October Formative Review for the Campus Improvement Plan Meeting Minutes

Date: 10/3/2024 Time:3:30 pm Location: Academic Trainer's Office E109A

Topic 1: Review each Campus Improvement Goal

- Attendees silently read each goal and recorded where they think we are on a scale of 0% to 100%
- Attendees silently recorded evidence for each item

Topic 2: Attendees will then discuss each goal, strategy, etc

1. After sharing outloud, the group agreed on what to rate each strategy for the October check and what evidence to include. All attendees discussed where they thought we were on the scale from 0% to 100% percent for the October check. It was determined that we are making good progress on each goal with it just being October. Everyone agreed that we were at the 25% line at this point on all of the goals and strategies.
2. Attendees discussed what they thought the evidence was for each goal/strategy. Discussions were held and evidence was recorded by the secretary.
3. Mrs. Gonzales recorded all the data on the CIP plan for the October checks
