Terra Nova High School E-Newsletter, October 4th, 2021

Principal's Message

Dear families,

If you haven't had a chance to read the October edition of our College & Career Center newsletter, please do so. Ms. Spasic has organized a wealth of important information for students of all grade levels and interests.

For students and families interested in work opportunities, there is information on how to apply for a work permit and a flyer about job opportunities with the Pacifica Park & Rec. A calendar of upcoming flex workshops hosted by the Counseling Department is included as well as upcoming college fairs through the UC, CSU and Skyline College.

If you attended last week's PTO meeting, you were able to hear from the Counseling Department on their plans for the school year. They are working to deliver a strong counseling program geared to meet our student's needs. Right now, Ms. Lozowski and Ms. Hutcheon are meeting with seniors individually on their graduation plan and post-secondary goals. Afterwards, they will turn their attention to our 9th graders to develop four year plans. Second semester, they will work with our 10th & 11th graders, continuing the career and college exploration conversations. Ms. Spasic is available to meet with students during brunch/lunch as well as during flex time.

As a parent, I can understand how easy it can be to feel overwhelmed with the amount of information and planning involved with college and life after high school. We are fortunate to have a strong team at Terra Nova who serve as great resources and guides through this process. If you are interested in having a more detailed conversation about your student's plans, please reach out to your student's counselor or Ms. Spasic directly.

Thank you for your continued support,

Megan Carey
Principal
