Principal's Message

Dear Terra Nova Community,

Terra Nova Arts are back! After attending one of the spring art shows, I can attest that truer words have never been spoken. It filled my heart to see our students on stage showcasing their talents on and behind the stage. To the Senior participants, as I sat in awe of your talents, I couldn't help but wish that we had more stage time for you. To the current students, I am eager and excited to watch your talents blossom in future shows.

Terra Nova is truly a wonderful community. We are blessed to have a school that supports these endeavors as well as a staff who dedicate their time and energy to making the ideas and dreams come to life. Thank you to Scot Schneider, Giamaica Zeidler and Ashleigh Karkazis for keeping the arts alive during COVID and for resurrecting them into the wonderful show it was. I can't wait to see what the future holds for Terra Nova Arts!

For the families of our Seniors, graduation is three weeks away. Spring is in the air but it's important that we encourage our graduates to have a strong and positive finish to their high school years. Timely attendance, school work and positive attitudes are the key to making it happen. Please refer to the Class of 2022 email for information on all of the events and activities including graduation that await our students.

Tiger Pride!

Kevin Mullin for Congress Internship Opportunity

Have you ever wondered how a Congressional campaign operates? Read on to learn about an opportunity waiting just for you!

My name is Max, and I am a current Senior at Crystal Springs Uplands School in Hillsborough. I am reaching out to offer TN students the opportunity to intern on Kevin Mullin's Campaign for Congress. California Assembly Speaker pro tempore Kevin Mullin is a proven legislator and leader who is running to succeed Congresswoman Jackie Speier in Congress and has received her endorsement. He is always looking for new, young, voices and ideas from across the district to join his campaign and help get him elected to Congress.

As an Intern, I have been able to obtain first-hand experience of how a Congressional campaign operates, and I have the opportunity to get my voice heard by a leader who cares about the next generation. This is a once-in-a-lifetime experience that will stay with your students for the rest of their lives and will provide them with a deeper understanding of how a campaign is run. With this experience on the campaign, your students will build connections, have the opportunity for recommendation letters/references, and gain volunteer hours.

If interest, click on the link below for more details.
