## Sibling Care Policy

Sibling care gives parents the opportunity to spend individualized time with their child in an age specific class and to fully engage during parent discussion time. If a family is taking an age specific class (examples-infants, toddlers, 2s and 3s, etc) children who are not in the age group should register for sibling care. Our sibcare room is staffed by a qualified teacher who leads age appropriate exploration, activities and play. This service is available for siblings 4 months through age 5 as part of our ECCE program. Babies under 4 months may attend any class with their family. Classes that include sibcare, are designated in the description. Register at the same time you register for your ECCE class.

## Early Childhood Development Milestones to Age 5

Every child is unique. No two children develop, grow and learn at exactly the same pace. And yet children develop in predictable ways. Take notes as your little one learns. Babies and toddlers are growing, learning and changing all the time. It's fun to watch! We suggest you keep track of the new things they do and the milestones they reach. If you are concerned about your child's growth, development or learning, we encourage you to contact us at [HelpMeGrowMN.org](http://HelpMeGrowMN.org) or 1-866-693-4769.

# EARLY CHILDHOOD SCREENING

Minnesota requires all children to be screened before entering public school kindergarten. The screening is most valuable soon after your child's third birthday and gives you and your child an early connection to PLSAS.

Screening is FREE and includes growth, development, and immunization checks. Your child will be assessed in preschool concepts, communication skills, motor skills and social-emotional skills.

If your child has already been screened through HeadStart, in another school district, or your own medical resource, please provide the screening report. Children only need to be screened one time. Children do not need to be screened if they have an active Individualized Education Program (IEP).

Parents can choose to conscientiously object to screening for their child. If you object, please provide a signed statement indicating your conscientious objection to screening.

- ✓ Screening is FREE

I'm excited to share with you our new Strategic Plan, which lays the foundation for how we will continue to inspire and empower every student to reach their full potential. As your Superintendent, I want you to know that this plan is not just a document—it's a reflection of the priorities we hold dear as a district, shaped by input from our staff, families and community partners.

At PLSAS, our vision is simple but powerful: we're building a world-class district, centered on students and driven by results. With that in mind, our strategic plan highlights four key areas we'll be focusing on:

## 1 Academic Excellence

We know each student is unique and we're committed to providing learning experiences that challenge and inspire them. Whether it's developing critical thinking skills or fostering creativity, our goal is to prepare students for success in whatever path they choose.

## 2 Optimize Resources

We take pride in making the best use of our district's resources, from our budget to our staff. Being efficient and effective in how we manage everything—from funding to facilities—ensures that we're supporting both current needs and planning for the future.

## 3 Positive Learning Environments

Every student and staff member deserves to feel welcome and valued. We're committed to creating safe, inclusive and engaging spaces where students can fully immerse themselves in their learning and where staff feel supported and appreciated.

## 4 Community Partnerships

Our district thrives on strong relationships. Whether it's through collaboration with families, businesses or local organizations, we know that by working together, we can create opportunities for our students. This includes learners in our Community Education programs. By supporting lifelong learning, we ensure everyone in our district has access to opportunities for growth and success.

At the heart of everything we do are our core beliefs—Accountability, Respect, Unity and Stewardship—which guide us in being transparent, fostering understanding, supporting each other and managing our resources responsibly for future generations.

This plan is our roadmap for the future, and I look forward to working alongside you to make sure every student in our district continues to grow, learn and succeed.

In partnership,  
Michael Thomas  
Superintendent of Prior Lake-Savage Area Schools

Your assistance in helping to recruit volunteers in your community is always most appreciated.
