Resolution No. 2024-32
For Adopting the “Gann” Limit

(Normal, no increase to Limit pursuant to Government Code 7902.1)

Whereas, in November 1979, the California electorate did adopt Proposition 4, commonly called the Gann Amendment; which added Article XIIB to the California Constitution; and

Whereas, the provisions of that Article establish maximum appropriate limitations, commonly called “Gann Limits” for public agencies, including school districts; and

Whereas, the district must establish a revised Gann Limit for the 2023-2024 fiscal year and a projected Gann Limit for the 2024-2025 fiscal year in accordance with the provisions of Article XIIB and applicable statutory law; and

Now Therefore Be It Resolved, that this Board does provide public notice that the attached calculations and documentation of the Gann Limits for the 2023-2024 and 2024-2025 years are made in accord with applicable constitutional and statutory law;

And Be It Further Resolved, that this Board does hereby declare that the appropriations in the Budget for the 2023-2024 and 2024-2025 fiscal years do not exceed the limitations imposed by Proposition 4;

And Be It Further Resolved, that the Superintendent provide copies of this resolution along with the appropriate attachments to interested citizens of this district.

ADOPTED October 21, 2024

Steve M. Tietjen, Ed.D., Secretary to the Board
Merced County Superintendent of Schools

2024/25 School Plans for Student Achievement

School Plans for Student Achievement (SPSA) are required when a school is designated as a Title 1 Schoolwide Program and/or is identified for Comprehensive Support and Improvement (CSI), which MCOE Special Education met the criteria in the area of low graduation rate. The purpose of the MCOE Special Education SPSA is to meet the requirements for both CSI and Title 1 Schoolwide Program. The SPSA identifies and addresses the instructional and social-emotional needs of their students and staff, and parent involvement. The SPSA will specify how funding will be used to accomplish the goals outlined in the plan.

Special Education consulted with the following educational partners: MCOE SPED Program Staff, Leadership team, English Language Advisory Committee (ELAC), School Site Council (SSC), and parents to identify the students and staff needs. The following goals were identified:

- Merced County Special Education Goals:
 - Academic Engagement: Increase Graduation Rate
 - Academic Engagement: Increase College and Career Readiness
 - Positive Culture and Engagement: Decrease Suspension Rates

The School Site Council adopted the SPSA at a public meeting on Sept. 26, 2024. The SSC recommends the SPSA to the Board for the required annual approval.

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp), and for federal Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements for both the SPSA and federal ATSI planning requirements.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

This plan is being used by Merced County Special Education for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

Schoolwide Program

Comprehensive Support and Improvement

The purpose of the Merced County Office of Education (MCOE) Special Education Single Plan for Student Achievement (SPSA) is to meet the requirements for Comprehensive Support and Improvement (CSI) and Title 1 Schoolwide Program. When developing the SPSA, MCOE Special Education will identify and address the instructional needs of our students with a range of needs such as moderate to severe disabilities and students with emotional disabilities. The SPSA will specify how funding will be used to accomplish the goals outlined in the plan.

This template is based on the December, 2023 CDE revision of the School Plan for Student Achievement. Some modifications have been made to inform the SPSA development process.

Plan Description

Briefly describe your school's plan for effectively meeting ESSA's planning requirements in alignment with the Local Control and Accountability Plan (LCAP) and other federal, state, and local programs.

This plan is being used by Merced County Special Education for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

Schoolwide Program

Comprehensive Support and Improvement

The purpose of the Merced County Office of Education (MCOE) Special Education Single Plan for Student Achievement (SPSA) is to meet the requirements for Comprehensive Support and Improvement (CSI) and Title 1 Schoolwide Program. When developing the SPSA, MCOE Special Education will identify and address the instructional needs of our students with a range of needs such as moderate to severe disabilities and students with emotional disabilities. The SPSA will specify how funding will be used to accomplish the goals outlined in the plan.

MCOE Special Education has aligned this plan with the CSI Monitoring and Evaluation plan found in the Merced County Office of Education LCAP. While the actions and services contained within that LCAP are geared more towards our Court and Community School Programs, MCOE Special Education is aligned to the following MCOE LCAP goals:

- All students will demonstrate growth in academic achievement towards meeting or exceeding CCSS standards in the areas of ELA, Math, and English proficiency.
- All students with disabilities, including students who are socio-economically disadvantaged, and who participate in the Work-Based Learning Experiences, will be provided expanded work opportunities.
- Students with disabilities, including students who are socio-economically disadvantaged and Hispanic, in grades 9-12 will be enrolled in courses that are aligned with state standards and lead to an Alternate Diploma Pathway course of study aligned with state standards.
- Merced COE will employ highly qualified staff with appropriate assignments, provide sufficient instructional materials, and maintain facilities.

Educational Partner Involvement

How, when, and with whom did Merced County Special Education consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

The Merced County Office of Education operates special education programs as an active participant in the countywide Special Education Local Plan Area (SELPA). MCOE Special Education serves students with moderate to severe disabilities on 39 sites, in 9 districts throughout Merced County. The Merced SELPA is governed by a Board of Directors, which is made up of the county superintendent and the superintendents of each participating school district within the SELPA region.

The Merced County Office of Special Education staff and parents provided input on this plan by participating in a survey. The results of the survey were used for the development of the 2024-2025 SPSA. The Assistant Superintendent of Special Education, Coordinators, Directors, and Fiscal Managers were consulted for the development of the SPSA as well.

The Merced County Office of Education Special Education Schools School Site Council reviewed and approved the SPSA on September 26, 2024.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

This section is required for all schools eligible for ATSI and CSI.

We have seen an increase in students who need behavioral and social-emotional support. This is often compounded by a student's cognitive delay or type of disability. By providing increased staff support, staff development, and training, we can better meet students' needs to de-escalate challenging behaviors, thereby increasing their access to academics and

ensuring safety for our students and staff. As well, by increasing enrichment activities can keep students engaged in their educational program and increase student's attendance and graduation rate, and decrease the suspension rates.

Comprehensive Needs Assessment Components

Identify and describe any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

California School Dashboard (Dashboard) Indicators

Referring to the California School Dashboard (Dashboard), any state indicator for which overall performance was in the “Red” or “Orange” performance category.

In the College and Career indicator students with disabilities were 7.3% prepared when compared to students with emotional disabilities were 8.3% prepared. As well, the graduation rate for students with disabilities was 7.1%, whereas the Hispanic subgroup increased to 7.8% and students with emotional disabilities was at 7%.

Referring to the California School Dashboard (Dashboard), any state indicator for which performance for any student group was two or more performance levels below the “all student” performance.

Other Needs

In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

Suspension Rates increased .5% (AA Maintained .2%, Foster Youth Increased 2.5%, Hispanic increased .4%, SED increased .9%, White increased 1.8%, Homeless no color). Foster Youth and AA groups with lowest status.

School and Student Performance Data

Student Enrollment

This report displays the annual K-12 public school enrollment by student ethnicity and grade level for Merced County Special Education. Annual enrollment consists of the number of students enrolled on Census Day (the first Wednesday in October). This information was submitted to the CDE as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS).

English Learner (EL) Enrollment

This report displays the annual K-12 public school enrollment by English Language Acquisition Status (ELAS). This information was submitted to the CDE as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS).

English Learner (EL) Enrollment						
Student Group	Number of Students			Percent of Students		
	21-22	22-23	23-24	21-22	22-23	23-24

Fluent English Proficient (FEP)	34	38	50	4.4%	4.2%	5.6%
Reclassified Fluent English Proficient (RFEP)				0.0%		

Conclusions based on this data:

1. The percent of ELs has remained stable from 2022-23 to 2023-24.
2. The number of EL students that are classified as Fluent English Proficient has increased from 34 to 50 students in 3 years.

CAASPP Results English Language Arts/Literacy (All Students)

The Smarter Balanced Summative Assessments for ELA and mathematics are an annual measure of what students know and can do using the Common Core State Standards for English language arts/literacy and mathematics.

The purpose of the Smarter Balanced Summative Assessments is to assess student knowledge and skills for English language arts/literacy (ELA) and mathematics, as well as how much students have improved since the previous year. These measures help identify and address gaps in knowledge or skills early so students get the support they need for success in higher grades and for college and career readiness.

All students in grades three through eight and grade eleven take the Smarter Balanced Summative Assessments unless a student's active individualized education program (IEP) designates the California Alternate Assessments.

Visit the California Department of Education's [Smarter Balanced Assessment System](#) web page for more information.

Conclusions based on this data:

1. 100% of the students enrolled were tested.
2. The overall achievement of students not meeting standards increased from 94.55% to 96.97%%.
3. The percentage at or near standard for student's ability to demonstrate mathematical conclusions (communication reasoning) increased from 25.45% in 20221-22 to 28.79% in 2022-23.

The English Language Proficiency Assessments for California (ELPAC) system is used to determine and monitor the progress of the English language proficiency for students whose primary language is not English. The ELPAC is aligned with the 2012 California English Language Development Standards and assesses four domains: listening, speaking, reading, and writing.

Visit the California Department of Education's [English Language Proficiency Assessments for California \(ELPAC\)](https://www.cde.ca.gov/ta/tg/eng/elpac/) web page or the [ELPAC.org](https://elpac.org) website for more information about the ELPAC.

Conclusions based on this data:

1. In 2020-21, 224 students were tested, whereas 9 students were tested in 2022-23. This significant drop in the number of students tested is due to EL students are testing using the Alternate ELPAC, not the ELPAC that this data is based on. The Alternate ELPAC data is not reflected in this data.

California School Dashboard Student Population

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

This section provides information about the school's student population.

School and Student Performance Data

Overall Performance

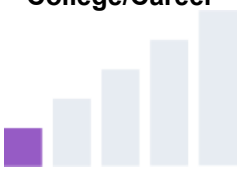

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

2023 Fall Dashboard Overall Performance for All Students

Conclusions based on this data:

- Students performance in ELA and Math are in the yellow. Significant improvement from the 2022 Dashboard.
- Students' suspension rate slightly increased from last year.
- Graduation rate and College/Career Indicators are the greatest need for improvement.

This section provides a view of how well students are meeting grade-level standards on the English Language Arts assessment. This measure is based on student performance on either the Smarter Balanced Summative Assessment or the California Alternate Assessment, which is taken annually by students in grades 3–8 and grade 11.

Conclusions based on this data:

1. All students which includes English Learners (+48.4), Socioeconomically Disadvantaged (+38.6), and Students with Disabilities (+41.3) significantly increased in their performance in the ELA area.
2. Although African-American student group did not have a performance level, they performed farther from the standard, (African-American 176.6 points below standard, decreased -41.7 points from standard).
3. Hispanic student group saw a significant increase of +40.1 points from the standard. The ELs showed a greater increase toward the standard compared to English Only students, +43.8 compared to +37.

School and Student Performance Data

Academic Performance Mathematics

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words "No Performance Color."

This section provides number of student groups in each level.

This section provides a view of how well students are meeting grade-level standards on the Mathematics assessment. This measure is based on student performance either on the Smarter Balanced Summative Assessment or the California Alternate Assessment, which is taken annually by students in grades 3–8 and grade 11.

2023 Fall Dashboard Mathematics Performance for All Students/Student Group		
All Students  Yellow 92 points below standard Increased Significantly +49.9 points 278 Students	English Learners  Yellow 79.7 points below standard Increased Significantly +62.9 points 75 Students	Foster Youth Less than 11 Students 10 Students

78.9 points below standard Increased Significantly +50.5 points 70 Students	Less than 11 Students 5 Students	98.8 points below standard Increased Significantly +42.4 points 192 Students

Conclusions based on this data:

1. All students which includes English Learners (+62.9), Socioeconomically Disadvantaged (+51.4), and Students with Disabilities (+49.9) significantly increased in their performance in the ELA area.
2. Although African-American student group did not have a performance level, they performed farther from the standard, (African-American 199.5 points below standard, decreased -9.9 points from standard).
3. White student group increased significantly +59.9 points from the standard whereas the Hispanic student group increases +47 points from the standard. The ELs showed a greater increase toward the standard compared to English Only students, +50.5 compared to +42.4.

All students will demonstrate growth in academic achievement toward meeting or exceeding CCSS standards in the areas of English Language Arts, math, and English proficiency.
MCOE Special Education will employ highly qualified staff that is trained to support students to achieve at high levels, leading to an Alternate Diploma Pathway, career and college readiness, and/or a high school diploma.

Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

We have a need to increase our graduation rates and our College and Career Indicator outcomes. The CA School Dashboard for 2023 reports that we have a 17.9% graduation rate and 7.3% of our students were prepared for College or Career. However, the California Dashboard is believed not to be an accurate reflection of the graduation rate of students with severe to moderate disabilities since it does not capture students who earned a certificate of completion, an alternative to a diploma. We believe that the Dashboard Alternative School Status (DASS): One Year Graduation Rate Report is a better indicator of the graduation rate of students with moderate to severe disabilities. The DASS graduation rate for students with disabilities is 82.8% compared to the 17.9% graduation rate as noted on the California Dashboard. Further, we also believe the data was impacted by a data governance issue and we will be implementing new processes incorporating our Student Information System and CALPADS to address some of these coding issues. These steps along with the strategies and activities will help address the identified areas of need.

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 3 Classroom Teachers
- 1 Other School Staff
- 5 Parent or Community Members

Name of Members	Role
-----------------	------

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature

Committee or Advisory Group Name

hard copy

English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on Sept. 26, 2024.

2024/25 School Plan for Student Achievement

The School Plan for Student Achievement (SPSA) is required when a school receives Title 1 funds and is designated as a Title 1 Schoolwide Program. The Shelby SPSA identifies and addresses the educational needs of its students and specifies how funding will be used to accomplish the goals outlined in the SPSA.

Schelby consulted with various educational partners: parents, staff, leadership team, English Language Advisory Committee (ELAC), and School Site Council (SSC) to identify the students' and staff's needs. The following goals were developed from their input:

- Floyd A. Schelby Goals:
 - Positive Culture and Engagement: Increase Student Behavioral Support
 - EL Students: Increase English Language Proficiency

The School Site Council adopted the SPSA at a public meeting on Sept. 26, 2024. The SSC recommends the SPSA to the Board for the required annual approval.

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp), and for federal Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements for both the SPSA and federal ATSI planning requirements.

California’s ESSA State Plan supports the state’s approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state’s Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

This plan is being used by Floyd A. Schelby School for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

Schoolwide Program

The purpose of the Floyd A. Schelby Elementary (Schelby) Single Plan for Student Achievement (SPSA) is to meet the requirements for Title 1 Schoolwide Program. When developing the SPSA, Floyd Schelby Elementary School will identify and address the instructional needs of our students with moderate to severe disabilities. The CSI plan will specify how funding will be used to accomplish the goals outlined in the plan.

This template is based on the December, 2023 CDE revision of the School Plan for Student Achievement. Some modifications have been made to inform the SPSA development process.

Plan Description

Briefly describe your school's plan for effectively meeting ESSA's planning requirements in alignment with the Local Control and Accountability Plan (LCAP) and other federal, state, and local programs.

This plan is being used by Floyd A. Schelby School for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

Schoolwide Program

The purpose of the Floyd A. Schelby Elementary (Schelby) Single Plan for Student Achievement (SPSA) is to meet the requirements for Title 1 Schoolwide Program. When developing the SPSA, Floyd Schelby Elementary School will identify and address the instructional needs of our students with moderate to severe disabilities. The CSI plan will specify how funding will be used to accomplish the goals outlined in the plan.

Floyd A. Schelby Elementary School has aligned this plan with the Merced County Office of Education LCAP. While the actions and services contained within that LCAP are geared more towards our Court and Community School Programs, Floyd A. Schelby Elementary School is aligned to the following MCOE LCAP goals:

- All students will demonstrate growth in academic achievement toward meeting or exceeding CCSS standards in the areas of ELA, Math, and English proficiency.
- All students with disabilities, including students who are socio-economically disadvantaged, and who participate in the Work-Based Learning Experiences, will be provided expanded work opportunities.
- Students with disabilities, including students who are socio-economically disadvantaged and Hispanic, in grades 9-12 will be enrolled in courses that are aligned with state standards and lead to an Alternate Diploma Pathway course of study aligned with state standards.
- Merced COE will employ highly qualified staff with appropriate assignments, provide sufficient instructional materials, and maintain facilities.

Educational Partner Involvement

How, when, and with whom did Floyd A. Schelby School consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

The Merced County Office of Education operates special education programs as an active participant in the countywide Special Education Local Plan Area (SELPA). Schelby is comprised of special education students with moderate to severe disabilities, medically fragile students, and preschool to transition age. The Merced SELPA is governed by a Board of Directors, which is made up of the county superintendent and the superintendents of each participating school district within the SELPA region.

The Schelby staff and parents provided input on this plan by participating in a survey. The results of the survey were used for the development of the 2024-2025 SPSA. The Assistant Superintendent of Special Education, Schelby coordinators, Directors, and fiscal managers were consulted for the development of the SPSA as well.

The Merced County Office of Education Special Education Schools School Site Council reviewed and approved the SPSA on September 26, 2024.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable. This section is required for all schools eligible for ATSI and CSI.

Comprehensive Needs Assessment Components

Identify and describe any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

California School Dashboard (Dashboard) Indicators

Referring to the California School Dashboard (Dashboard), any state indicator for which overall performance was in the “Red” or “Orange” performance category.

Not applicable due to small group size at Schelby, a performance color was not available for any of the measured indicators.

Referring to the California School Dashboard (Dashboard), any state indicator for which performance for any student group was two or more performance levels below the “all student” performance.

Not applicable due to small group size at Schelby, a performance color was not available for any of the measured indicators.

Other Needs

In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

None identified.

School and Student Performance Data

Student Enrollment

This report displays the annual K-12 public school enrollment by student ethnicity and grade level for Floyd A. Schelby School. Annual enrollment consists of the number of students enrolled on Census Day (the first Wednesday in October). This information was submitted to the CDE as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS).

Enrollment By Student Group

Student Enrollment by Subgroup						
Student Group	Percent of Enrollment			Number of Students		
	21-22	22-23	23-24	21-22	22-23	23-24
American Indian	%	0%	2.38%	0	0	2
African American	1.54%	2.74%	1.19%	1	2	1
Asian	3.08%	4.11%	2.38%	2	3	2
Filipino	%	0%	%	0	0	
Hispanic/Latino	83.08%	76.71%	77.38%	54	56	65
Pacific Islander	%	0%	%	0	0

Grade 9	6	4	3
Grade 10	5	6	4
Grade 11	6	5	5
Grade 12	23	33	37
Total Enrollment	65	73	84

Conclusions based on this data:

- 1. Thre is inconsistency in the growth according to the different student groups.
- 2. Steady enrollment increase from 2021 to 2024.
- 3. Greatest enrollment growth was for kindergarten, 7th grade, and 12th grade, but a decrease in 6th grade and 3rd grade.

School and Student Performance Data

English Learner (EL) Enrollment

This report displays the annual K-12 public school enrollment by English Language Acquisition Status (ELAS). This information was submitted to the CDE as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS).

English Learner (EL) Enrollment						
Student Group	Number of Students			Percent of Students		
	21-22	22-23	23-24	21-22	22-23	23-24
English Learners	25	26	20	43.1%	38.5%	23.8%
Fluent English Proficient (FEP)	6	5	6	4.2%	9.2%	7.1%
Reclassified Fluent English Proficient (RFEP)				0.0%		

Conclusions based on this data:

1. There is a decline in the percent in ELs from 2021-22 to 2023-24.
2. There is no data for reclassified students.
3. The number of EL students that are classified as Fluent English Proficient has remained at 5 or 6 students in the past 3 years.

CAASPP Results English Language Arts/Literacy (All Students)

The Smarter Balanced Summative Assessments for ELA and mathematics are an annual measure of what students know and can do using the Common Core State Standards for English language arts/literacy and mathematics.

The purpose of the Smarter Balanced Summative Assessments is to assess student knowledge and skills for English language arts/literacy (ELA) and mathematics, as well as how much students have improved since the previous year. These measures help identify and address gaps in knowledge or skills early so students get the support they need for success in higher grades and for college and career readiness.

All students in grades three through eight and grade eleven take the Smarter Balanced Summative Assessments unless a student's active individualized education program (IEP) designates the California Alternate Assessments.

Visit the California Department of Education's [Smarter Balanced Assessment System](#) web page for more information.

The English Language Proficiency Assessments for California (ELPAC) system is used to determine and monitor the progress of the English language proficiency for students whose primary language is not English. The ELPAC is aligned with the 2012 California English Language Development Standards and assesses four domains: listening, speaking, reading, and writing.

Visit the California Department of Education's [English Language Proficiency Assessments for California \(ELPAC\)](https://www.cde.ca.gov/ta/tg/eng/elpac/) web page or the [ELPAC.org](https://elpac.org) website for more information about the ELPAC.

School and Student Performance Data

Academic Performance English Learner Progress

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

This section provides a view of the percentage of current EL students making progress towards English language proficiency or maintaining the highest level.

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 3 Classroom Teachers
- 1 Other School Staff
- 5 Parent or Community Members

Name of Members	Role
-----------------	------

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature

Committee or Advisory Group Name

hard copy

English Learner Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on Sept. 26, 2024.
