

COLLEGE AND UNIVERSITY PROGRAMS

Bluffton-Harrison Metropolitan School District (“Corporation”) recognizes the value to students and to the Corporation for students to participate in programs offered by accredited colleges and universities in Indiana.

The Corporation will allow students to enroll in approved postsecondary programs while in attendance in the Corporation. Students will be eligible to receive dual credit or be provided dual enrollment programs that meet the educational objectives of the Corporation and are offered by State educational institutions as defined in I.C. 21-43.

No student may participate, however, without the written consent of the high school principal if such participation would delay the student’s graduation from high school. The Corporation reserves the right to deny student eligibility if the course is cancelled due to low enrollment.

The criteria for determining the courses approved for secondary credit will comply with those set forth by the Indiana Department of Education.
