Graduation Exercises File: IKFB

Because the Board of Education believes that completion of the requirements for a diploma is an achievement that deserves recognition, the Board wishes to recognize each graduating senior's accomplishment in a publicly-celebrated graduation exercise.

High schools will plan their own graduation exercises with the staff and senior class working together. Although senior class members may be asked to pay fees to defray graduation expenses, no student will be barred from participating in the exercises because of inability to pay the fees. Students must comply with the district's dress code at graduation (JICA).

Baccalaureate services
Groups composed of interested students and their families may plan and organize baccalaureate services that are religious in nature. However, the school district will not be identified, explicitly or implicitly, as sponsoring or endorsing such services. Attendance at such services will be entirely voluntary with students and school personnel acting as private individuals.

School district funds, including paid staff time, will not be used for baccalaureate services. Groups planning baccalaureate services may rent and use school facilities under the terms, conditions and rates prescribed by the district.
