students rated Ross School has having a strong culture (comparison: typical Youth Truth school 44%, typical CA school 49%) 65% of our 7th and 8th grade students felt they belonged in school (comparison: typical Youth Truth school 62%, typical CA school 62%)	57% of our 7th and 8th grade students rated Ross School has having a strong culture (comparison: typical Youth Truth school 44%, typical CA school 49%) 65% of our 7th and 8th grade students felt they belonged in school (comparison: typical Youth Truth school 62%, typical CA school 62%)	presented to the board in January. This student data was used in the creation of the next three year LCAP	caring relationship with adults. Moreover, trends and patterns illustrate a decline in chronic sadness/hopelessness.
Parent/Community Survey	Parent engagement has included meetings and group meetings. in 22-23 we will develop a parent/community survey based upon strategic priorities and systems.	22-23 - Survey is in development	Ross School has developed and implemented two parent/community surveys. One was given in Sept. to give feedback on the start of the year and a second was given in April. The second April survey was specifically designed to gain feedback for our continued improvement and LCAP	Ross School has developed and implemented two parent/community surveys. One was given in August of 2023 to give feedback on the start of the year and a second will be given in April 2024. The April survey is specifically designed to gain feedback for our continued improvement and LCAP.	Annual constructive parent and community feedback to drive continuous improvement and decision making.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
				The survey was sent in March and the feedback was incorporated into the next LCAP plan.	

Goal Analysis

An analysis of how this goal was carried out in the previous year.
A description of any substantive differences in planned actions and actual implementation of these actions.

There was no substantive changes in the planned actions from Jan.-May 2024. Attendance and absenteeism has remained area of concern and was marked as "red" on our school dashboard. For this metrics we are carrying it into the next LCAP. Our student data showed the desired areas of improvement around belonging and student data shows that is improving.While there is still room for growth we are on the right track.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

All metrics in goal 1 were implemented. There was not a material difference in the budgeted expenditures and the Estimated Actuals. The absenteeism is a metrics that will be carried into the next LCAP plan. Our CA dashboard shows that Ross School is in the "red" for absenteeism. We will use our SARB process to address this concern.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

There was not a material difference in the budgeted expenditures and the estimated actuals.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

The surveys that are now being used with students, faculty and staff, and community. The absenteeism is a metrics that will be carried into the next LCAP.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Goals and Actions

Goal

Goal #	Description
2	Implement high impact curriculum, instruction and assessment practices that deepen student learning in all academic areas.

Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
NWEA Growth Data	33-68% of 2nd-8th students met progress projections in mathematics, 32-67% 2nd-8th grade students met progress projections in reading in the 2020-2021 school year.	34-62 % of 2nd-8th students met progress projections in mathematics, 39-52% 2nd-8th grade students met progress projections in reading in the 2020-2021 school year. Please note that this data was from Fall to Winter (Spring data was not collected when this report was finalized).	80% Of 3rd-8th graders met or exceeded the expected growth of over one years growth in one years time. While the math percentage was 70% and science was 77%. In the past these have been reported as an accomplish range. Those numbers would be 55-81% for math, 59-94% for reading, and 60-92% for science Please note that this data was from Fall to Winter (Spring data was not collected when this report was finalized).	Mid year data has not been collected at the time this report was due. As measured in Feb. 2024 88% of 3rd-8th graders met expected growth of over one year in one years time in math. 74% of 3rd-8th graders met excepted growth of over one year in one years time for ELA.	Substantial growth in NWEA growth data in mathematics and reading along with success on school developed performance based tasks.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
School Accountability Report Card (adopted curricula)	In 2020-21 implementation of previously adopted state-standards aligned curriculum for ELA (100%), Math (100%), Science (100%), and Social Studies (100%) 21-22 - modified: Access for English Learners to all standards	In 2020-21 implementation of previously adopted state-standards aligned curriculum for ELA (100%), Math (100%), Science (100%), and Social Studies (100%) Maintained the access for our EL student - recently reclassified.	In 2021-22 implementation of previously adopted state-standards aligned curriculum for ELA (100%), Math (100%), Science (100%), and Social Studies (100%) Maintained the access for our reclassified EL student.	In 2022-23 implementation of previously adopted state-standards aligned curriculum for ELA (100%), Math (100%), Science (100%), and Social Studies (100%)	Curriculum adopted for all students and is 100% standards aligned
Quarterly Report on Williams Uniform Complaints	In 2020-21, there were 0% Williams Uniform Complaints filed.	In 2020-21, there were 0% Williams Uniform Complaints filed.	In 2022-23, there were 0% Williams Uniform Complaints filed.	As of Jan. 2024 there were 0% Williams Uniform Complaints filed. As of May 2024 there were 0% complaints	in 2023-24 0% complaints expected to be filed.
Master Schedule (access to broad course of study)	In 2020-21 All students (100%) in grades K-8 had access to a broad course of study	In 2020-21 All students (100%) in grades K-8 had access to a broad course of study	In 2022-23 All students (100%) in grades K-8 had access to a broad course of study including 2D and 3D art, music, STEM, technology lab, Spanish, makers workshop, as well as a plethora of electives in grades 6th-8th.	In 2023-24 All students (100%) in grades K-8 had access to a broad course of study including 2D and 3D art, music, STEM, technology lab, Spanish, makers workshop, as well as a plethora of electives in grades 6th-8th.	in 2023-24 all students will have access to a broad course of study

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Statewide Assessments (CAASPP)	85.05% of students met or exceeded standards in grades 3-8 in English Language Arts. 80.65% of students met or exceeded standards in grades 3-8 in Mathematics in 2019.	N/A	85.1% of students met or exceeded standards in grades 3-8 in English Language Arts. 80.3% of students met or exceeded standards in grades 3-8 in Mathematics in 2022. Science was measured in grades 5 and 8 and 55.8% of 5th and 8th grades met or exceeded standards.	For the 2022-23 school year 87.1% of students met or exceeded standards in grades 3-8 in English Language Arts. 81.2% of students met or exceeded standards in grades 3-8 in Mathematics in 2023. Science was measured in grades 5 and 8 and 62.5% of 5th and 8th grades met or exceeded standards.	90% of students meet or exceed standards in 3-8 in ELA and mathematics in 2023-2024.
School Accountability Report Card (Teacher Credentials; Teacher misassignments; Highly Qualified Teacher)	In 2020-21, there were 37 teachers with full credentials and 5 teachers teaching outside of their subject area of competence and 0% of misassignments of teachers	In 2021-2022, there were 33.2 teachers with full credentials and 9 teachers teaching outside of their subject area of competence and 11 teachers mis-assigned.	In the 2022-2023 school year there were 31 teachers with full credentials and 7 mis-assigned	In 2023-2024, there were 32 FTE with full credentials including 5 FTE teaching outside of their subject area of competence and 0% teachers mis-assigned.	In 2023-24, all teachers are teaching within their subject area and we are maintaining 0% of misassignments of teachers
Reclassification Rate	No EL students at present - Board policy for reclassification is active	No EL students at present - Board policy for reclassification is active	No EL students at present - Board policy for reclassification is active	No EL students at present - Board policy for reclassification is active	Students who are designated EL engage in highly effective instruction (as described in Board Policy and Administrative Regulation 1674) and

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
					transition towards reclassification effectively and efficiently (see ELPI)
ELPI - ELPAC	No EL students at present	No EL students at present	No EL students at present	No EL students at present	Ongoing participation in ELPAC when EL students enrolled in Ross School
Clean and safe facilities	FIT report rating of excellent	21-22 - maintained excellent rating for Ross School	2022-2023 maintained an excellent rating for Ross School. Ross School also contracted with Counterpoint Construction to help build a facilities implementation plan based on maintenance needs and priorities	Ross is working to move the HVAC project forward. The lower kinder yard project is also moving forward with an expectation that work begins this summer. Plans have been delayed slightly the plans are still in place.	Maintain "excellent" rating for site and begin to work on our maintenance priorities to ensure our facilities upkeep.

Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

The Ross School district continued to monitor both growth and achievement through our NWEA testing as well as CAASPP. While we have not yet reached our CAASPP goal of 90% or better met or exceeding standard we have been making the gains needed to get there in the next couple of years

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

There were no materials differences between the budget expenditures and estimated actuals. All plans were implemented.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

The actions taken to meet the metrics of the last three years have been succesful. While our CASSPP scores have not met the hoped for goal of 90% we are getting closer each year to achieving that goal.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

One change being made to the curriculum is the addition of equity based education for grades K-8.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Instructions

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education’s (CDE’s) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at lcff@cde.ca.gov.

Complete the prompts as instructed for each goal included in the 2023–24 LCAP. Duplicate the tables as needed. The 2023–24 LCAP Annual Update must be included with the 2024–25 LCAP.

Goals and Actions

Goal(s)

Description:

Copy and paste verbatim from the 2023–24 LCAP.

Measuring and Reporting Results

- Copy and paste verbatim from the 2023–24 LCAP.

Metric:

- Copy and paste verbatim from the 2023–24 LCAP.

Baseline:

Goal Analysis

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective in achieving the goal. Respond to the prompts as instructed.

A description of any substantive differences in planned actions and actual implementation of these actions.

- Describe the overall implementation of the actions to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process. This must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

- Describe the effectiveness or ineffectiveness of the specific actions in making progress toward the goal during the three-year LCAP cycle. “Effectiveness” means the degree to which the actions were successful in producing the desired result and “ineffectiveness” means that the actions did not produce any significant or desired result.
 - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
 - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
 - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
 - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:
 - The reasons for the ineffectiveness, and
 - How changes to the action will result in a new or strengthened approach.

California Department of Education
November 2023

Local Control and Accountability Plan

The instructions for completing the Local Control and Accountability Plan (LCAP) follow the template.

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone
Ross Elementary School District	David Rice Superintendent	drice@rossbears.org (415) 457-2705

Plan Summary [2024-25]

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

The Ross School District is an award winning, dynamic school committed to academic excellence and innovation and is nationally recognized for academic performance, staff professional development, educational innovation, and community engagement. Ross School District was recognized as a "Blue Ribbon" School by the Department of Education for its work in providing differentiated, targeted support services for general education students, special education students, and English language learners. All learners performed extremely well on the initial CAASPP exam, performing well-above the state and the county on English-Language Arts, Mathematics, and Science. The District is focused on engaging learners in a safe, vibrant environment that supports academic rigor to ignite innovation. The District develops habits of heart, mind and action in all of our learners as a means to cultivate confidence, creative problem solving, compassion, collaboration, and content literacy. To meet these outcomes, the Board of Trustees is adopting a new strategic plan in June of 2024 which focused on four strategic goals including:

(1) Invest in Learners: Provide essential content knowledge and skills, confidence, compassion, collaboration, and creativity,

(2) Invest in Teaching Excellence: Recruit, inspire, retain, evaluate and support faculty and staff to enable student success,

(3) Invest in Community: Create a culture of caring internally and externally through communication and allocation of resources to support students and provide education opportunities for families in the Ross School community

(4) Invest in the Facility: Evaluate, maintain and update the learning facility.

The District worked with community stakeholders to align the LCAP, SPSA and annual action plan. The district now aligns these documents into it's LCAP and also provides an executive summary to highlight what will be focused on for the following year. The District focused on developing four overarching goals related to student academic achievement/growth, staff and faculty investment, community connections and

learning and maintaining/updating the facility. The District worked with the Ross School District Teachers Association, the Board of Trustees, and the community in ensuring that a quality process for effective educator employment was established. Beyond hiring, the District ensured that the right conditions were in place for learning including the allocation of one to one laptops in grades 1 – 8. Curriculum is based upon the Common Core State Standards grounded in rigor and differentiated supports for all levels of learners. Grades K-5 use CKLA for language curriculum and Eureka for math curriculum. Grades 6-8 are also state standards based with teachers using a variety of curriculum to meet these standards. In addition, students are provided enrichment and innovative curricula taught by specialized teachers for music, art, PE, Reading, Spanish, technology integration, Fabrication Laboratory and STEM classes as part of the instructional program. The average class size for grades K-8 is 16 students. The average student to teacher ratio is 12:1. In addition to working with their classroom teachers, K-5 students work with support teachers or instructional assistants. Students in sixth to eighth grades have four core classes of Language Arts, Math, Science and Social Studies along with PE (2 days a week), Spanish (3 days a week) and electives. Electives include Art, Guitar, Band, Strings, conversational Spanish, Fabrication Lab, Robotics, App Creation, Journalism, Forestry, Model UN and Visual and Performing Arts (VAPA) education. Two classrooms are dedicated music classrooms and one classroom serves elementary visual arts and one middle school visual arts. The school benefits from access to both an indoor and an outdoor stage.

Ross School provides every 4th-8th grader that wants to play an instrument with that instrument. The District is proud of its reputation for being innovative and has been nationally recognized with a Blue Ribbon award in 2022. All students are offered embedded technology courses led by Ross School teachers with advanced curricula focused on student engagement. They are also offered project-based courses in the Fabrication Lab where design and maker education come to life. Middle school teachers have also been trained on problem and project based learning and are starting to implement this strategy into their teaching. In addition, students apply science, technology, engineering and math concepts in weekly STEM class where Next Generation Science Standards are Integrated for grades K-5. The District is proud of the its value of caring for others that is infused throughout the school. Students in grades K-8 are involved in Bear Families where 8th grade big buddies lead a series of community building activities for their bear families. Social emotional curriculum as well as community service is embedded into the culture of the school. Students truly live the motto of heart, mind and action. A key aspect of the District work this year has been engaging students through the beginning development of our service learning program along with our outdoor education program. Both of these new programs are in their infancy and are continuing to be built. The District leveraged Bear Families, Advisory, Student Council, ToolKit, Common Sense Media, along with a series of Parent Education options and general school based counseling services to support children and their families in developing a sense of social and emotional wellness and connectedness with the school culture.

The District benefits from a long history of outstanding support from its parents and the broader community, evidenced by successful passage of multiple parcel taxes and bond measures. The community has passed two bond measures to build a state of the art building and multipurpose room. The community contributes about 30% of the district's operating budget, over \$1.7 million dollars in Foundation, PTA, and Endowment contributions annually, and passage of a parcel tax to support innovative programs. Highly engaged parents support and promote community building through volunteerism and partnership with the school. The collective belief is that it is the student that we are here for and all efforts should trace back to benefiting them. Ross School is a vibrant place to learn and grow with a strategic vision and momentum that is destined to continue.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Ross School has continued to score very high in both ELA (86%) and Math (83%) CAASPP evaluations. The suspension rate at Ross School has moved back to the blue indicator because we did not have as many instances for suspension as the previous year. The main area of growth is our attendance. We moved to the red indicator for chronic absenteeism. Our absentee rate for 2022-2023 was 19.9% with a 5.7% increase from the previous year. One action that has been added to the LCAP is to reinstate our SARB process to increase of attendance rate. Ross School has also had constant student data from Youth Truth showing a lack of engagement from the student body. We have built in service learning, outdoor education, problem and project based learning and next year we have add an action to our LCAP to remove the cell phones from the classroom. This is designed to increase engagement and decrease anxiety. Also, the school has experiences instances of racist and sexist acts as well as bullying. The school will retain a consult to help the school raise it's racial consciousness through education for student, faculty, staff and community. We will also examine our internal policies and process to ensure we are using best practice. A positive form the last year is that both students and employees are reporting that they are feeling a higher sense of belonging and value at the school according to our Youth Truth and LCAP surveys.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

NA

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

NA

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

NA

Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Educational Partner(s)	Process for Engagement
Board Meeting	Monthly board meetings are focused on meeting and developing LCAP goals and presenting data. 2023-2024 Board meeting Dates: 8/16, 9/13, 10/11, 11/8, 12/12, 12/13, 1/10, 2/14, 3/13, 4/17, 5/8, 6/5, 6/12
Site Council	Our Site Council also serves as our parent advisory committee. There are site council members who represent special education interests for our plan. The Superintendent/Admin met with site council on 19/March/2024 and used a SWOT protocol to gather feedback on strengths, weaknesses, opportunities, and threats to Ross School.
Ross School District Staff and Faculty meetings	Bi-monthly meetings are held on Wednesdays and on 3/March/24 and 13/March/24 we used a SWOT protocol to gather feedback on strengths, weaknesses, opportunities, and threats to Ross School. Feedback was asked for from both classified and certified staff members.
Student Engagement	Youth Truth data gathered in October 2023.
Certificated/Classified staff survey	Collected February 2024 (Survey)
Parent/Guardian survey	Collected March 2024 (Survey)
Ross Coffee's	Monthly meetings held in the school library to educate, discuss and gather feedback with the parent community
Union meetings	Held monthly and as needed

Educational Partner(s)	Process for Engagement
Special Education Local Plan Area (SELPA)	Met with the SELPA on May 28th 2024 and review the special education compliance pieces of the LCAP recommendations were made and implemented.
Grade Level Chats	We hold parent meetings for each grade level at least once a year to share what's working for them and gather feedback regarding each individual grade level. The Principal and Superintendent facilitate these meetings. Data is shared as well as developmental expectation and updates.
Student Council	The Superintendent met with student council on 12/March/2024 and used a SWOT protocol to gather feedback on strengths, weaknesses, opportunities, and threats to Ross School
Administration	The Admin team meets weekly to plan. All administrators review and add to the student, community and staff feedback surveys. This feedback is the basis for our year to year planning
Public Community meeting	On May 20th the LEA presented the LCAP goals, metrics and actions to the community feedback was solicited in public as well as through email after that meeting.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

The LCAP was influenced by feedback from students, faculty and staff as well as the parent community on what was working at the school and what could improve. All contingency groups shared that student behavior both towards each other and the adults on campus needs to improve. In the 2022-23 LCAP actions were put in place to address these behaviors and all three groups shared that this area has improved for the 2023-24 school year. It was also acknowledged that we need to continue to work in the area of student discipline. Ross School has experiences racist and sexist behaviors within the student body. The School has built equity training into the plan. Curriculum development and policy and structures have been examined to see that we have the most up to date practices and curriculum to teach around equity for grades k-8. Equity curriculum is a key component to this years LCAP. Students shared that they are looking for more relevance in what they are learning. Faculty and Staff have shared that the HVAC system should be able to provide air conditioners to all parts of the school, requested differentiation training and that students are seeking connection between home and what they learn in school. Faculty, staff, students and community have also identified that phones in the classroom are distractions that are keeping our students from fully engaging in their learning. Ross School plans to remove the phones from school in the following school year. All three interest groups also shared that our evaluation system needs to be examine, as well as our supervision, and aligning of programs (IE service learning, outdoor ed. and field trips).

Goals and Actions

Goal

Goal #	Description	Type of Goal
1	Invest in Learners: Provide essential content knowledge and skills, confidence, compassion, collaboration, and creativity,	Broad Goal

State Priorities addressed by this goal.

Priority 1: Basic (Conditions of Learning)
 Priority 2: State Standards (Conditions of Learning)
 Priority 4: Pupil Achievement (Pupil Outcomes)
 Priority 5: Pupil Engagement (Engagement)
 Priority 6: School Climate (Engagement)
 Priority 7: Course Access (Conditions of Learning)

An explanation of why the LEA has developed this goal.

Goal 1 is aimed at student growth and achievement. Ross School has traditionally done very well on state achievement testing IE CAASPP. Ross School also values and measure growth in each and every student with a goal of over one years growth in one years time. Our NWEA data tracks growth. Both of these testing results are shared with parents and actions plans are made for each individual student when the Jan. NWEA results come out. Ross School has experienced racist and sexist behaviors from parts of the student body. There is a clear need for Equity curriculum to be developed with a consultant who has expertise on these topics. Our classroom teachers will be trained to implement this curriculum. Ross School will continue to use Youth Truth to track student sense of connections to school and belonging. This goal applies to and was develop to meet the needs of students with exceptional needs.

Ross School also has absenteeism in the Red on our California Dashboard. To address this Ross School is implementing it's SARB process. This action is designed to get our attendance out of the red indicator on our dashboard. Engagement is also an area on our Youth Truth data that is a area of growth. To increase this metrics we are removing cell phones from grades 5-8 next school year. This, in combination with higher order thinking problem and project based lessons being used will have a positive impact on our Youth Truth data.

Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
1.1	CAASPP scores will show growth each year	2023-24 CASSPP scores were 87% met			By 2028-2029 Ross School	

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
		or exceeded expectation in ELA and 81% met or exceeded expectation in Math.			District will have 90% of its 3rd-8th graders score met or exceed standard in ELA and Math. 5th and 8th graders will show 75% meeting or exceeding standards in science.	
1.2	Chronic Attendance/Absenteeism	Ross Schools currently has a 19% absenteeism in the school. While the attendance rate 94.89%			By 2028-2029 Ross School will have an absenteeism that is 5% or less. While our attendance will increase by 3%	
1.3	Suspension and expulsion rate	In 2023-24 Ross School experienced a decrease in suspension rates by 1.1%			By 2028-2029 Ross School will have 0-2 suspension per year.	
1.4	Belonging/ connection to school	in 2023-24 Youth Truth Data showed that 40% of 3rd-6th graders felt like part of the school community while 7th-8th grade reported 59% felt part of the school community			By 2028-2029 Both 3rd-6 and 7th-8th will see a 15% increase in belonging at school according to Youth Truth Data	
1.5	Middle School drop out rate	in 2023-24 0% of Ross School Student dropped out			By 2028-2029 0% of Ross School Student will have dropped out	

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
1.6	Engagement	Youth Truth data shows that 43% of student find what they learn in class relevant to their lives and 44% say they enjoy school			By 2028-2029 Ross School will improve by 10-20% in each of the student engagement categories the Youth Truth Survey	
1.7	Master Schedule (access to broad course of study)	In 2023-24 All students (100%) in grades K-8 had access to a broad course of study			By 2028-2029 all students (100%) in grades K-8 will have access to a broad course of study	
1.8	Race based learning	Ross School will build and implement race based learning in grade 5-8. This curriculum will taught to all students in grades 5th-8th.			By 2028-29 Ross School will have implemented equity and race curriculum in grades 5th-8th	
1.9	Racial incidents at school	Ross School in the 2023-24 school year has experienced multiple incidents of racism			By 2028-29 0% incidents of racism reported	
1.10	NWEA (Northwestern Education Association) testing	in 2023-2024 88% of 3rd-8th graders met expected growth of over one year in one years time in math. 74% of 3rd-8th graders met excepted growth of over one year in one years time.			By 2028-29 90% of students in grades 3-8 will have met over ones growth in one years time according to NWEA testing.

Actions

Action #	Title	Description	Total Funds	Contributing
1.1	Student Wellness Assessment tool	Ross School has and will continue to use the Youth Truth survey to receive student feedback that will be use to improve the student learning and experience at school	\$4,900.00	No
1.2	Enforce the Ross School SARB process to increase attendance	Ross School will communicate the need and legal requirements regarding attendance. The Truancy and SARB (Student Attendance Review Board). * The principal salaries are associated with the follow through of this program included in action 1.5.		No
1.3	SEL programing for K-8	Students will engage in programing and services related to student well-being, social emotional learning and race. Ross School has commented to long term planning and implementation of race curriculum in each grade level as well as a SEL program that combines in class education from our	\$552,728.00	No

Action #	Title	Description	Total Funds	Contributing
		school counselor with service learning opportunity, outdoor education activity that aligns with their grade level curriculum. In addition we are removing cell phones and watches from all students in grades 5-8 we are looking to partner with a company that can help us secure the devices. Ross School also has a full time nurse on staff to support of student physical and emotional needs.		
1.4	NWEA (Northwestern Education Association)	Tool used to measure student growth and readiness to learn new topics. This exam is given in grades 3-8 twice a year (Aug./Jan) to track growth and readiness to learn new topics. Second grade takes the test as well but growth can not be measure until 3rd grade because the test changes between 2nd and 3rd so the comparison is not able to measure growth. However student do learn how to take the test and by the end of 2nd we have a baseline to start comparing in 3rd grade.	\$5,438.00	No
1.5	Faculty and staff salary and benefits	Ross School aims to be the highest paid faculty and staff of all K-8 schools in Marin. This helps with retainment and high quality teachers in our classrooms	\$8,038,945.00	No

Goals and Actions

Goal

Goal #	Description	Type of Goal
2	Invest in Teaching Excellence: Recruit, inspire, retain, evaluate and support faculty and staff to enable student success,	Broad Goal

State Priorities addressed by this goal.

Priority 1: Basic (Conditions of Learning)
Priority 2: State Standards (Conditions of Learning)
Priority 4: Pupil Achievement (Pupil Outcomes)
Priority 5: Pupil Engagement (Engagement)
Priority 6: School Climate (Engagement)
Priority 7: Course Access (Conditions of Learning)
Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

Ross School has reported behaviors of racism and sexism from our student body and is committed to partnering with an expert in equity work in schools to build curriculum with our classroom teachers to be implemented in the classroom as well as examine our policies, practices, and systems to ensure equity within our school systems and the proper response when an incident does occur. This goal applies to and was develop to meet the needs of students with exceptional needs.

Ross School is also partnering with an expert to provide equity education opportunities for our community, work with our PTO to examine their practices to ensure inclusivity, develop age appropriate equity curriculum for grades Kinder through 8th. This curriculum will be taught by our teaching staff with support from the equity expert. Our faculty and staff will also be trained on how to intervene in the classroom, halls, and yard should they witness an incident. Our equity expert will also provide coaching for school leaders and teachers leaders to ensure the long term success of this work throughout our system.

The Ross School District will continue to focus on ensuring that teachers are appropriately assigned and fully credentialed in their subject area. The District will continue to ensure that students have access to instructional materials aligned with the state standards through ongoing district and county-wide monitoring. Such monitoring will be conducted monthly by the District Office. All new staffing will be fully credentialed. All curricula purchased by the School District will be vetted and reviewed by the curriculum sub committee before purchasing.

The District is investing funding towards providing professional learning to all teachers, ensuring that instructional materials are made available for staff to use during training, and by providing targeted professional development for faculty that is aligned with staff self-assessment data and district-wide student performance data.

Student performance data will come from a variety of sources including classroom data and local benchmark assessments, namely the NWEA and CAASPP. Finally, the District will continue to provide STEM, Spanish, Cyber Cafe/Fabrication Arts, Music (instruments, theatre, and drama), Art, and Physical Education for all students along with over 30 different electives for middle school students. Student progress and proficiency in these courses will be measured and shared with parents twice a year in the form of report cards and once a year at parent-teacher conferences.

Measuring and Reporting Results

Actions

Action #	Title	Description	Total Funds	Contributing
2.1	Invest in faculty and staff professional development around problem and project based teaching and differentiation in the classroom.	The 5-8 staff will work with PSEADS on implementation of the problem and project based learning training they did in the fall of 2023. Staff also, through survey feedback indicated that K-8 teachers and staff are interested in differentiation training with the goal being higher levels of engagement.	\$5,380.00	
2.2	Invest in Equity work at Ross School for faculty and staf	Ross School has experienced incidents of racism through out the school. The school is partnering with a outside experts who will work with Ross School to establish anti-racism curriculum for each grade level and provide the internal support to administration, faculty and staff and community to systematically implement this curriculum. Ross School	\$26,500.00	No
2.3	Book Offerings	Ross School is offering to buy Anxious Generation by Jonathan Haidt and Think Again by Adam Grant.	\$2,000.00	
2.4	TOTS (Teachers Observing Teachers)	Ross School teachers have shared that they want to set up a TOTS program where they can observe and learn from each others. * Funding for this action comes from teacher salaries are included in action 1.5		

Action #	Title	Description	Total Funds	Contributing
2.5	Curriculum resources	Ross School is considering adopting writing curriculum. Next year, 204-25, will be a pilot year. The goal is to purchase curriculum the following year in 2025-26.		
2.6	Staffing (EL coordinator)	Ross School invests in a reading specialist to support our students. At this time we do not have any students who qualify as English Learners. Should a student arrive who needed these services our EL coordinator is trained to meet that need. Foster and low income learners have unique needs and would meet expected outcomes based on this action.	\$125,738.00	No Yes
2.7	Dr. Lori Watson (Transformation to Elevation)	we want to continue to send faculty and staff to the county offered training: Elevation 2 Transformation with Dr. Lori Watson.	\$500.00	No

Goals and Actions

Goal

Goal #	Description	Type of Goal
3	Invest in Community: Create a culture of caring internally and externally through communication and allocation of resources to support students and provide education opportunities for families in the Ross School community. This goal is designed to meet the needs of students with exceptional needs.	Broad Goal

State Priorities addressed by this goal.

Priority 1: Basic (Conditions of Learning)
 Priority 3: Parental Involvement (Engagement)
 Priority 6: School Climate (Engagement)

An explanation of why the LEA has developed this goal.

Ross School is partnering with an expert to provide equity education opportunities for our community, work with our PTO to examine their practices to ensure inclusivity, develop age appropriate equity curriculum for grades Kinder through 8th. This curriculum will be taught by our teaching staff with support from the expert. Our faculty and staff will also be trained on how to intervene in the classroom, halls, and yard should they witness an incident. Our equity expert will also provide coaching for school leaders and teacher leaders to ensure the long term success of this work throughout our system. Ross School will use the content to design education for our community and will be deliver in the form of "Ross Coffee's". Ross School parent community is requesting these education opportunities through LCAP surveys, grade level meetings and community outreach.

The Ross School community is very supportive of the school. The foundation, PTO and endowment makes up about 20% of the schools operating budget. Parents have shared through surveys that they are seeking parent education especially around equity, digital citizenship, and parenting.

Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
3.1	Parent Education	In 2023-24 Ross School hosted several parent education events in the first and second semester. Topics will be			At least one parent education event per month during the school year.

Actions

Action #	Title	Description	Total Funds	Contributing
3.1	Parent Professional Learning	Ross School provides a series of parent education in the form of Ross Coffees and evening learning events. Learning opportunities done in the evening on zoom are recored and shred out later with the entire community. Topics include the requested equity training as well as parenting best practices and other topics that will be generated through parents survey request.	\$1,000.00	
3.2	Participation in District- Wide Decision Making	Parent survey have been developed in the last two years that are designed to solicit feedback from our parent community about what is working, not working or should be considered for implementation. Ross School also hosts grade level meetings where the principal and superintendent listen to feedback from each grade levels parents. *Administration salaries were used in the development and implantation of these surveys as shown in goal 1.5.		

Goals and Actions

Goal

Goal #	Description	Type of Goal
4	Invest in the Facility: Evaluate, maintain and update the learning facility	Broad Goal

State Priorities addressed by this goal.

Priority 1: Basic (Conditions of Learning)
Priority 6: School Climate (Engagement)

An explanation of why the LEA has developed this goal.

Ross School is 12 years old and is no longer a "new" facility. While the building is currently in excellent condition we need to continue the upkeep as the facility will need ongoing attention as it ages. Faculty and staff have requested that air conditioning be added to all parts of the facility. Ross School will start to implement phase one of three to add HVAC into the spaces that currently do not have air conditioning. Faculty and staff have also provided feedback that the ventilators in some of the classrooms are too loud. Ross is working to clean, repair or replace ventilators as needed.

Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
4.1	HVAC Project	Maintain and expand the air conditioning through the facility			Phase one of HVAC project completed	
4.2	Ventilators	Staff report that some of the ventilators in the classroom make excessive noise.			Ventilators examined and replaced or repaired needed. with 0% reports of distractions to the classroom	
4.3	Lighting Upgrades	Outdated light fixtures are difficult to repair and parts are no longer in production.			50% of the school lights replaced with LED upgrades.	

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
4.4	Lower Kinder Yard Renovation	Due to a water line main break, the playground was damaged and unsafe to use.			Repair and Restoration Project complete by June 2025.	
4.5	FIT Facilities inspection tool	Maintain a "good or exemplary" rating on our annual FIT report			Maintain a "good or exemplary" rating on our annual FIT report.	

Goal Analysis [2023-24]

Required Descriptions

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

Goal and Action #	Identified Need(s)	How the Action(s) are Designed to Address Need(s)	Metric(s) to Monitor Effectiveness
2.6	Action: Staffing (EL coordinator) Need: EL learners, foster and low income learners Scope: Limited to Unduplicated Student Group(s)	Provide additional supports around literacy as needed	NWEA and CAASPP score growth and achievement data

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

Staff-to-student ratios by type of school and concentration of unduplicated students	Schools with a student concentration of 55 percent or less	Schools with a student concentration of greater than 55 percent
Staff-to-student ratio of classified staff providing direct services to students		

Staff-to-student ratios by type of school and concentration of unduplicated students	Schools with a student concentration of 55 percent or less	Schools with a student concentration of greater than 55 percent
Staff-to-student ratio of certificated staff providing direct services to students

Local Control and Accountability Plan Instructions

[Plan Summary](#)

[Engaging Educational Partners](#)

[Goals and Actions](#)

[Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students](#)

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at LCFF@cde.ca.gov.

Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (California *Education Code* [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.
- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.
- **Accountability and Compliance:** The LCAP serves an important accountability function because the nature of some LCAP template sections require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:
 - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, including long-term English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).
 - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC sections 52064[b][1] and [2]).
 - **NOTE:** As specified in EC Section 62064(b)(1), the LCAP must provide a description of the annual goals, for all pupils and each subgroup of pupils identified pursuant to EC Section 52052, to be achieved for each of the state priorities. Beginning in 2023–24, EC

Section 52052 identifies long-term English learners as a separate and distinct pupil subgroup with a numerical significance at 15 students.

- Annually reviewing and updating the LCAP to reflect progress toward the goals (*EC* Section 52064[b][7]).
- Ensuring that all increases attributable to supplemental and concentration grant calculations, including concentration grant add-on funding and/or LCFF carryover, are reflected in the LCAP (*EC* sections 52064[b][6], [8], and [11]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which must: (a) reflect comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (Dashboard), (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in *EC* sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2024–25, 2025–26, and 2026–27 school years reflects statutory changes made through Senate Bill 114 (Committee on Budget and Fiscal Review), Chapter 48, Statutes of 2023.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

Given present performance across the state priorities and on indicators in the Dashboard, how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions which, based on research, experience, and input gathered from educational partners, the LEA believes will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP, but may include information about effective practices when developing the LCAP and completing the LCAP document. Additionally, the beginning of each template section includes information emphasizing the purpose that section serves.

Plan Summary

Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to present a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included throughout each subsequent section of the LCAP.

Requirements and Instructions

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA.

- For example, information about an LEA in terms of geography, enrollment, employment, the number and size of specific schools, recent community challenges, and other such information the LEA may wish to include can enable a reader to more fully understand the LEA's LCAP.
- As part of this response, identify all schools within the LEA receiving Equity Multiplier funding.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflect on the LEA's annual performance on the Dashboard and local data. This may include both successes and challenges identified by the LEA during the development process.

LEAs are encouraged to highlight how they are addressing the identified needs of student groups, and/or schools within the LCAP as part of this response.

As part of this response, the LEA must identify the following, which will remain unchanged during the three-year LCAP cycle:

- Any school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;
- Any student group within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard; and/or
- Any student group within a school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Annually identify the reason(s) the LEA is eligible for or has requested technical assistance consistent with *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, and provide a summary of the work underway as part of receiving technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance, however this also includes LEAs that have requested technical assistance from their COE.

- If the LEA is not eligible for or receiving technical assistance, the LEA may respond to this prompt as “Not Applicable.”

Comprehensive Support and Improvement

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

- Identify the schools within the LEA that have been identified for CSI.

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

- Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

- Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Engaging Educational Partners

Purpose

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard, accountability, and improvement across the state priorities and locally identified priorities (*EC* Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public to understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Requirements

School districts and COEs: *EC* sections [52060\(g\) \(California Legislative Information\)](#) and [52066\(g\) \(California Legislative Information\)](#) specify the educational partners that must be consulted when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Local bargaining units of the LEA,
- Parents, and
- Students

A school district or COE receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Before adopting the LCAP, school districts and COEs must share it with the applicable committees, as identified below under Requirements and Instructions. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

Charter schools: *EC* Section [47606.5\(d\) \(California Legislative Information\)](#) requires that the following educational partners be consulted with when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Parents, and
- Students

A charter school receiving Equity Multiplier funds must also consult with educational partners at the school generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for the school.

The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals. Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the [CDE's LCAP webpage](#).

Before the governing board/body of an LEA considers the adoption of the LCAP, the LEA must meet the following legal requirements:

- For school districts, see [Education Code Section 52062 \(California Legislative Information\)](#);
 - **Note:** Charter schools using the LCAP as the School Plan for Student Achievement must meet the requirements of *EC* Section 52062(a).

- For COEs, see [Education Code Section 52068 \(California Legislative Information\)](#); and
- For charter schools, see [Education Code Section 47606.5 \(California Legislative Information\)](#).
- **NOTE:** As a reminder, the superintendent of a school district or COE must respond, in writing, to comments received by the applicable committees identified in the *Education Code* sections listed above. This includes the parent advisory committee and may include the English learner parent advisory committee and, as of July 1, 2024, the student advisory committee, as applicable.

Instructions

Respond to the prompts as follows:

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Complete the table as follows:

Educational Partners

Identify the applicable educational partner(s) or group(s) that were engaged in the development of the LCAP.

Process for Engagement

Describe the engagement process used by the LEA to involve the identified educational partner(s) in the development of the LCAP. At a minimum, the LEA must describe how it met its obligation to consult with all statutorily required educational partners, as applicable to the type of LEA.

- A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.
- An LEA receiving Equity Multiplier funds must also include a summary of how it consulted with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Describe any goals, metrics, actions, or budgeted expenditures in the LCAP that were influenced by or developed in response to the educational partner feedback.

- A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP.
- An LEA receiving Equity Multiplier funds must include a description of how the consultation with educational partners at schools generating Equity Multiplier funds influenced the development of the adopted LCAP.
- For the purposes of this prompt, this may also include, but is not necessarily limited to:
 - Inclusion of a goal or decision to pursue a Focus Goal (as described below)
 - Inclusion of metrics other than the statutorily required metrics
 - Determination of the target outcome on one or more metrics
 - Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
 - Inclusion of action(s) or a group of actions
 - Elimination of action(s) or group of actions
 - Changes to the level of proposed expenditures for one or more actions
 - Inclusion of action(s) as contributing to increased or improved services for unduplicated students
 - Analysis of effectiveness of the specific actions to achieve the goal
 - Analysis of material differences in expenditures
 - Analysis of changes made to a goal for the ensuing LCAP year based on the annual update process
 - Analysis of challenges or successes in the implementation of actions

Goals and Actions

Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal must be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs must consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard, in determining whether and how to prioritize its goals within the LCAP. As previously stated, strategic planning that

is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students, and to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- Focus Goal: A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
 - All Equity Multiplier goals must be developed as focus goals. For additional information, see Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding below.
- Broad Goal: A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- Maintenance of Progress Goal: A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

Requirement to Address the LCFF State Priorities

At a minimum, the LCAP must address all LCFF priorities and associated metrics articulated in *EC* sections 52060(d) and 52066(d), as applicable to the LEA. The [LCFF State Priorities Summary](#) provides a summary of *EC* sections 52060(d) and 52066(d) to aid in the development of the LCAP.

Respond to the following prompts, as applicable:

Focus Goal(s)

Description

The description provided for a Focus Goal must be specific, measurable, and time bound.

- An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach.
- The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Type of Goal

Identify the type of goal being implemented as a Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding

Description

LEAs receiving Equity Multiplier funding must include one or more focus goals for each school generating Equity Multiplier funding. In addition to addressing the focus goal requirements described above, LEAs must adhere to the following requirements.

Focus goals for Equity Multiplier schoolsites must address the following:

- (A) All student groups that have the lowest performance level on one or more state indicators on the Dashboard, and
- (B) Any underlying issues in the credentialing, subject matter preparation, and retention of the school’s educators, if applicable.
- Focus Goals for each and every Equity Multiplier schoolsite must identify specific metrics for each identified student group, as applicable.
- An LEA may create a single goal for multiple Equity Multiplier schoolsites if those schoolsites have the same student group(s) performing at the lowest performance level on one or more state indicators on the Dashboard or, experience similar issues in the credentialing, subject matter preparation, and retention of the school’s educators.
 - When creating a single goal for multiple Equity Multiplier schoolsites, the goal must identify the student groups and the performance levels on the Dashboard that the Focus Goal is addressing; or,
 - The common issues the schoolsites are experiencing in credentialing, subject matter preparation, and retention of the school’s educators, if applicable.

Type of Goal

Identify the type of goal being implemented as an Equity Multiplier Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.
- In addition to this information, the LEA must also identify:
 - The school or schools to which the goal applies

LEAs are encouraged to approach an Equity Multiplier goal from a wholistic standpoint, considering how the goal might maximize student outcomes through the use of LCFF and other funding in addition to Equity Multiplier funds.

- Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the Expanded Learning Opportunities Program (ELO-P), the Literacy Coaches and Reading Specialists (LCRS) Grant Program, and/or the California Community Schools Partnership Program (CCSPP).
- This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

Note: EC Section [42238.024\(b\)\(1\) \(California Legislative Information\)](#) requires that Equity Multiplier funds be used for the provision of evidence-based services and supports for students. Evidence-based services and supports are based on objective evidence that has informed the design of the service or support and/or guides the modification of those services and supports. Evidence-based supports and strategies are most commonly based on educational research and/or metrics of LEA, school, and/or student performance.

Broad Goal

Description

Describe what the LEA plans to achieve through the actions included in the goal.

- The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal.
- The goal description organizes the actions and expected outcomes in a cohesive and consistent manner.
- A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Type of Goal

Identify the type of goal being implemented as a Broad Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

Maintenance of Progress Goal

Description

Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP.

- Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP.
- The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Type of Goal

Identify the type of goal being implemented as a Maintenance of Progress Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain how the actions will sustain the progress exemplified by the related metrics.

Measuring and Reporting Results:

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes.

- LEAs must identify metrics for specific student groups, as appropriate, including expected outcomes that address and reduce disparities in outcomes between student groups.
- The metrics may be quantitative or qualitative; but at minimum, an LEA’s LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year, as applicable to the type of LEA.
- To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant local indicator self-reflection tools within the Dashboard.

- **Required metrics for LEA-wide actions:** For each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
 - These required metrics may be identified within the action description or the first prompt in the increased or improved services section, however the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.
- **Required metrics for Equity Multiplier goals:** For each Equity Multiplier goal, the LEA must identify:
 - The specific metrics for each identified student group at each specific schoolsite, as applicable, to measure the progress toward the goal, and/or
 - The specific metrics used to measure progress in meeting the goal related to credentialing, subject matter preparation, or educator retention at each specific schoolsite.

Complete the table as follows:

Metric

- Enter the metric number.

Metric

- Identify the standard of measure being used to determine progress towards the goal and/or to measure the effectiveness of one or more actions associated with the goal.

Baseline

- Enter the baseline when completing the LCAP for 2024–25.
 - Use the most recent data associated with the metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2023 Dashboard for the baseline of a metric only if that data represents the most recent available data (e.g., high school graduation rate).
 - Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS.
 - Indicate the school year to which the baseline data applies.
 - The baseline data must remain unchanged throughout the three-year LCAP.
 - This requirement is not intended to prevent LEAs from revising the baseline data if it is necessary to do so. For example, if an LEA identifies that its data collection practices for a particular metric are leading to inaccurate data and revises its practice to obtain

accurate data, it would also be appropriate for the LEA to revise the baseline data to align with the more accurate data process and report its results using the accurate data.

- If an LEA chooses to revise its baseline data, then, at a minimum, it must clearly identify the change as part of its response to the description of changes prompt in the Goal Analysis for the goal. LEAs are also strongly encouraged to involve their educational partners in the decision of whether or not to revise a baseline and to communicate the proposed change to their educational partners.

- Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a new baseline each year, as applicable.

Year 1 Outcome

- When completing the LCAP for 2025–26, enter the most recent data available. Indicate the school year to which the data applies.
 - Note for Charter Schools: Charter schools developing a one-year LCAP may provide the Year 1 Outcome when completing the LCAP for both 2025–26 and 2026–27 or may provide the Year 1 Outcome for 2025–26 and provide the Year 2 Outcome for 2026–27.

Year 2 Outcome

- When completing the LCAP for 2026–27, enter the most recent data available. Indicate the school year to which the data applies.
 - Note for Charter Schools: Charter schools developing a one-year LCAP may identify the Year 2 Outcome as not applicable when completing the LCAP for 2026–27 or may provide the Year 2 Outcome for 2026–27.

Target for Year 3 Outcome

- When completing the first year of the LCAP, enter the target outcome for the relevant metric the LEA expects to achieve by the end of the three-year LCAP cycle.
 - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a Target for Year 1 or Target for Year 2, as applicable.

Current Difference from Baseline

- When completing the LCAP for 2025–26 and 2026–27, enter the current difference between the baseline and the yearly outcome, as applicable.
 - Note for Charter Schools: Charter schools developing a one- or two-year LCAP will identify the current difference between the baseline and the yearly outcome for Year 1 and/or the current difference between the baseline and the yearly outcome for Year 2, as applicable.

Timeline for school districts and COEs for completing the “**Measuring and Reporting Results**” part of the Goal.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
Enter information in this box when completing the LCAP for 2024–25 or when adding a new metric.	Enter information in this box when completing the LCAP for 2024–25 or when adding a new metric.	Enter information in this box when completing the LCAP for 2025–26 . Leave blank until then.	Enter information in this box when completing the LCAP for 2026–27 . Leave blank until then.	Enter information in this box when completing the LCAP for 2024–25 or when adding a new metric.	Enter information in this box when completing the LCAP for 2025–26 and 2026–27 . Leave blank until then.

Goal Analysis:

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective towards achieving the goal. “Effective” means the degree to which the planned actions were successful in producing the target result. Respond to the prompts as instructed.

Note: When completing the 2024–25 LCAP, use the 2023–24 Local Control and Accountability Plan Annual Update template to complete the Goal Analysis and identify the Goal Analysis prompts in the 2024–25 LCAP as “Not Applicable.”

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- Describe the overall implementation of the actions to achieve the articulated goal, including relevant challenges and successes experienced with implementation.
 - Include a discussion of relevant challenges and successes experienced with the implementation process.
 - This discussion must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

- Describe the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal. “Effectiveness” means the degree to which the actions were successful in producing the target result and “ineffectiveness” means that the actions did not produce any significant or targeted result.
 - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
 - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
 - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
 - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:
 - The reasons for the ineffectiveness, and
 - How changes to the action will result in a new or strengthened approach.

Actions:
Complete the table as follows. Add additional rows as necessary.

Action #

- Enter the action number.

Title

- Provide a short title for the action. This title will also appear in the action tables.

Description

- Provide a brief description of the action.

- For actions that contribute to meeting the increased or improved services requirement, the LEA may include an explanation of how each action is principally directed towards and effective in meeting the LEA's goals for unduplicated students, as described in the instructions for the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.
- As previously noted, for each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
- These required metrics may be identified within the action description or the first prompt in the increased or improved services section; however, the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

Total Funds

- Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the action tables.

Contributing

- Indicate whether the action contributes to meeting the increased or improved services requirement as described in the Increased or Improved Services section using a “Y” for Yes or an “N” for No.
 - **Note:** for each such contributing action, the LEA will need to provide additional information in the Increased or Improved Services section to address the requirements in *California Code of Regulations*, Title 5 [5 CCR] Section 15496 in the Increased or Improved Services section of the LCAP.

Actions for Foster Youth: School districts, COEs, and charter schools that have a numerically significant foster youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to foster youth students.

Required Actions

- LEAs with 30 or more English learners and/or 15 or more long-term English learners must include specific actions in the LCAP related to, at a minimum:
 - Language acquisition programs, as defined in *EC* Section 306, provided to students, and
 - Professional development for teachers.
 - If an LEA has both 30 or more English learners and 15 or more long-term English learners, the LEA must include actions for both English learners and long-term English learners.
- LEAs eligible for technical assistance pursuant to *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, must include specific actions within the LCAP related to its implementation of the work underway as part of technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance.

- LEAs that have Red Dashboard indicators for (1) a school within the LEA, (2) a student group within the LEA, and/or (3) a student group within any school within the LEA must include one or more specific actions within the LCAP:
 - The specific action(s) must be directed towards the identified student group(s) and/or school(s) and must address the identified state indicator(s) for which the student group or school received the lowest performance level on the 2023 Dashboard. Each student group and/or school that receives the lowest performance level on the 2023 Dashboard must be addressed by one or more actions.
 - These required actions will be effective for the three-year LCAP cycle.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students as defined in *EC* Section 42238.02 in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA’s description in this section must align with the actions included in the Goals and Actions section as contributing.

Please Note: For the purpose of meeting the Increased or Improved Services requirement and consistent with *EC* Section 42238.02, long-term English learners are included in the English learner student group.

Statutory Requirements

An LEA is required to demonstrate in its LCAP how it is increasing or improving services for its students who are foster youth, English learners, and/or low-income, collectively referred to as unduplicated students, as compared to the services provided to all students in proportion to the increase in funding it receives based on the number and concentration of unduplicated students in the LEA (*EC* Section 42238.07[a][1], *EC* Section 52064[b][8][B]; 5 *CCR* Section 15496[a]). This proportionality percentage is also known as the “minimum proportionality percentage” or “MPP.” The manner in which an LEA demonstrates it is meeting its MPP is two-fold: (1) through the expenditure of LCFF funds or through the identification of a Planned Percentage of Improved Services as documented in the Contributing Actions Table, and (2) through the explanations provided in the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.

To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are identified in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided across the entire LEA (LEA-wide action), provided to an entire school (Schoolwide action), or solely provided to one or more unduplicated student group(s) (Limited action).

Therefore, for *any* action contributing to meet the increased or improved services requirement, the LEA must include an explanation of:

- How the action is increasing or improving services for the unduplicated student group(s) (Identified Needs and Action Design), and
- How the action meets the LEA's goals for its unduplicated pupils in the state and any local priority areas (Measurement of Effectiveness).

LEA-wide and Schoolwide Actions

In addition to the above required explanations, LEAs must provide a justification for why an LEA-wide or Schoolwide action is being provided to all students and how the action is intended to improve outcomes for unduplicated student group(s) as compared to all students.

- Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

For School Districts Only

Actions provided on an **LEA-wide** basis at **school districts with an unduplicated pupil percentage of less than 55 percent** must also include a description of how the actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions provided on a **Schoolwide** basis for **schools with less than 40 percent enrollment of unduplicated pupils** must also include a description of how these actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Requirements and Instructions

Complete the tables as follows:

Total Projected LCFF Supplemental and/or Concentration Grants

- Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of foster youth, English learner, and low-income students. This amount includes the Additional 15 percent LCFF Concentration Grant.

Projected Additional 15 percent LCFF Concentration Grant

- Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

Projected Percentage to Increase or Improve Services for the Coming School Year

- Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

LCFF Carryover — Percentage

- Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

LCFF Carryover — Dollar

- Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero (\$0).

Total Percentage to Increase or Improve Services for the Coming School Year

- Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEA's percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 CCR Section 15496(a)(7).

Required Descriptions:

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

If the LEA has provided this required description in the Action Descriptions, state as such within the table.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed.

An LEA demonstrates how an action is principally directed towards an unduplicated student group(s) when the LEA explains the need(s), condition(s), or circumstance(s) of the unduplicated student group(s) identified through a needs assessment and how the action addresses them. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis

Provide an explanation of how the action as designed will address the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed and the rationale for why the action is being provided on an LEA-wide or schoolwide basis.

- As stated above, conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.

- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

Note for COEs and Charter Schools: In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

If the LEA has provided the required descriptions in the Action Descriptions, state as such.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique need(s) of the unduplicated student group(s) being served identified through the LEA's needs assessment. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s)

Provide an explanation of how the action is designed to address the unique identified need(s) of the unduplicated student group(s) being served.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

- For each action with an identified Planned Percentage of Improved Services, identify the goal and action number and describe the methodology that was used.
- When identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

- For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Total Planned Expenditures Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

- An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.
- Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.
- An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as a single-school LEA or an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.
- In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
 - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.

- The staff-to-student ratio must be based on the number of full-time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
 - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
 - The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

Action Tables

Complete the Total Planned Expenditures Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Total Planned Expenditures Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. The word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2024–25 LCAP, 2024–25 will be the coming LCAP Year and 2023–24 will be the current LCAP Year.

Total Planned Expenditures Table

In the Total Planned Expenditures Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year:** Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant:** Provide the total amount estimated LCFF entitlement for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8).

Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs.

See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 CCR Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover — Percentage. ***This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.***
- **Goal #:** Enter the LCAP Goal number for the action.
- **Action #:** Enter the action's number as indicated in the LCAP Goal.
- **Action Title:** Provide a title of the action.
- **Student Group(s):** Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services requirement; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services requirement.
- If "Yes" is entered into the Contributing column, then complete the following columns:
 - **Scope:** The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.

- **Unduplicated Student Group(s):** Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
- **Location:** Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate “All Schools.” If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter “Specific Schools” or “Specific Grade Spans.” Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.
- **Time Span:** Enter “ongoing” if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter “1 Year,” or “2 Years,” or “6 Months.”
- **Total Personnel:** Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel:** This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.
- **LCFF Funds:** Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA’s total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
 - **Note:** For an action to contribute towards meeting the increased or improved services requirement, it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds:** Enter the total amount of Other State Funds utilized to implement this action, if any.
 - **Note:** Equity Multiplier funds must be included in the “Other State Funds” category, not in the “LCFF Funds” category. As a reminder, Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the ELO-P, the LCRS, and/or the CCSPP. This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LEA’s LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.
- **Local Funds:** Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds:** Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds:** This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as

a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.

- As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA’s current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the ‘Contributing to Increased or Improved Services?’ column will need to be checked to ensure that only actions with a “Yes” are displaying. If actions with a “No” are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the “Yes” responses.

Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures:** Enter the total estimated actual expenditures to implement this action, if any.

Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the ‘Contributing to Increased or Improved Services?’ column to ensure that only actions with a “Yes” are displaying. If actions with a “No” are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the “Yes” responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated based on the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions:** Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.

- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).
 - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been \$169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of \$169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant:** Provide the total amount of estimated LCFF Target Entitlement for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs. See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.
- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 CCR Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

Contributing Actions Table

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
 - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column.
- **5. Total Planned Percentage of Improved Services**
 - This percentage is the total of the Planned Percentage of Improved Services column.
- **Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)**

- This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

Contributing Actions Annual Update Table

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”

- **6. Estimated Actual LCFF Supplemental and Concentration Grants**
 - This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.
- **4. Total Planned Contributing Expenditures (LCFF Funds)**
 - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds).
- **7. Total Estimated Actual Expenditures for Contributing Actions**
 - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds).
- **Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)**
 - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4).
- **5. Total Planned Percentage of Improved Services (%)**
 - This amount is the total of the Planned Percentage of Improved Services column.
- **8. Total Estimated Actual Percentage of Improved Services (%)**
 - This amount is the total of the Estimated Actual Percentage of Improved Services column.
- **Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)**
 - This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8).

LCFF Carryover Table

- **10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 plus Carryover %)**

- This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- **11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)**
 - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- **12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)**
 - If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.
- **13. LCFF Carryover — Percentage (12 divided by 9)**
 - This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).
