Update of FY25 Budget Development

Projected Revenues

Breakdown of Revenues - FY 2024

Unaudited

75% of D65's Revenues Come from Real Estate Taxes

In Cook County, r/e tax revenue growth is generally limited to the rate of inflation

Major Sources of Revenues – FY24

Source	Amount
Real Estate Taxes	\$136,026,000
Evidenced-Based Funding	7,936,000
Interest Earnings	5,243,000
Corporate Personal Property Taxes	4,600,000
Head Start Grant	3,856,000
Transportation Reimbursement – Special Ed	3,026,000
Special Education - Orphanage	2,625,000
ESSER Grant – Digital Equity (D3)	2,432,000
Special Education - IDEA	2,235,000

Represents 93% of D65's FY24 total revenues

Major Variables Impacting Projected Revenues

Real estate tax revenues are currently projected to increase \$5.5 million as growth for this budget year tied to the December 2023 levy increase of 5%.

The District received approximately \$3.6 million in one-time federal grants tied to COVID relief in FY24 . These funds will not again be received in FY25.

Interest earnings should remain high, however decreased fund balances and an anticipated downward trend in rates may adversely impact this revenue source.

The IDOR has indicated that corporate personal property taxes are estimated to decrease 10% in FY25. This will reduce revenues by \$460,000.

Evidenced-Based Funding revenues will increase only \$5,000.

Update of FY25 Budget Development

Budgeted Expenses

Breakdown of Expenses by Object - FY 2024 Unaudited

70% of D65's Operating Expenses Comprised of Salaries and Benefits – Excludes Capital Fund

Major Variables Impacting Budgeted Expenditures

The deficit reduction plan presented to the Board in the Spring of 2024 will generate approximately \$6.5 million of savings in this FY25 budget.

The enactment of Phase 1.5 of the deficit reduction plan (described later in presentation) will provide additional relief to the budget.

Health insurance premiums rose between 7.3% and 9.8%. This will increase employee benefit expenses by an estimated \$1.1 million.

D65 is currently in negotiations with DEC to establish new compensation levels beginning this fiscal year. Each 1% increase affects the budget by approximately \$750,000.

D65 paid approximately \$2.5 million in prior year bills last year. With bills being more current, the District will not need to budget for bills that were due in the prior fiscal year.

Expenses tied to grants that expired will decrease significantly.

FY25 Budget Impacted by Deficit Reduction Plan

Presented to Board of Education in Spring of 2024 – Effective for the 2024-25 Fiscal Year

Phase I expenditure reductions were designed to maintain student learning opportunities and class size targets. With one exception, all teacher reductions were made through attrition.

Reductions made in three primary categories:

- "Right sizing" staffing levels in all departments to better match current student enrollment.
- Creating operational efficiencies by reimagining certain non-teaching staff roles and responsibilities.
- Slowing the growth rate of non-salary and benefit expenditures across departments.

Description	Estimated Savings
Salary and Benefit Reductions	\$4,700,000
Other Expense Reductions	\$1,792,000
Total Budget Reductions	\$6,492,000

Staff Reductions	Net FTE
Administration	10
Other Central Office	9
Teachers	21

Phase 1.5 of Plan Will Further Reduce Expenses

Timeline: Immediate

Action:

- **Immediately close all open, non-essential positions that have not been filled.**
- **Freeze on filling non-essential vacancies that occur during the fiscal year.**
- **Reduce or freeze discretionary budget line items within FY25 budget.**
- **Conduct an in-depth analysis on transportation, special education and other school functions with the objective of achieving long-term operational efficiencies.**
