ARTICLE III

EMPLOYEE RIGHTS

A. School Code Rights:

Nothing contained herein shall be construed to deny any Employee his/her rights under the School Code of the State of Illinois or under other applicable laws, rules and regulations.

B. Rules and Regulations Governing Employees:

Rules and regulations governing Employee conduct shall be reasonable and enforcement of Employee discipline shall be fair and equitable.

C. Job Description

When a description is developed, changed, or modified it shall be made available to the President(s) of the Association. Employees will be given their job description annually, no later than October 1st of each year. Newly hired employees will be given their job description upon their start date.

D. Evaluation

The supervision of every employee shall include continuing informal evaluation and constructive suggestions toward improvement of performance. Evaluation is intended to be constructive in process and content. In order to allow employees the opportunity to address deficiencies prior to evaluation, poor or low performance issues/concerns will be brought to the attention of the individual by administration before the formal evaluation is conducted. A reasonable amount of time will be afforded for improvement and the improvement will be noted on the evaluation document.

Within fifteen (15) work days of the date of hire, a new employee will have the evaluation system explained to them by their immediate supervisor or administration.

Formal evaluations will be placed in writing and a copy given to the employee for his/her review. This evaluation will be done at least once (1) a year. If the employee disagrees with the evaluation he/she may submit a written response which will be attached to the copy of the evaluation. Such response shall be made no later than (10) days after receipt of the evaluation. An employee shall receive a copy of any evaluation material placed in their file.

In addition to the continuing informal evaluation, there shall be a formal evaluation procedure with all observations completed by the evaluator/evaluators and with prior full knowledge of the time when the employee will be evaluated. At the time of discussion of evaluation, all written observations on employee's evaluation shall be presented to the employee.

The purposes of the formal evaluation are:

1. assessment of performance for retention, reassignment, promotion;
2. improvement of performance through constructive suggestions which will help the employee realize his or her full potential;
3. maintaining in each employee's personnel record a report of his or her performance in the School District. The employee may respond with a written statement which shall be attached to his/her record.

E. Employees on Annual Contract

The supervisor of each twelve month and school year employee will complete, at least annually, a performance report for the employee for his or her job category using an evaluation form designed for the job category as per job description. A copy of the report shall be given to the employee within ten (10) days of the evaluation and discussed with him or her within ten (10) days of the employee receiving his/her copy of the evaluation report. The original shall be signed as being seen by the employee and filed with the Superintendent.

1. The Superintendent shall see that all employees have current, up to date job descriptions on an annual basis, and provide the Association with a copy of the job descriptions. Employees shall have input and be a part of the development of job descriptions.

F. Hourly Employees

The supervisor of each hourly employee will complete, at least annually, a performance report for the employee's record.

A copy of the report shall be given to the employee within ten (10) days of the evaluation and discussed with him or her within ten (10) days of the employee receiving his/her copy of the evaluation report. The original shall be signed by the employee and filed with the Superintendent.

G. Discipline Procedures

The Board of Education and the Association believe that an effective discipline system should provide guidance to an employee to correct his/her deficiency rather than impose punitive discipline. Employees will be granted their request that an Association representative of their choice be present during any meeting that may result in disciplinary action including, but not limited to suspension or discharge. In severe incidents where administration can demonstrate that school safety is at risk, administration may bypass steps in the process. Written reprimands and any other documentation related to such, will be removed from the employee's file after five (5) years from the date of issuance if no other discipline for the same conduct has been imposed, with the exception of discipline issued for conduct which resulted in a police report, a clear and present danger report, and/or a report of abuse and neglect to the Department of Children and Family Services against the employee, and/or any conduct which requires reporting under Faith's Law.

The steps are as follows:

1. Oral warnings/Memo of Oral Warning to be placed in file with signed copies
2. Written reprimands
3. Suspension with or without pay
4. Termination

Suspension:

When the conduct of an employee may warrant disciplinary dismissal or the employee's conduct is seriously detrimental to the school system, the Superintendent may suspend the employee without pay until such time as the employee is reinstated. A written notice stating the reason shall be given to the employee. No employee shall be suspended without due process. If the employee is reinstated, they will be reimbursed for all lost time.

H. Employer Hearings/Employee Rights:

When any Employee is to appear before an Administrator, or supervisor, the Board of Education or Board of Education committee concerning any matter which could adversely affect the continuation of that Employee in his/her position of employment, or his/her salary, the Employee shall be given forty eight (48) hours prior written notice of the reasons for such meeting or interview and shall be entitled to have a representative of the Association present to advise him/her and represent him/her during such meeting or interview. Prior to said Hearing, an employee may be given a one (1) day suspension without pay.

I. Job Security/Assignments:

Assignments for the following school year of all employees other than twelve (12) month employees shall be made by May 15, whenever possible. The employee shall be consulted prior to reassignment. Every effort will be made to allow the employee to return to their current position provided their performance has been satisfactory and this position still exists. Should changes in assignments be made after May 15, the Employee shall be consulted prior to the reassignment.

1. Assignment to specific areas or responsibilities shall be the responsibility of the Superintendent in consultation with the affected Employee.

J. Promotion/Transfer/Vacancies

Every effort will be made to advance present employees to a higher job classification, giving them preference over applicants not currently employed by the District. However, promotion or transfer from one position to another shall be based on performance, skills needed for the position, seniority, education requirements (if necessary) and consideration for the best interest of the Employer, Employee, and Students. An employee wishing to be promoted or transferred shall apply in writing to the Superintendent with a copy to the employee's immediate supervisor.

1. Notice of Vacancies within the Bargaining Unit

All vacancies that occur shall be posted internally and on the MES website homepage for five (5) working days so that any bargaining unit member can apply for the open position. Part time employees have the ability to apply for vacant part time positions which do not conflict with their current position in order to obtain full time status, but not to exceed forty hours per week. This notice shall also state required job qualifications for the open position. Anyone who has applied for a posted position within the unit shall be notified of their not receiving the position, in writing, not more than five (5) working days after the position is filled.

K. Termination of Employment

There are three forms of employment termination: resignation, involuntary termination, and retirement. The following procedures are applicable.

1. Routine Procedures for all Termination

a. Exit Interview

The Superintendent and an association representative shall conduct an exit interview with all terminating employees. The purpose of an exit interview is to give the employee an opportunity to discuss freely his or her reasons for termination; to obtain information and views from employees to help the Employer improve policies, procedures, and working conditions and reduce employee turnover; and to provide the employee with information about his or her benefits.

2. Guidelines for Each Form of Termination

a. Resignation

Employees should provide two weeks notice of intent to resign.

b. Involuntary Termination

The Employer may terminate an employee at any time by due process. The decision to discharge an employee may be initiated by his or her immediate supervisor or the Superintendent. However, to ensure equitable treatment of all employees, only the School Board may actually terminate an employee.

c. Retirement

An employee planning to retire should notify the Superintendent at least two months before the retirement date.

d. Final Paycheck

A terminated, retired, or resigned employee's final paycheck will be adjusted for any unused, earned vacation credit or vacation time taken that was not earned. Employees are paid for all earned vacation. Terminated employees will receive their final pay on the next regular payday following the date of termination.

A. Reduction in Force

Prior to acting on any reduction in force, the Board of Education will inform and consult with the Association President or his/her designee. If an educational support personnel employee is removed or dismissed or the hours he or she works are reduced as a result of a decision of the school board to decrease the number of educational support personnel employees employed by the board or to discontinue some particular type of educational support service, written notice shall be mailed to the employee and also given to the employee either by certified mail, return receipt requested, or personal delivery with receipt, at least 30 days before the employee is removed or dismissed or the hours he or she works are reduced, together with a statement of honorable dismissal and the reason therefore if applicable. However, if a reduction in hours is due to an unforeseen reduction in the student population, then the written notice must be mailed and given to the employee at least 5 days before the hours are reduced.

A.1 Teacher Aides (Paraprofessionals) working as individual aides – An aide working in this capacity may have hours reduced with at least 5 days notice or the position could be eliminated completely due to an unforeseen reduction in the student population. The employee would retain all seniority and recall rights should the position or another position open.

B. Seniority

The employee with the shorter length of continuing service with the district, within the respective category of position, shall be dismissed first unless an alternative method of determining the sequence of dismissal is established in a collective bargaining agreement or contract between the board and any exclusive bargaining agent and except that this provision shall not impair the operation of any affirmative action program in the district, regardless of whether it exists by operation of law or is conducted on a voluntary basis by the board.

C. Recall Rights

If the board has any vacancies for the following school term or within one calendar year from the beginning of the following school term, the positions thereby becoming available within a specific category of position shall be tendered to the employees so removed or dismissed from that category or any other category of position, so far as they are qualified to hold such positions. Employees recalled from the list for "right of recall" return to the salary schedule in the place

where the individual was employed by the district at the time of the RIF, with the current contract schedules being utilized. Each board shall, in consultation with any exclusive employee representative or bargaining agent, each year establish a list, categorized by positions, showing the length of continuing service of each full time educational support personnel employee who is qualified to hold any such positions, unless an alternative method of determining a sequence of dismissal is established as provided for in this Section, in which case a list shall be made in accordance with the alternative method. Copies of the list shall be distributed to the exclusive employee representative or bargaining agent on or before February 1 of each year.

D. Termination

Where an educational support personnel employee is dismissed by the board as a result of a decrease in the number of employees or the discontinuance of the employee's job, the employee shall be paid all earned compensation on or before the third business day following his or her last day of employment.

E. No Reprisals

The Board of Education and Association recognize it is most beneficial for the culture of the district if employees are encouraged to bring matters of concern to administration. Employees who do so will be free of reprisals from the Board of Education and its agents.

ARTICLE IV

ASSOCIATION RIGHTS

A. Fair Share

1. Each Bargaining Unit Member, as a condition of his/her employment, on or before thirty (30) days from the date of commencement of duties for the current school year, shall join the Association or pay a fair share fee to the Association equivalent to the amount of dues uniformly required of members of the Association, including local, state and national dues.
2. In the event that the Bargaining Unit Member does not pay his/her fair share fee directly to the Association within the thirty (30) day period described in 1, the Board shall deduct the fair share fee from the wages of the non-member, in the same manner as deductions are made for Association members.

6. The Association agrees that in any action so defended it will indemnify and hold harmless the Employer from any liability for damages and costs imposed by a final judgment of a court or administrative agency as a direct consequence of the Employer's compliance with this Article.
