Shawnee Mission School District
RFP 24-014 – Internet Services
October 16, 2024

Addendum No. 2

The following response addresses question(s) submitted by vendor(s) on October 15, 2024; responses to the questions are indicated in **bold**. If you feel that a question has not been addressed, please contact Reed Beebe at purchasing@smsd.org as soon as possible.

1. Please provide clarification on scope of requested services. Is this request solely for connectivity for 8200 W. 71st St & 4401 W. 103rd St., or for all 53 locations managed by SMSD? Conflicting information in RFP document and Form 470.

   Internet will be connected out of 8200 W. 71st St & 4401 W. 103rd St. This will allow all the 53 buildings the ability to access the internet.

2. Specifically what interface is the school district looking for at each location (i.e. 100G)? Single handoff at each location?

   25G SFP at 8200 W. 71st St & 4401 W. 103rd St.

3. Clarification on D2.06 – our firm will not be providing video or voice service, please clarify expectations

   The Shawnee Mission School District needs to ensure that a firm's service can reliably support both voice and video transmissions. Firms should provide details on the bandwidth and quality of service (QoS) measures that they have in place to handle these types of data.
