BCCS CAPITAL PROJECTS LEVY VOTE ON NOV. 5 BALLOT

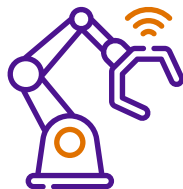

On Tuesday, Nov. 5, 2024, Brooklyn Center Community Schools ISD #286 will hold a referendum election that will allow voters to consider a new capital project levy which would provide approximately \$700,000 per year for 10 years. If approved by voters, the district would use these funds to:

Hire and train high-quality staff in support of prek-grade 12 students.

Replace broken and outdated technology devices needed for today's k-12 instruction.

Update technology labs and technical training programs to better provide hands-on learning experiences for students interested in trades and other technical fields.

Build out a robust catalog of courses for high school students to engage in classes and career pathways that best fit their needs and interests.

Enhance the physical technology infrastructure, cybersecurity, and physical security systems to enhance safety and be better prepared for potential issues.

PROPOSED TAX IMPACT

Because of how the capital projects levy for technology is structured and how taxes are calculated, we have tried to minimize the impact to local homeowners. If approved by voters, district homeowners will see a slight increase in their annual property taxes.

Examples:

The owners of a house valued at \$150,000 will pay an additional \$6 per month (or \$72 per year) for 10 years.

The owners of a house valued at \$250,000 will pay an additional \$12 per month (or \$139 per year) for 10 years.

If you are a renter within district lines, your taxes would not be impacted.

Scan the QR code to estimate the tax impact of the levy on your home.
