OUR MISSION & BELIEFS

MISSION

Good Shepherd Catholic School develops successful students with the support of the entire community. Our students reach their maximum academic and personal potential in a safe and nurturing environment, leading them to be people of faith, socialization, and character through study and service.

BELIEFS

We Believe ...

a. Catholic education is rooted in the Gospel of Jesus Christ and should be attainable to all.
b. Our school is enriched through diversity and we welcome all cultures and faith backgrounds.
c. Developing all students to their fullest potential while focusing on unique learning needs, is the foundation of excellent education.
d. The use of technology is essential in preparing our students for the ever-changing needs of today's global society.
e. Learning occurs best in a loving, caring, and safe environment.
f. By offering extra-curricular activities we enrich instruction and enhance the social skills of our students.
g. Our students are taught and supported by an exceptionally dedicated faculty and staff in and out of the classroom.
h. We must hold our children and ourselves to the highest standards. The success of our students is driven by open communication and family involvement.
i. We create young men and women of character who respect themselves and one another.
j. The positive values and education we provide will influence the lives of our students far beyond the doors of Good Shepherd.

A LETTER FROM OUR PRINCIPAL

Dear Good Shepherd Family & Friends,

We are one body in Christ! This year, our students have been deepening their understanding of what this means. Being in this position has allowed me to see how our community has come together as one and embraces the many purposes God has called us to.

At Good Shepherd, we work diligently to form students who are prepared academically, socially, and spiritually. We hope that our students grow in knowledge and faith and form a strong foundation that will help them in the future.

This report has been put together to show the different aspects of our school. However, it is impossible to show all of the treasures that are held within the doors of Good Shepherd, nor is it possible to count the blessings that God has showered on us.

As you look through the annual report for 2022-2023, I hope you observe our many successes and prayerfully consider ways to continue supporting our mission.

Blessings,

Sinead E. Boyd

HIGHLIGHTS OF THE YEAR

Students use technology to work both individually and with partners as a great way to learn.
