### On-site Dental Services

Students receive  
preventive dental  
services to prevent and  
control dental decay

### Dental Treatments Include

- Toothbrush cleanings and scaling
- Sealants
- Fluoride Varnish Application
- Oral Hygiene Instruction
- Silver Diamine Fluoride Application

### Classroom Education

Students are taught an oral  
health curriculum based on  
the science of a healthy oral  
lifestyle

### Dental Referrals

RSS contact families of  
urgent-need children  
to refer them to our  
partner clinics for  
comprehensive care
