Hello Riverdale Families!

Welcome to the start of the 24-25 school year! We ended last school year by celebrating the triumphs we experienced in the face of change. 256 students graduated in May of 2024, including many new students received as a result of the school consolidations. Our new students enriched and energized our community. We wish our 2024 graduates all the best as they venture out to make their mark on the world. For our rising seniors, we look forward to seeing how you step into the role of being leaders on our campus, it's your time!

For all students, you will continue to see the Riverdale Way being presented as the expectation: The mission of Riverdale High School is to empower students to be productive members in our communities who embrace diversity, model compassion, and work fervently toward academic success. Our high expectations for all aspects of your student life- your behavior, your appearance, your grades, your goals reflect our passion to produce well-rounded, empathetic, mature, and intelligent graduates. The work you put in each day contributes to the end product: Riverdale graduates are diploma-carrying competitors who can determine their own course in life. Our staff is committed to supporting the development of all students who walk through our doors in realizing these goals. Commitment to these goals has resulted in Riverdale being the only non-selective A rated school for the last nine years. While many aspects of the Riverdale identity will be consistent, there are certainly some things that will be different. I look forward to serving Riverdale as Principal after spending the last five years as an Assistant Principal. We will also be scheduling classes on a 4x4 block which will be new for us. This means our students will participate in 4 classes at a time for each semester with the exception of our upper level IB classes. We are excited about the opportunities presented by this change. Each new year brings the opportunity to identify challenges and seek new solutions. As we continue to prioritize graduating students who are prepared to be competitive candidates in their field of choice, we will continue to look for ways to grow and change as a school in response. This all requires much support and cooperation, and we appreciate your commitment to providing the best education possible for our students. We look forward to engaging with all stakeholders as our students continue to build on the legacy of Riverdale.

Here's to a great year!
