ST. MARY'S

SOUTH SIDE CATHOLIC
HIGH SCHOOL
ON THE FRANK J. BONMARITO CAMPUS

Rooted in the Marianist spirit, St. Mary's South Side Catholic High School forms all young men as leaders in a brotherhood of unity, empathy, dignity, and respect to uplift our neighborhood, community, and world.

St. Mary's South Side Catholic is **St. Louis** and is a **beacon of hope** and a guidepost for advancing this region's future. St. Mary's SSC is a place where self-actualization, diversity, and life-long learning are encouraged and embraced. St. Mary's SSC is a place where the whole person can develop into responsible young men who are prepared to live as contributing and successful members of society.

Academic growth, like everything else at St. Mary's SSC, is tailored to the individual student. While there are core experiences and expectations, there are also accessibility enhancements to ensure

every student has the tools he needs to succeed. **Students are challenged to apply their academic knowledge to solve real-world problems and gain access to real-world experiences.** Learning doesn't just occur in the classroom, but is understood through hands-on learning opportunities, field trips, and partnerships with area companies and agencies. Honors courses are offered at every grade level giving the young men opportunities to challenge and grow even more. In 2023 the school launched Missouri's first high school pre-apprenticeship program, which facilitates the NABTU's (North America's Building Trades Union) nationally recognized MC3 (MultiCraft Core) Curriculum.

St. Mary's SSC is addressing the root cause of poverty and increasing equity in education, literacy, and economic justice by providing exceptional education in an under-invested community. By providing a college prep education and introducing trade skills, the school is empowering their students and families to have control of their own circumstances. St. Mary's SSC's partnership with the trade unions is one example of how they are collaborating with others to eradicate poverty and build a workforce for our city. St. Mary's SSC also partners with St. Joseph's Housing Initiative, which creates vibrant communities through affordable quality housing where low and moderate-income families can thrive, prosper, and build wealth.

Tuition and fees make up just 20% of the income needed annually. It's the commitment and generosity of individuals, corporations, and foundations that make this mission possible. Now more than ever there is a need for a quality, Catholic all-boys educational experience regardless of a student's circumstances, on the south side. Learn how you can be a part of creating stronger education and workforce in the city.

Every \$1 invested in St. Mary's South Side Catholic High School, \$4.83 or 483% is given back to the region in the form of more talented and job-ready workforce, increased economic opportunities, and a more diverse and inclusive community.
