

Earn a degree or certificate in Gifted and Talented Education!

The Department of Educational Psychology at the University of North Texas offers several options for pursuing graduate studies in Gifted and Talented Education:

- Doctor of Philosophy (Ph.D.) in Educational Psychology, Concentration in Gifted and Talented Education (numerous funding opportunities are available)
- Master of Science in Educational Psychology, Concentration in Gifted and Talented Education (degree is available entirely online; Ask about our Summer-to-Summer Program!)
 - The University of North Texas online graduate degree program in education has been ranked among the nation's best by *U.S. News and World Report* in its 2013 Best Online Education Program rankings. The College of Education was ranked 13th in the nation for Best Online Graduate Education Programs, including its master's degree in educational psychology with a concentration in gifted and talented education, which has been offered since 1998 and has attracted students from across the world.
- Graduate Academic Certificate, Gifted and Talented Education (courses available entirely online; summer courses are available; also prepares you to sit for the Texas licensure examination in gifted education). The four courses in this certification sequence also can apply to the Master's degree.
