Community Service Reflection

What? *Explain the events of your community service. What happened? What service did you provide? What was the community concern that your service addressed?*

So What? *Reflect on the experience. What did you learn? What difference did you make? How did you grow as an individual? What did you learn about yourself?*

Now What? *Reflecting on your service, is there anything you would do differently? Why? How can you continue to serve in the future? Thinking about your future, how can community service benefit you and others?*
