Swim England

www.swimming.org | sam.helliwell@swimming.org

With over 150 years' experience at the heart of the swimming sector, Swim England have a wealth of skills, insight and knowledge across the organisation to support partners and aquatic businesses. The International Learn to Swim programme offers lesson providers the knowledge, resources and support to deliver a world class aquatic pathway from first splash to podium potential.

The four frameworks, which make up the Learn to Swim programme are built on a foundation of acquiring the Core Aquatic Skills, this foundation allows learners to develop confidence, movement skills, breath control and an understanding of water safety. As they go through their Learn to Swim journey their swimming ability will improve with time becoming proficient in various skills including floating, changing direction and learning the range of swimming strokes. Towards the end of the programme, learners will have the opportunity to experience further aquatic disciplines such as water polo, diving and artistic swimming.

Swim England's international partners are key to the long-term success of embedding aquatics for all. Swim England's goal is to collaborate with swimming providers globally to enhance the swimming pathway, innovate and share best practice. The key to this vision is to support the vital work that international schools and lesson providers do in teaching children how to swim. No matter the size of a swim school, type of delivery or section of the pathway being delivered, Swim England are positioned to provide support and governance.

This will be achieved by:

- Equip schools to deliver safe, fun and progressive lessons
- Guide schools on best practice governance and safeguarding
- Empower schools to grow and develop
- Resource schools with supportive literature, marketing and training

To support our vision Swim England have a full international offer which provides three main pillars of support ranging from international membership and delivery support, bespoke consultancy and worldwide teacher upskilling and training.

The Learning Adventure

www.thelearningadventure.com | junaid.ahmed@thelearningadventure.com

We are The Learning Adventure. Our global team of 50+ expert employees are passionate about – and dedicated to – crafting tailor-made travel and learning experiences. Our partner brands are The Dragon Trip who offer backpacking tours in Asia and The Coyote Trip who offer group tours in America.

We offer educational experiences in the real world. We curate high-standard itineraries for teachers and plan & monitor every detail of the adventure; the activities, accommodation, food, transportation, guides and health & safety standards, all according to your students' specific needs. The Learning Adventure co-ordinate everything for you whilst considering your learning goals.

We audit, research, and fully understand everything that goes into your adventure before we present it to you. Our staff are regularly in the field making sure what you see on paper is exactly what your students experience. Our people on the ground work very closely with the office staff members who you communicate with.

We believe that experiencing different places, cultures & societies broadens horizons and expands worldviews. During your students' adventures with us, we will show them the beauty in places and people that are culturally different to them, how to communicate respectfully and on a deeper level with the people they encounter and, ultimately, to grow as global citizens who will, in turn, make the world we love and cherish into a better place for everybody.

We follow internationally recognised Health & Safety standards and customise each adventure to meet your learning goals, trip requirements and your budget because we genuinely care about delivering high-quality itineraries that reflect our company ethos.

Ecoventure

www.ecoventureme.com | hannah.w@ecoventureme.com

Ecoventure is a leading provider of outdoor education in the G.C.C region, offering both adventure-based programs and curriculum-based field studies for students of all ages, families, and corporate groups. With qualified and experienced staff across multiple centres in the UAE, we provide UAE-based as well as international excursions. Ecoventure offers a safe and exciting avenue for experiential learning and personal development.

Our mission is to provide experiences that empower people to become autonomous, competent and connected Adventurers who can have a positive impact on others, their community and the environment. Each year we have over 10,000 students join us from over 100 schools to learn in amazing locations like the UAE, Sri Lanka, Georgia, Oman, Nepal & Malaysia.

We pioneered a holistic approach to outdoor education in the Middle East by offering adventurous activities alongside science, environmental awareness and well-being sessions.

We believe that exposure to the natural environment through outdoor education promotes significant improvements in key developmental and wellbeing indicators of children. Through these learning experiences outside the classroom, we create memories to help young people make sense of the world around them and integrate new experiences into all aspects of their formal and informal learning. By realising education does not only happen within the classroom, young people start on the journey of lifelong learning.

Ecoventure programs are tailored to the individual needs and specifications of our clients and are delivered in a safe, structured and responsible way. We challenge students mentally and physically, opening their eyes to a new world and empowering them to be global leaders.

World Challenge

www.weareworldchallenge.com | [LinkedIn](#)

We believe that overseas travel is one of the most empowering, life-altering forms of learning possible. We're passionate about what we do and have dedicated ourselves to the pursuit of creating unique school trips that educate, enrich and inspire the next generation.

For over 35 years, we've enabled transformative travel experiences right around the world. These experiences complement school learning, giving students the opportunity to become true life-learners and global citizens.

It's the kind of learning that students will carry with them long into the future; learning that can only come from experiencing this amazing planet and the unique cultures that inhabit it.

We give students the opportunity to write their own stories, make their own mistakes, live their own adventures, learn and grow with peers, and see the world with open eyes that are focused on those around them.

We've watched as these life-changing experiences have brought out the best in our challengers for many years, since 1987 in fact. It's perhaps best brought to life by our 150,000+ alumni that have returned home forever changed, many being inspired to continue the pursuit of positive global citizenship, from advocacy work in foreign nations through to leading world-shaping environmental initiatives.

We offer much more than a trip overseas. That said, it all begins with saying yes to adventure, yes to ignoring comfort zones, yes to embracing the unknown.

A world of possibility awaits.

Halsbury Travel

www.halsbury.com | [LinkedIn](#)

Let's take education beyond the classroom.

You know that a school trip abroad is your students' next big step into knowledge and discovery. Let's take it together. Choose Halsbury Travel and find the most exciting adventure for your group – with no surprises in store for you.

Explore our itineraries that keep eyes up, phones down, and work for every budget. From experiencing life in the trenches on a WW1 battlefield tour to skiing down the piste with their pals, these are memories that will last a lifetime (but shouldn't take all your spare time to plan).

We've been planning school trips abroad for busy teachers for nearly 40 years. So, we know how important it is that you feel properly supported when travelling abroad with other people's kids.

As a fully accredited school trip company, you can be sure your trip is in safe hands. We're members of the UK's School Travel Forum, the leading quality mark for school trip organisers, meaning our tours meet high standards of quality and safety.

School travel is all we do. We love helping you to craft itineraries, anticipate parents' questions and explore endless possibilities. So, shall we start planning your next learning adventure?

Camps International Middle East Tours LLC

www.campsinternational.ae | laura.negus@campsinternational.co.uk

As a social enterprise, we are driven by our strong sense of purpose, which forms our foundation and determines every aspect of the way we operate.

We invest in building permanent camps in the heart of the places we care about. We commit to the highest standards of responsible tourism throughout all our operations. We work in partnership with local communities and employ a fantastically diverse team of passionate staff around the globe.

Having operated for over 20 years, Camps International offer life-changing school expeditions in Africa, Latin America and Asia. Since its inception, 50,000 students and teachers have been on expeditions, working across 400 projects, impacting more than 120,000 lives across the globe. By participating in these expeditions, students and teachers develop essential real-life skills such as collaboration, decision making, analysis, and moral and cultural responsibility while developing a stronger sense of belonging to a sustainable cause for their future.

Our immersive service-led expeditions offer a blend of project work, adventure and cultural immersion, designed to create life-changing experiences and meaningful, lasting impact – for our travelling students and teachers and for the places they visit. Aligned with the UN Sustainable Development Goals, our projects aim to address global issues at the local level.

Our adventure-based expeditions are developed in line with the principles of adventure psychology, with thrilling itineraries, from trekking, white water rafting to abseiling, in some of the world's most spectacular destinations.

Why not explore the chance for your students to step out of their comfort zone, broaden their perspectives and develop their understanding of the world around them. All in a safe and guided manner with Camps International unparalleled level of safety standards and support throughout your school expedition.

Embark on a journey to destinations like Borneo, Cambodia, Kenya, Tanzania, Nepal, Sri Lanka, Thailand, Morocco and more.
