Hello families!

We've had an exciting start to the school year, and I want to take a moment to give a few well-deserved shout-outs. A week ago, we had our first rally and thanks to the incredible energy from our students, staff, and ASB team it was full of Tiger spirit and pride.

Also, a big round of applause to everyone who helped organize and participated in our club fair. With so many clubs and activities

on display, it's clear that there's something for everyone here at Terra Nova. I encourage all students to find a club or activity that sparks their interest—it's a fantastic way to get involved, make new friends, and explore passions. The full list of clubs and their meeting dates will be

posted on our ASB website soon. Students don't need to have signed up to attend a meeting or participate - clubs are open to all students all the time!

And last but not least, spring semester honor roll and principal list certificates will be handed out to students this week and I want to take this opportunity to celebrate all of our students for their hard work and dedication. Whether it's academic achievement, personal growth, or involvement in school activities, we are proud of every student's efforts.

I look forward to seeing many of you at one of our upcoming events, whether it's at a game, the TNEF mixer or upcoming PTO meeting. And don't forget that there is no school on Wednesday! Thank you for your continued support as we make this school year one to remember

CAMPUS NEWS

Annual Club Fair

Last Friday, September 6th, TN's quad buzzed with excitement during the annual Club Fair. This event was a fantastic opportunity for students to explore a wide range of clubs, meet like-minded peers, explore new interests, and discover various ways to get involved on campus.

For the clubs, it was a great platform to showcase what they are all about, recruit new members, and grow their communities. The fair was a vibrant celebration of student life, bringing together the many interests and talents that define the Terra Nova High School campus.

What's the Dirt on Terra Nova's Soil?

AP Environmental Science students at Terra Nova are getting their hands dirty in a unique way to find out! They're taking part in the "Soil Your Undies Challenge," a fun and simple test to measure soil health.

Today, September 9th, marks the first day of the challenge.

Students buried a pair of cotton underwear in the ground, and after at least 60 days, they'll dig it up to see the results. The idea is simple: the more the underwear has decomposed, the more

microbial activity there is, indicating healthier soil. Stay tuned for the results of this "quick and dirty" experiment!

Only exceptions we cannot accept are rollerblades, ice skates, metal cleats, single shoes, wet or moldy shoes or shoes with holes

Shoes are headed to Funds2Orgs

Our shoe drive support over 4,000 families of micro-enterprise partners, with the majority of them being women-owned. The micro-enterprise industry represents one of the most effective ways to lift many families out of poverty in devastated economies. The shoes you collect serve as a philanthropic bridge to give people a hand-up, rather than just a hand-out.
