

# Master of Education in Curriculum & Instruction **Concentration in ESL/TESOL** -Completely Online-

The **M.Ed. in ESL** (English as a Second Language)/**TESOL** (Teaching English to Speakers of Other Languages) will help you develop a solid academic foundation in second language theory and pedagogy in teaching English or any language as a second language in cross-cultural situations. You will be prepared not only to teach a second language effectively, but also to train teachers and administer programs in the field.

English Language Learners are the fastest-growing student population in U.S. schools. While the ELL student body continues to increase dramatically, the number of well-trained teachers who can provide effective instruction to these students falls short. Additionally, with English serving as the international language, there is a great need for qualified English teachers from across the world. Those aiming to teach a foreign language also will find this program suitable.

## Quick Facts

- Online
- 30 credit hours
- High quality
- Affordable
- High need
- Easy application
- No visa needed for international students (if you choose to study online in your home country)

## Concentration in ESL/TESOL

### -Completely Online-

#### Job Opportunities

Graduates can pursue positions as ESL instructors, curriculum developers, instructional specialists, program coordinators, administrators and professors in a variety of settings. These include K-12 schools, school districts and regional service centers, intensive English language programs, adult basic education programs, government or military schools, private international language schools, community-based language programs for immigrants and refugees, corporate training or consulting, community colleges and universities in the U.S. and abroad. Current teachers of English to non-native speakers can pursue this degree to widen their professional opportunities.

#### Steps to Get Started

- Go to **UHV.edu** and click on the **"Apply Now"** link.
- Complete and submit an online application for graduate studies.
- Mail official transcripts to:  
UHV Admissions  
3007 N. Ben Wilson St., Victoria, TX 77901
- Take the Graduate Record Exam before you complete 12 graduate-level hours.
- **International students must submit:**
  - Official GRE scores for admissions. Those holding a master's degree equivalent to a U.S. master's from an accredited institution may be exempt from GRE requirements.
  - All non-U.S. transcripts and evaluations directly to the International Programs Office or email **international@uhv.edu**
  - For English proficiency requirements and waiver possibilities, visit **www.uhv.edu/international**.
  - International students enrolled in 9 credit hours a semester are eligible to receive a **\$1,500 scholarship each semester** from the International Programs Office.
