

Comprehensive School Safety Plan

LEA: Mt. Diablo Unified School District

School: Cambridge Elementary

CDS: 07-61754-6003982

Principal: Joanne Wathen

Contact Person: Principal

E-mail Address: wathenj@mdusd.org

Phone Number: (925) 686-4749

School Year: 2023-2024

Public Hearing Date(s): February 27, 2024

X The school certifies completion of this safety plan.

School Site Council Approval: February 27, 2024

Board of Education Approval:

Introduction

The Comprehensive School Safety Plan shall be used to provide details regarding each school's strategies, programs and procedures to support a safe school environment. The California Education Code sections **32280-32289** outline the requirements of all schools operating any kindergarten and any grades 1 to 12, inclusive, to write and develop a school safety plan relevant to the needs and resources of that particular school. Requirements are:

- Assessment of school crime committed on school campuses and at school-related functions
- Child abuse reporting procedures
- Disaster procedures
- Suspension and expulsion policies
- Procedures to notify teachers of dangerous pupils
- Discrimination and harassment policies
- School wide dress code policies
- Procedures for safe ingress and egress
- Policies enacted to maintain a safe and orderly environment
- Rules and procedures on school discipline
- Hate crime reporting procedures

The information contained in a school's safety plan may be supplemented by information not specified in the California Education Code sections **32280-32289**.

School's Vision Statement EC 32282 (a)(2)(H)

Vision Statement:

Dream - Challenge - Lead

"Working together as a community of learners, we will inspire and empower all students within a safe, supportive and orderly environment conducive to learning, to develop 21st century academic and interpersonal skills."

The Cambridge School Community recognizes the need to equip our students with the life skills that will allow them to become responsible members of a competitive, cooperative, and culturally diverse society and to further a lifetime of academic and personal growth.

In order to achieve this learning environment, which includes high expectations for all learners, we will focus on the following goals:

- Promote respect and acceptance of ourselves and others
- Provide a safe and secure environment for students and staff
- Establish inclusion through the use of literature which connects and reflects the students' culture, experiences, ethnic, and racial background to the educational program so that students reach optimal success
- Provide effective two-way communication and interaction between school and home
- Empower staff and the school community to participate in the decision-making process
- Foster pride in our school community

Three Behavior Expectations:

Be safe.

Be respectful.

Be responsible.

School Year 2023-2024

Meeting Type	Meeting Date			Comments
	Month	Day	Time	
Faculty Meeting	August	16	2:00-3:00pm	Presented Plan for review and input.
SSC Meeting	January	30	2:45-3:15	Presented Plan for review, and input
Faculty Meeting	February	14	2:00 - 3:00	Presented plan for review and input
Public Hearing	February	27	2:45 - 3:00	Presented for public comments
SSC Meeting	February	27	3:00 - 3:30	Presented for approval

Meeting agendas, sign in sheets and minutes for all meetings listed on this log are maintained at the school as evidence of compliance.

Complete texts of Board Policies (BP) and Administrative Regulations (AR) are accessed via the District website. www.MDUSD.org.

School Climate

Current Status of School Crime

Each school is required to assess the current status of school crime committed on the school campus and at school-related functions. You may accomplish this by reviewing the following type of information: Local law enforcement crime data; suspension/expulsion data; behavior referrals; counseling referrals; attendance rates; SART/SARB data; CHK Survey data; SPSA data; property damage/vandalism data; or any other data pertinent to your assessment.

Data Source	2020-21	2021-22	2022-23	2023-24
Suspensions (number of incidents)	0	0	1	9
- Violence	0	0	1	0
- Tobacco	0	0	0	0
- Drugs/Alcohol	0	0	0	0
- Weapons	0	0	0	0
Expulsions	0	0	0	0
Attendance, general ed. (%)	86.2	90.3	85.4%	94.44%
Attendance, special ed. (%)	76.9	66.7	77.9%	N/A
SART (number of referrals)	52	45	14	42
SARB (number of referrals)	9	26	20	5
SARB (number referred to Court)	0	0	0	0

SST (number referrals)	2	7	5	9
Coordinated Care Team (number of referrals)	3	1	2	4
Positive Behavior Team Referrals	0	0	0	0
Vandalism Reports	0	1	0	0

Assessment of the Current Status of School Crime EC 32282(a)(1) Assessment of the Current Status of School Crime EC 32282(a)(1) with Parent, Teacher, and Student Input

Your assessment conclusions should reflect input from staff, students, parents and community members, as appropriate. The data indicates that overall attendance has increased since last year and currently stands at 94.44%. This can be attributed to the supports in place to support student attendance which include providing independent study for students required to quarantine, counseling and nursing services and a rewards program. As part of the rewards program, students earn Coyote Howls for attending class on time. Once a week, students redeem their howls for prizes and privileges provided and maintained by the PBIS team. We are also holding attendance award ceremonies at the end of each trimester. Students receive a special Coyote Howl if they have not been tardy or absent in that trimester.

Our school has maintained its access to support for students with emotional or life challenges. We have a full-time counselor to assist our students and staff. The counselor coordinates our Coordinated Care Team (CCT) meetings on a biweekly basis. Our Coordinate Care Team proactively addresses student needs using data and focuses on interventions to ensure that students are learning at high levels every day. The team indicates that early interventions through the CCT process and family support are having a positive effect on family with challenges. Suspension and other discipline data demonstrate the need to continue to focus on strategies that build communication, problem solving and decision-making skills. Positive student behavior is supported by ongoing training for staff, parents and students. Efforts to include the entire school community in skill-building and communication are well-received by all stakeholders.

For the current school year, Positive Behavior Intervention and Supports (PBIS) provides the opportunity to develop the Response to Intervention (RTI) systems necessary to build upon the programs that we currently utilize school-wide. We continue to include strategies to build student and staff skills in these necessary areas, such as conflict resolution and following school rules with a focus on conflict vs. bullying. Cambridge uses a tiered approach to providing positive behavior supports. This tiered approach includes establishment of school wide and classroom rules and expectations. Teachers complete Behavior Rating Scale assessments on students with chronic behavioral concerns. The data is analyzed within the Positive Behavior Intervention and Supports (PBIS) team and used to create behavior skills groups focused on strategies for success.

ASP/CARES continues to be an important service for our students and families. ASP/CARES continues to provide engaging and rigorous activities for students. These activities include a sports club, STEM club, and social emotional learning sessions, as well as take and make arts and crafts.

Provide and Maintain a High Level of School Safety EC 32282(a)(2)

Identify appropriate strategies and programs that provide and maintain a high level of school safety. Cambridge is in its tenth year of implementation of Positive Behavior Intervention and Supports (PBIS). There is a PBIS team consisting of teachers, a counselor and site administrators. The PBIS team works together to develop our three behavior expectations: Be safe- Be responsible- Be respectful. These provide a framework for expected behavior throughout the school and throughout the day. Each day during morning announcements, students help us lead the staff and student body in reciting the Coyote Pledge school wide. The Coyote Pledge outlines the three expectations. The PBIS team developed a "matrix of expected student behaviors" a guidebook, and a Behavior Expectations Chart that is displayed in yellow in each classroom and throughout school to remind students of the expectations for all areas of the school. All teachers are provided the matrix annually and use it to teach and review expectations in each location or situation. Grade levels collaborate to teach playground expectations. Noon Supervisors and CARES staff have also been introduced to PBIS tools. A systematic office referral system has been put in place to provide consistent implementation of behavior response procedures. Restorative Practice training will continue to occur for new staff annually to provide the foundation for creating a safe social-emotional environment.

There is increased staffing during the morning arrival and afternoon release times to support student and traffic safety. Staff supervise students on the blacktop, including administrators. Noon supervisors support traffic before and after school. In addition, the school gates are kept locked throughout the day in order to prevent unauthorized adults and foot traffic to and from campus. Cambridge has received a security fence around the school. The fence has a locking gate that is equipped with a camera. Visitors will ring the bell and the office staff will be able to use the camera and speaker to identify the visitor and their business at the school. Upon office staff verification, visitors can be buzzed into the school where they will be instructed to proceed to the office to sign in and wear a large bright colored visitor's badge. Emergency backpacks are checked regularly for completeness and expired items.

The school rules of "Be safe! Be respectful! Be responsible!" are displayed on large colored posters throughout the school in English and Spanish.

School Interventions and Support Systems BP 5144; AR 5149

MDUSD BP 5144

Discipline

List and describe interventions and support systems that are in place as a deterrent to suspension and expulsion. Cambridge has a well developed system for supporting positive behaviors as well as providing tiered interventions for student behavior. The following are list of positive incentives for students:

- *Coyote Howls - individual positive reinforcement strategy used throughout the year.
- *Spirit week participation (Red Ribbon Week, Holiday Week, etc.) - special coyote howls.
- *Coyote Class Howls - positive class reinforcement strategy used throughout the year.
- *Class Howls Menu- this is a the new incentive process for students to redeem their coyote howls. Students select a mystery prizes that cost a wide range of coyote howls. Donations and PTA funds the Coyote Howl Store for the incentive prizes.
- *Classroom management systems and incentives such as tickets, marble jars, class or table points, are used throughout the year.
- *Noon supervisors are included in use of Coyote Howls and Class Howls.

The following 6 step system was developed and is used by staff to redirect student behavior:

1. Redirection.
2. Redirection/ Relocation.
3. Buddy Teacher Reflection.

4. Loss of Privilege.
5. Parent Contact.
6. Office Visit.

Support Systems:

Class meetings and community circles are held school-wide at least once per week. Tiered Interventions include small group socio-emotional lessons, also known as "Behavior Skills Groups" are facilitated by the counselor. Students are identified based upon behaviors exhibited in class and on the school yard. Behavior Skills groups are a Tier 2 intervention support. Teachers use a research based behavior rating scale to measure specific Tier 2 behaviors. Sessions take place once per week with the counselor. Tier 2 and 3 support is provided by the school counselor. These session may take the form of individual counseling or Wellness group counseling. Sessions take place multiple times a week.

Office referral forms are used throughout the year and are documented within the student information system Aeries. Data is used to determine if additional socio-emotional support for students is needed.

The PBIS system that we use at Cambridge is reviewed with parents at the Coffee with the Principal meeting held in September. Our three school rules are reviewed at Back to School Night and continuously throughout the school year.

Describe the guidelines for the roles and responsibilities of mental health professionals, community intervention professionals, counselors, school resource officers and police officers on your campus.

Mental health professionals, including school and district counselors and psychologists, social workers, child welfare attendance liaisons, and foster youth outreach workers work in collaboration with the site Coordinated Care Team to identify and provide services to students and families in need of support.

See Appendix A

Ensuring a Safe and Orderly Environment AR 0450
Component I: The Social Climate, People, and Programs

Identify proposed changes to or the addition of curriculum, strategies and programs that ensure a safe and orderly environment.

Goal #1:				
Positive classroom behavior will be encouraged and maintained through the "class howl" program and Coyote of the month.				
Component I The Social Climate People and Programs	Who will take the Lead	Completion Date and Budget	Resources Needed	How We Will Monitor and Evaluate
Activities				
1.0 Positive class/campus behavior will be rewarded with a "class howl" for each grade on a daily basis. (No referrals to the office for discipline).	teachers, admin, campus supervisors	Ongoing, \$20	Class howls	Monitor classroom behavior school-wide.
2.0 All staff (office, custodial, cafeteria, etc.) participate in school-wide use of the Coyote Howl system to encourage positive behavior.	All staff	Ongoing, \$100	Individual howls	Monitor number of office referrals, survey classes
3.0 Maintain a menu of no-cost class rewards for class howls.	PBIS team	Ongoing, \$0	none	distribution of ideas, records of use
4.0 Two "Students of the Month" are selected from each class every month.	Teachers/ administrators	Ongoing, \$10 month	awards, snacks	monthly- 48 students will be recognized. Celebration in the Coyote Center, names are published in the Coyote Newsletter, pencils & certificates.

5.0 Positive Referrals to the office	Teachers and administrators	Ongoing \$200 to print new referrals	printed referral form	keep records of numbers used
--------------------------------------	-----------------------------	--------------------------------------	-----------------------	------------------------------

Goal #2: Decrease the number of office referrals through the implementation of a formalized office referral process and form.				
Component I The Social Climate People and Programs	Who will take the Lead	Completion Date and Budget	Resources Needed	How We Will Monitor and Evaluate
Activities				
1.0 Faculty will continue to implement a coordinated behavior plan (6 step process) to reduce the number of referrals to the office for disciplinary reasons.	Teachers	Ongoing, Faculty will continue to implement a coordinated behavior plan	6 step referral handout	Teachers and Administrators review data
2.0 Formalized office referrals along with a student reflection component are used on a daily basis and entered into Aeries. Teachers enter data into the Pre-Referral Interventions.	Teachers and Administrators	Ongoing, \$20 for referral paper	referral paper	Teachers and Administrators. Review data in leadership and staff meetings.

Goal #3:				
Component I The Social Climate People and Programs	Who will take the Lead	Completion Date and Budget	Resources Needed	How We Will Monitor and Evaluate
Activities				

Ensuring a Safe and Orderly Environment AR 0450

Component II: Physical Environment

Identify proposed changes to or the addition of strategies and programs that ensure a safe and orderly environment.

Goal #1:				
Students will be secure in rooms in the event of an emergency.				
Component II Physical Environment Place	Who will take the Lead	Completion Date and Budget	Resources Needed	How We Will Monitor and Evaluate
Activities				
1.0 Students will practice sheltering in place.	Principal and teachers	ongoing, no budget required	drill schedule	Principal and office staff will circulate during a drill to ensure shelter in place procedures are executed with fidelity.
2.0 Students will practice lockdown drills	Principal and teachers	ongoing, no budget required	drill schedule	Principal and office staff will circulate during a drill to ensure shelter in place procedures are executed with fidelity.
3.0 Students will practice earthquake drills including the Great American Shakeout	Principal and teachers	ongoing, no budget required	drill schedule	Teachers will monitor students in their classrooms to ensure drills are executed with fidelity.

Goal #2:
Emergency supplies will be provided for classrooms and in a central location.

Component II Physical Environment Place	Who will take the Lead	Completion Date and Budget	Resources Needed	How We Will Monitor and Evaluate
Activities				
1.0 Inventory and replenish backpacks, emergency supplies, and first aid supplies.	Vice Principal, site supervisors	completed by Aug. of each year. \$100	replacement for expired supplies.	annual inventory and replacement
2.0 Complete emergency supply kits are located in the red emergency bag in the yellow door room next to the office. Additional supplies are stored in room 24 in a large gray garbage can. Water is stored in kindergarten classrooms.	Vice Principal	completed by Aug. of each year. \$100	replacements for expired items in emergency backpacks.	annual inventory and replacement

Goal #3: Provide Safety Plan training to entire staff. Inform parents of the plan.				
Component II Physical Environment Place	Who will take the Lead	Completion Date and Budget	Resources Needed	How We Will Monitor and Evaluate
Activities				
1.0 Provide staff safety training	Site administrators	August of each year	copies of the plan	agenda, minutes and training evaluation
2.0 Provide parents with information	Site administrators	August of each year	copies of the parent brochure	agenda and minutes of SSC and parent group meetings; announcement of brochure availability in the Coyote News
3.0 Include summary of the updated Safety Plan in the Parent Handbook: procedures for pickup.	Site administrators	Yearly and ongoing	Parent Handbook and copy of updated summary of the Safety Plan will be available in various locations on site (i.e, Parent Room, Office and school website)	Parent Handbook

School-wide Dress Code BP/AR 5132

MDUSD BP 5132

Dress and Grooming

School Dress Code

STUDENT DRESS

Students and parents/guardians shall be informed about the school dress code at the beginning of the year and when revised. We are concerned with the safety of our students, therefore, our Dress Code Policy will be strictly enforced. We will call the parents of a student whose attire does not meet Dress Code Policy or presents a potential hazard to himself/herself or others. He/she may be sent home to change or a parent may bring an appropriate change of clothes. Dress code was created with safety in mind so that students would not wear colors or attire resembling street gang attire. Red and bright blues are restricted from campus.

SCHOOL UNIFORM:

1. Uniform shirts/blouses in white, gray, navy, light blue or teal.
2. Pants, shorts, skorts, skirts or jumpers (not higher than 3 inches above the knee) in navy blue.
3. Athletic shoes must be worn during P.E.

Students are NOT allowed to wear:

1. High heel shoes or flip-flops.
2. Midriff top, tank tops, or shirts and/or tops with inappropriate writing or logos.
3. Baggy or ripped clothing of any kind.
4. Shorts, skorts, dresses or skirts higher than 3 inches above the knee.
5. Hats and hoods may not be worn in the classroom or in the cafeteria.
6. Makeup and fake nails are not considered appropriate for elementary students.
7. Large hoop earrings.

See Appendix A

School Discipline, Rules and Consequences BP 5131; BP 5144

MDUSD BP 5131

Conduct

School, Discipline, Program, Rules and Consequences.

Expectations: Be safe. Be respectful. Be responsible.

The expectations are communicated via the "Cambridge Expectations Matrix" displayed in all classrooms, throughout campus in English and Spanish. During daily morning announcements, students also recite the Coyote Pledge which highlights the the three expectations of "Be Safe, Be Respectful and Be Responsible". Behaviors are delineated for locations and activities throughout the campus. Students review the expectations by viewing the Cambridge Expectations Matrix and through lessons that are taught by their teachers school-wide at least 3 times every school year. Expectations are reinforced on an ongoing basis throughout the day.

Students are expected to behave in a manner that demonstrates the three expectations. Positive reinforcement is provided throughout the day and year through "Coyote Howls" and "Class Howls". Students earn "howls" individually and as a class for demonstrating safe, respectful and/or responsible behavior. The PBIS team helps facilitate a weekly Coyote Howl Menu in which students can "redeem" their "howls" for rewards. The PBIS team, with input from teachers, determines the rewards for "Class Howls". The Coyote Howl Menu is available in English, Spanish, and in picture form.

At the classroom level, rewards and consequences are determined by grade level teams. A 6-step system was developed by staff to redirect student behavior as part of a consequence system. Except in severe or extreme situations, students must move through classroom consequences before entering into an office referral. Teachers employ positive behavior strategies, as well as consequences.

See Appendix A

General Emergency Preparedness

EMERGENCY PREPAREDNESS AND CRISIS RESPONSE PLAN

Purpose of the Plan

This response plan is designed to assist school staff, students, parents and local agencies organize resources of the school and community to respond to a crisis situation while school is in session.

Regulatory Authority

State laws and regulations require school districts develop emergency plans and train staff in emergency response procedures. These include laws applicable to school staff and students as well as Cal/OSHA regulations specifically addressing the safety of district employees.

The Katz Act [California Education Code, §35295-35297] requires schools plan for earthquakes and other emergencies. It also requires training in earthquake preparedness procedures for both certificated and classified staff.

The Petris Bill [Government Code, §8607] requires school districts be prepared to utilize the Standardized Emergency Management System (SEMS) when responding to emergencies. This requires that principles of SEMS are incorporated in District plans; that the Incident Command System (ICS) are used at school sites; that all school personnel are trained in how the respective systems work and correlate; and that schools have drills and exercises in order to practice using the systems.

This plan is designed and structured to ensure compliance with the mandates of state law as well as with Cal/OSHA's Emergency Action Plan Standard Title 8, California Code of Regulations §3220. This regulation requires each employer facility have an Emergency Action Plan which focuses on specific emergency contingencies, response personnel roles, and evacuation plans of each employer's site where employees work. Schools and school districts are included in this mandate.

School Site Emergency Preparedness and Response Coordination

Each principal shall supervise the planning, operating and testing of their respective school's Emergency Preparedness and Crisis Response Plan. Each principal will also ensure that all school staff and students are familiar with the basic elements of the District's Emergency Operations Plan, which will be utilized at the district office in the event of a major emergency or district-wide disaster. The principal must ensure that the Incident Command System are utilized by all staff personnel in the event of an emergency incident and shall serve as the Incident Commander at all school crises or emergencies.

Campus and Facility Site Preparedness Duties

This school and the District have designated specific persons to assume emergency position responsibilities in the event of a site emergency or District-wide disaster. The following information provides a breakdown of these responsibilities:

All School Staff:

- Become familiar with the school's emergency and evacuation procedures.
- Participate in First Aid and CPR training, as appropriate.

Annually each principal shall:

- Designate Staff Incident Command Structure Assignments.
- Update this site Emergency Preparedness and Crisis Response Plan.
- Ensure personnel are properly trained in their respective assignments.
- Conduct survey of personnel to determine CPR/First Aid/Disaster Preparedness/Medical Training.
- Survey parents to determine who may wish to volunteer during an extended emergency or disaster.
- Ensure needs of students and staff with disabilities are provided for in the event of an emergency.
- Designate primary and alternate locations for command post, evacuation, first aid, student release, and morgue.
- See that parents are informed of the plan and its effect upon students.
- Compile/maintain list of local emergency agencies including telephone numbers and addresses.
- Practice building evacuation plans including testing of warning systems, alarm signals, and communications methods.
- With Maintenance and Operations, complete a site and building hazard survey.
- Ensure all emergency equipment and supplies are in usable condition at all times.

Teachers:

- Teachers are responsible for the supervision of students in their charge.
- Understand emergency response procedures.
- Have planned activities for use during disasters to lessen possible tension.

School Office Managers or Designee:

- Organize and maintain the emergency first aid supplies and distribute back-up supplies.
- Assist principal in developing procedures to protect essential records.
- Ensure battery-operated AM/FM radio is available in working condition; know the call number and frequency of disaster information station.
- Maintain an up-to-date list of students and staff who require life sustaining medication.

School Custodians or designee:

- Assist principal in planning control procedures for different types of building damage.
- Routinely check that battery-operated equipment is in working condition.

CRISIS/EMERGENCY INCIDENT RESPONSE SYSTEM

Crisis Response

The primary goals of crisis response are to:

- Prevent a potentially chaotic situation from escalating into a catastrophic event.
- Help those affected to return, as quickly as possible, to a normal level of functioning.
- Decrease the potential long-term effects of the crisis.

Incident Command System (ICS)

The Incident Command System is an emergency response system used to manage an emergency incident at a specific facility or site. The ICS, as designated by the MDUSD, will be used by this school as the formal emergency response structure. This is in contrast to the Standardized Emergency Management System (SEMS) which is used to manage resources at a district-wide level.

The organization of the Incident Command System is based on five major management functions or sections, which are also utilized in the SEMS response structure:

- Command (Management) Team - Provides overall direction of response at the school site
- Operations Team- Supports on-scene response at school site
- Planning Team- Collects, evaluates and documents information about the incident
- Logistics Team - Provides services, personnel and supplies in support of incident response
- Finance Team - Provides financial tracking, procurement and cost accounting of incident response

COMMAND AND ORGANIZATION DURING A CRISIS

Foundations of Crisis Response

The primary foundation for any emergency or crisis response system is to ensure, as much as is humanly possible, the application of the three C's at all times.

These three C's are:

- **Control** – Control is the cornerstone of every crisis/emergency response. In emergency response this is initiated and maintained through the effective use of the Incident Command System.
- **Communication** - Communication is essential to maintaining effective coordination of all response actions. Ongoing communication must be maintained between response persons, school staff, and the command team.
- **Coordination** - Coordination is essential to ensure that the most effective and appropriate response actions are used throughout a response operation. Proper utilization of the Incident Command System will ensure that all response operations are coordinated from a central point and that no response action is taken at cross purposes to any other.

CHAIN OF COMMAND

An appropriate Incident Command System will be utilized during all school emergencies. This will facilitate the maintenance of effective control and coordination at campus emergencies.

In the event of a crisis, the principal will act as the Incident Commander at all school emergencies and is responsible for initiating and carrying out any emergency actions as required. The principal directs the ICS Team members and other school staff in the implementation of the response actions through the assignment of appropriate duties. If the principal/site administrator is not present, or cannot assume control for any other reason, the Chain of Command is as follows:

Incident Commander (Principal/Site Administrator)	Joanne Wathen/Principal - Joanne Wathen
IC Alternate #1	Vice Principal - Madyson Benz
IC Alternate #2	Room 5 Teacher Teacher - Stacey Flurscheim
IC Alternate #3	Room 25 Teacher - Nora Ruan

INCIDENT COMMAND SYSTEM (ICS)

During campus emergencies, designated school staff function within the Incident Command System until the arrival of outside response personnel. Upon arrival of outside response agencies, the Incident Commander will turn over command of the incident to the ranking response person. The school Incident Commander will document the time of the relinquishing of command and will remain at the Incident Command Post as part of a unified command structure.

The school will coordinate activities with the District Office during a major emergency or disaster. As deemed necessary by the principal or other person acting as the Incident Commander, resource requests will be made by the campus Logistics Team Leader directly to the District Office. All requests for initial emergency assistance will be made to the local emergency response agencies.

Note: Not all members of the ICS will be activated at every emergency. Decisions as to the extent of the response and staff activation will be made by the Incident Commander at the initiation of the response. School staff designated as the primary person for each position is shown following each position title.

SECTION CHIEFS

Incident Commander: Principal - Joanne Wathen

Provides overall direction of response at school site; determines level of staffing; communicates with local public safety and District Office

- Communicate and coordinate with Section Chiefs

- Release teachers according to school's first opportunity release.

- Account for the presence of all students and staff as reported by Assembly/Shelter and Care Officer

- Direct the evacuation of the building, if necessary, using prescribed procedures for emergency type and safest evacuation location.

Public Information Officer: Community Service Liaison - Angelica Arias

Media liaison, official spokesperson for school; coordinates information for parent community

- Ensures parents and guardians are notified as soon as possible of seriously injured children transported to hospital or other emergency treatment centers.

Reports to Incident Commander

Disaster Response Officer: Vice Principal - Madyson Benz

Ensures activities are conducted in safe manner, assures safety of personnel (staff, students, volunteers and responders)

Reports to Incident Commander

Agency Liaison: Office Manager - Elisa Pierson

Assists in establishing and coordinating outside agencies that provide services or resources

- Serve as the principal's chief communication agent between school site and District Emergency Operations Center.

- Keep principal informed regarding District directives, injury reports, damage reports, status of students, etc.

- As directed by the Incident Commander, reports the emergency to appropriate emergency response agencies and the Superintendent.

Reports to Incident Commander

DISASTER RESPONSE TEAMS

Operations Team: Supports on-scene response at school site

Operations Team Leader: Office Manager - Elisa Pierson

Supports on-scene response at school site; develops Incident Action Plan with Incident Commander

Reports to Disaster Response Officer

<p>Search and Recovery: Nora Ruan and Naima Armenta</p> <p>Searches facility for injured and missing students and staff; conducts initial damage assessment; provides light fire suppression</p>
<p>Security/Traffic: Lindsay Jarboe and Linda Khatami</p> <p>Coordinates security needs; establishes traffic and crowd control; restores utilities; secures perimeter and isolates Fire and Hazardous Materials</p>
<p>Crisis Intervention: Counselor- Oralia Chavez & School Psychologist - Valeria Gonzalez</p> <p>Provides onsite counseling and intervention; determines need for outside mental health support</p>
<p>First Aid: Adrienne Christensen and Karlie Heiser</p> <p>Provides triage and medical care; establishes morgue, if needed.</p>
<p>Assembly/Shelter and Care: Stacey Flurschein and Mariola Garcia</p> <p>Provides accounting and long-term care for all students until reunited with parents/guardians; manages food and sanitation needs. Teachers report roll and status of student condition to Assembly/Shelter and Care</p>
<p>Student Release: Veronica Leno, Kelly Drake, and Beth Kim</p> <p>Provides for systematic and efficient reunification of student with parents/caretakers; maintains records of student release</p>

<p>Planning Team: Collects, evaluates and documents information about the incident</p>
<p>Planning Team Leader: Vice Principal - Madyson Benz</p>
<p>Reports to Disaster Response Officer</p>
<p>Situation: Principal - Joanne Wathen</p> <p>Processes and organizes all incident information, including staff student and facility status, maintains ICS status boards and school site map</p>
<p>Documentation: Office Manager - Elisa Pierson</p> <p>Collects and archives all incident documents Documentation is to be maintained at the site and a copy forwarded to Risk Management at the Dent Center.</p>
<p>Resources/Staffing: Teresa Stratton and Mara Cabides</p> <p>Tracks equipment and personnel assigned to the incident, checks in all resources (incoming equipment, personnel and volunteers).</p>
<p>Demobilization: Patricia Benavides and Persia Islas</p> <p>Coordinates orderly and safe release of assigned resources and deactivation of incident response at the site</p>

<p>Logistics Team - Provides services, personnel and supplies in support of incident response</p>
<p>Logistics Team Leader: Vice Principal - Madyson Benz</p> <p>Review report from Facilities Officer on conditions of utilities to determine if they should be turned off.</p>
<p>Reports to Disaster Response Officer</p>
<p>Food and Supply: Rachel Tabar and Caitlyn Merletti</p> <p>Assesses supply resources at site, including food and water, procures supplies and provides personnel, as requested, including volunteers</p> <ul style="list-style-type: none"> Cover and preserve all usable food and water. Direct the rationing, use and preparation of cafeteria food stock and water supply, whenever the feeding of students, staff and/or the community becomes necessary. Report the condition of the kitchen, including any damage, to the Facilities Team Leader..

Transportation: Valeria Recinos and Maria Arreola

Arranges transportation for staff, students and supplies.
Call Transportation for buses, if necessary.

Facilities: Head Custodian - Robert Umali

Recommended filled by School Custodial Team
Coordinates site repairs and use of school facilities; arranges for debris removal
Check water, gas and electricity and report findings to the Incident Commander.
Turn off utilities and intake valves on water heaters if directed. Utilities should not be turned off unless absolutely necessary (e.g., broken gas or water mains, or downed electrical wires)
Help set up emergency sanitation facilities if needed.
Safeguard all usable water within the building.

Communications/IT: Meghan Bramhall and Timothy Ng

Maintains all communication equipment, including radios; provides services to support information technology.
Monitor radio emergency broadcasts.

Finance Team - Provides financial tracking, procurement and cost accounting of incident response

Finance Team Leader: Principal - Joanne Wathen

Provides for the preservation of essential school records.
Takes student emergency information cards and AM/FM radio as the building is evacuated.

Reports to Disaster Response Officer

Time: Attendance Secretary - Karlie Heiser

Maintains incident time logs for all personnel.

Procurement: Office Manager - Elisa Pierson

Tracks and maintains complete records of site expenditures and purchases made by Logistics; manages vendor contracts

Cost: Principal- Joanne Wathen

Provides cost estimates, analysis and recommendations for cost savings

Compensation/Claims: Office Manager - Elisa Pierson

Processes compensation/injury claims related to incident

Teachers - Supervise students in their charge, remain with the students unless assigned to an activated ICS position, or released by Incident Commander

Evacuate safely; take emergency kit and current class list

Take roll as soon as conditions permit such action. **Report missing students to Assembly/Shelter and Care Officer;** if there is reason to believe that a student might be endangered, report need for rescue.

Check with buddy classes when evacuating. If there are seriously-injured persons who cannot be moved report to Search and Recovery Officer

Provide minor first aid until emergency first aid station is established. Indicate need for major first aid assistance. Document first aid provided.

Help to restore order/assist other teachers and students. Talk with students about incident/disaster to help reduce anxiety.

Release students according to the site student release plans as directed by Student Release Officer. When all students are released, physically report to Command Post. Remain on site until released by Incident Commander.

EMERGENCY RESPONSE COMMUNICATIONS

During an emergency:

- Manage your environment to reduce confusion.
- Communicate with students to reduce anxiety and confusion.
- Call 911 if the emergency is in your area (e.g. your classroom) and inform office of the call.
- When evacuating your area communicate all clear by Link to Cliff Notes Evacuation #3 and lock the door. Keep room unlocked if a victim is still inside the room.
- During evacuation do not call the office unless you witnessed the emergency incident or suspects.
- Students should be allowed to text that they are safe but should not talk on the phone.
- Communication may be achieved by the use of intercom, walkie-talkies, telephones, messengers, bullhorns.
- School site direct dial telephones lines will continue to operate. This is usually the line that serves the fax machine. Each site should have one direct-dial telephone unit that can be plugged into this line.
- District school buses have a radio that can call the district. If on campus, the bus radio can be used to communicate with the district.

LOCATIONS

Command Post: The Command Post will be located such that the full emergency assembly area is in view, while maintaining adequate separation from students, evacuation assembly areas, the medical treatment area and student release areas. School personnel designated to contact outside emergency response agencies will notify the responding agency of the location of the Command Post at the school.

Primary Location	This section removed from posted plan for security purposes. If you wish to see the full plan, contact the school principal for an appointment.
Alternate Location	

Evacuation Area: Whenever an evacuation is called ensure that the area is not a potential danger to the evacuees and/or is not in the path of the event. This includes danger from natural disasters, chemical/hazardous materials, explosive devices and potential violence threats. Notify the Incident Commander immediately if evacuation is deemed unsafe.

Primary Location	This section removed from posted plan for security purposes. If you wish to see the full plan, contact the school principal for an appointment.
Alternate Location	
Off-Site Location	
Alternate Off-Site	

First Aid/Emergency Medical Response Center: In the event of a major disaster the First Aid area will act as both triage and treatment units. Two assumptions must be made regarding medical services:

- During a major event, local emergency medical service services may not be available and transportation of the injured may be delayed.
- District employees and visitors will be dependent on first aid rendered by trained district employees.

Primary Location	This section removed from posted plan for security purposes. If you wish to see the full plan, contact the school principal for an appointment.
Alternate Location	

Morgue: In the event of a major incident or disaster resulting in fatalities, the local emergency response agencies may need to set up a morgue at the school. Area should be separate from student evacuation locations.

Primary Location	
Alternate Location	

Student Release: Students will be released only to authorized adults listed on Emergency Release Cards. Adults picking up students must sign the Student Release Log. Identification must be checked

Primary Location	This section removed from posted plan for security purposes. If you wish to see the full plan, contact the school principal for an appointment.
Alternate Location	
Off-Site Location	
Alternate Off-Site	

SCHOOL STAFF EMERGENCY RESPONSIBILITIES

General Staff Responsibilities

All staff members are directly responsible for the protection of students, members of the public and school assets. School administrators and teachers must ensure that appropriate steps are taken during emergencies. General responsibilities for ALL school staff in case of emergency include, but are not necessarily limited to, the following:

- Ensure that students are properly notified of the emergency.
- Take appropriate action with students as conditions require.
- Initiate first aid, rescue, equipment shutdown or damage control as needed.
- Account for all students.
- Notify the Assembly/Shelter and Care Officer of missing persons, or of any employees or students who require medical assistance.
- Contact parents or guardians as appropriate.

District Staff as Disaster Workers

The California Government Code [§3100 et. seq.], declares that all public government employees are disaster workers subject to such disaster service activities as may be assigned to them by their superiors or by law. In accordance with these legal responsibilities of public employees, all district personnel are subject to be called upon and must be prepared if at home or elsewhere, to report for duty in the event of an extreme emergency. Arrangements for care of one's family should be prearranged in order to permit discharge of this emergency responsibility. This law applies to District employees in the following cases:

- When a local emergency has been proclaimed
- When a state emergency has been proclaimed by the governor
- When a federal disaster declaration has been made by the president

All staff members should have a personal plan for themselves and their families that can be implemented during an emergency. Staff members should be prepared to remain on site for as long as 72 hours or longer following an emergency, possibly without contacting their home and families. Staff members with special home considerations should discuss these with the principal prior to any emergency.

Release of Teachers/Staff from Duties as Disaster Workers

Government Code §3100 declares that public employees are disaster service workers, subject to such disaster service activities as may be assigned to them by their superiors or by law. The term public employee includes all persons employed by the state or any county, city, state agency or public district, excluding aliens legally employed.

This means all school staff are considered disaster workers during a major emergency. School personnel assigned to school level Incident Command System positions and responsibilities will assume their posts as assigned by the site Incident Commander. Others

will remain at a central staging location to await assignment as needed. No staff person will be released from their normal or emergency response duties without the expressed permission of the principal or designee as directed by the superintendent or a designee. School principals will not allow such releases of their staff without first obtaining authorization from the superintendent or a designee.

Priority Release of Employees:

Staff members with special home conditions, such as infant children or invalid relatives, are invited to submit a written petition for “first opportunity” release after the crisis stages of an emergency. The administrator in charge will exercise this release at the earliest opportunity as follows:

- Those with dependents
- Those with no dependents
- Administrators

Potential Emergency Types and Responses Part One

School Administrators, teachers, and other staff will, at some time, be forced to deal with different types of potential or actual crises or emergency situations. The following sections describe the most probable situations, with specific response action directions included for each emergency type. The response actions are determined in coordination with the MDUSD Emergency Response Plan, the Incident Command System, and other district policies and guidelines.

ACTIVE SHOOTER SITUATIONS: RESPONDING TO AN ACTIVE SHOOTER SITUATION

School Comprehensive School Safety Plans should include courses of action that will describe how students and staff can most effectively respond to an active shooter situation to minimize the loss of life, and teach and train on these practices, as deemed appropriate by the school.

Law enforcement officers may not be present when a shooting begins. The first law enforcement officers on the scene may arrive after the shooting has ended. Making sure the staff knows how to respond and instruct their students can help prevent and reduce the loss of life.

No single response fits all active shooter situations; however, making sure each individual knows his or her options for response and can react decisively will save valuable time. Depicting scenarios and considering response options in advance will assist individuals and groups in quickly selecting their best course of action.

Understandably, this is a sensitive topic. There is no single answer for what to do, but a survival mindset can increase the odds of surviving. As appropriate for your community, it may be valuable to schedule a time for an open conversation regarding this topic. Though some parents or personnel may find the conversation uncomfortable, they may also find it reassuring to know that, as a whole, their school is thinking about how best to deal with this situation.

During an active shooter situation, the natural human reaction, even if you are highly trained, is to be startled, feel fear and anxiety, and even experience initial disbelief and denial. You can expect to hear noise from alarms, gunfire and explosions, and people shouting and screaming. Training provides the means to regain your composure, recall at least some of what you have learned, and commit to action. There are three basic options: run, hide, or fight. You can run away from the shooter, seek a secure place where you can hide and/or deny the shooter access, or incapacitate the shooter to survive and protect others from harm.

As the situation develops, it is possible that students and staff will need to use more than one option. During an active shooter situation, staff will rarely have all of the information they need to make a fully informed decision about which option is best. While they should follow the plan and any instructions given during an incident, often they will have to rely on their own judgment to decide which option will best protect lives.

RESPOND IMMEDIATELY

It is not uncommon for people confronted with a threat to first deny the possible danger rather than respond. An investigation by the National Institute of Standards and Technology (2005) into the collapse of the World Trade Center towers on September 11, 2001, found that people close to the floors impacted waited longer to start evacuating than those on unaffected floors.²¹ Similarly, during the Virginia Tech shooting, individuals on campus responded to the shooting with varying degrees of urgency.²² These studies highlight this delayed response or denial. For example, some people report hearing firecrackers when in fact they heard gunfire.

Train staff to overcome denial and to respond immediately, including fulfilling their responsibilities for individuals in their charge. For example, train staff to recognize the sounds of danger, act, and forcefully communicate the danger and necessary action (e.g., "Gun! Get out!") to those in their charge. In addition, those closest to the public address or other communications system, or otherwise able to alert others, should communicate the danger and necessary action. Repetition in training and preparedness shortens the time it takes to orient, observe, and act.

Upon recognizing the danger, as soon as it is safe to do so, staff or others must alert responders by contacting 911 with as clear and accurate information as possible.

As part of its preparedness mission, Ready Houston produces “Run, Hide, Fight” videos, handouts, and trainings to promote preparedness among residents of the Houston region. These materials are not specific to a school setting but may still be helpful. These videos are not recommended for viewing by minors. All of these items are available free of charge, and many are available at <http://www.readyhouston.org/videos.html>

Occupants of both towers delayed initiating their evacuation after World Trade Center 1 was hit. In World Trade Center 1, the median time to initiate evacuation was 3 minutes for occupants from the ground floor to floor 76, and 5 minutes for occupants near the impact region (floors 77 to 91). See National Institute of Standards and Technology, 2005. Federal Building and Fire Safety Investigation of the World Trade Center Disaster Occupant Behavior, Egress, and Emergency Communications. Available at http://www.mingerfoundation.org/downloads/mobility/nist_world_trade_center.pdf

Report of the Virginia Tech Review Team, available at <http://www.washingtonpost.com/wpsrv/metro/documents/vatechreport.pdf> and <http://www.washingtonpost.com/wpsrv/metro/documents/vatechreport.pdf>.

23J. Pete Blair with M. Hunter Martaindale, United States Active Shooter Events from 2000 to 2010: Training and Equipment Implications. San Marcos, Texas: Texas State University, 2013. Available at <http://alerrt.org/files/research/ActiveShooterEvents.pdf>

RUN

If it is safe to do so for yourself and those in your care, the first course of action that should be taken is to run out of the building and far away until you are in a safe location.

Students and staff should be trained to

- Leave personal belongings behind;
- Visualize possible escape routes, including physically accessible routes for students and staff with disabilities as well as persons with access and functional needs;
- Avoid escalators and elevators;
- Take others with them, but not to stay behind because others will not go;
- Call 911 when safe to do so; and
- Let a responsible adult know where they are.

HIDE

If running is not a safe option, hide in as safe a place as possible.

Students and staff should be trained to hide in a location where the walls might be thicker and have fewer windows. In addition:

- Lock the doors;
- Barricade the doors with heavy furniture;
- Close and lock windows and close blinds or cover windows;
- Turn off lights;
- Silence all electronic devices;
- Remain silent;
- Hide along the wall closest to the exit but out of the view from the hallway (allowing for an ambush of the shooter and for possible escape if the shooter enters the room);
- Use strategies to silently communicate with first responders if possible, for example, in rooms with exterior windows make signs to silently signal law enforcement officers and emergency responders to indicate the status of the room's occupants; and
- Remain in place until given an all clear by identifiable law enforcement officers.

FIGHT

If neither running nor hiding is a safe option, as a last resort when confronted by the shooter, adults in immediate danger should consider trying to disrupt or incapacitate the shooter by using aggressive force and items in their environment, such as fire extinguishers, and chairs. In a study of 41 active shooter events that ended before law enforcement officers arrived, the potential victims stopped the attacker themselves in 16 instances. In 13 of those cases they physically subdued the attacker.²³ While talking to staff about confronting a shooter may be daunting and upsetting for some, they should know that they may be able to successfully take action to save lives. To be clear, confronting an active shooter should never be a requirement in any school employee's job description; how each staff member chooses to respond if directly confronted by an active shooter is up to him or her. Further, the possibility of an active shooter situation is not justification for the presence of firearms on campus in the hands of any personnel other than law enforcement officers.

BOMB THREAT/SUSPICIOUS PACKAGE

BOMB THREAT

This section removed from posted plan for security purposes. If you wish to see the full plan, contact the school principal for an appointment.

SUSPICIOUS PACKAGE

Anyone discovering a suspicious package, box or strange device will do the following:

- Not touch or remove strange objects.
- Notify the principal.
- Principal will notify the police department, the fire department and the superintendent.
- Principal will evacuate the buildings.

Whenever a bomb threat is received or a suspicious package is found, a police officer will evaluate the threat or object before instituting a search of the buildings or sounding the signal for staff and students to return to the buildings.

The superintendent is to be kept informed of all actions.

EARTHQUAKE

Although the probability of an earthquake occurring is lower than most other emergency types, the potential for injuries and damage from one is high. It is essential that students and staff remain aware of the following basic actions:

If an earthquake or other situation warrants, drop to the floor, take protective position under desks or furniture with backs to windows and hands covering head and face. Stay in position until directed to evacuate or take other protective action.

If outside, move away from buildings and trees and take protective position. When situation permits, proceed to the designated assembly point. Standby: Alert students in your area to stand by for further information. Make whatever assessment of the situation is possible. Render emergency first aid as required.

If inside, stay inside during ground shaking. In classrooms or offices, move away from windows, shelves and heavy objects or furniture that may fall. Take cover under a safe table, desk or counter. At the teacher's command, students should take the DROP position.

If a "shelter" (table, desk, etc.) is not available, move to an inside wall or corner, turn away from windows, kneel alongside wall, and bend head close to knees, with elbows firmly behind neck protecting face.

If notebooks or jackets are handy, hold these overhead for added protection from flying glass and ceilings debris. Remain in sheltered position for at least 60 seconds or until directed to move by an adult.

If in halls, on stairways, or other areas where no cover is available, students must follow the directions of the nearest teacher or school employee.

If in the library, immediately move away from windows and bookshelves and take appropriate cover. In the science lab or shops, all burners should be extinguished (if possible) before taking cover. Stay clear of hazardous chemicals that may spill.

The duration of ground shaking depends on a number of factors, including the severity of the earthquake. Advise students to anticipate shorter or longer episodes of ground shaking during actual earthquakes and their aftershocks.

EARTHQUAKE HAZARDS COMMONLY FOUND IN SCHOOL BUILDINGS:

- Glass that shatters or flies around
- Objects stored above head-level on shelves, walls, and ceilings (such as unused projectors, books, science equipment, boxes)
- Objects that block movement to safe places (books on floors, tipped desks and bookcases)
- Cabinets without latches
- Objects stored on wheels
- Open shelving without a lip or restraining wire
- Free standing cabinets
- Blocked exits
- Objects in hallways that block movement (glass, tables, locker contents)

SETTLING DOWN AFTER THE FIRST SHOCK:

After the first shock, teachers will evacuate the classrooms, being alert to the possibility of aftershocks.

When leaving the classroom, teachers should make every effort to take with them the roll book and emergency supplies.

Announce that no student is to return to the room unless directed to do so.

Teachers will take classes to pre-arranged places on the campus.

Teachers and students will remain in designated areas until re-entry to the building has been approved or they are directed to move elsewhere.

School will remain open indefinitely until every student has been released to parents or to an authorized person.

Do not light any fires after the earthquake because of possible gas leaks.

If possible, notify utility companies of any break or suspected breaks in service.

The **Incident Commander** should procure the advice of the Director of Maintenance and Operations regarding the safety of the buildings.

The **Incident Commander** should keep the superintendent informed of conditions at the school.

Whenever possible disaster supplies should be kept in a locked shed away from the school buildings and accessible once all personnel and students are safely accounted for and secured in the evacuation area.

STUDENT RELEASE

This section removed from posted plan for security purposes. If you wish to see the full plan, contact the school principal for an appointment.

THE GREAT SHAKEOUT EARTHQUAKE DRILLS

All Mt. Diablo USD schools are encouraged to participate in the annual Great ShakeOut Earthquake Drills. See <https://www.shakeout.org/index.html> for more information.

FIRE

In the event a fire is detected within a school building, the school fire alarm will be sounded. This will automatically implement the action to LEAVE THE BUILDING.

Upon receiving the order to evacuate, staff will assume their designated positions in the hallways of the school. They will then monitor the evacuation procedures and assure that all persons have left the building. Staff are also responsible to ensure that all disabled persons in the building are assisted as necessary.

1. Take emergency backpack, and attendance information.
2. Teachers evacuate with current class. If evacuation occurs outside of a class period: Proceed to the primary evacuation location.
3. Upon exit post green sign to indicate room is all clear and lock door. Keep unlocked if victim is inside.
4. Check with buddy teacher. Assist/evacuate both classes if needed.
5. If on prep or don't have a class: Proceed to the primary evacuation location.
6. Check common areas while evacuating.
7. Evacuate to primary location via assigned route, adjust as needed.
8. At evacuation location, line up, and take attendance.
9. Hold up GREEN card if all students are accounted for. RED card if missing students or assistance required. If not used, describe alternate practice:
N/A
10. Stay with class unless you are released to assume other duties.
11. Release from drill will be All Clear
12. Communicate with your students and maintain control.

The fire department will be notified. The police and superintendent should also be notified.

Access roads to the school campus should be kept open by **Security/Traffic** team personnel.

Students and staff will not return to the buildings until the fire department declares the area safe and the **Incident Commander** has announced the ALL CLEAR.

Clothing on fire: STOP. DROP. ROLL. Use other pieces of clothing to help smother the flames. Immediately call 911. Render first aid.

INTRUDER ALERT/ANTI-VIOLENCE RESPONSE

This section removed from posted plan for security purposes. If you wish to see the full plan, contact the school principal for an appointment.

ACTIVE ALERT: LOCK DOWN

This section removed from posted plan for security purposes. If you wish to see the full plan, contact the school principal for an appointment.

STAFF ROLES DURING ACTIVE LOCK DOWN

This section removed from posted plan for security purposes. If you wish to see the full plan, contact the school principal for an appointment.

PRACTICE ALERT: LOCK DOWN

16. The principal will announce, Announce via PA System that this is a practice drill.

17. Follow the instructions above for an Active Alert. Release from Drill is: All Clear

Intruder drills are practiced each year. Staff training is provided. Ample warning and preparation are made so that students and families are aware of the drills. Law enforcement should be invited to participate in these drills

Potential Emergency Types and Responses Part Two

CHEMICAL SPILLS WITHIN THE SCHOOL

In the event of a chemical spill or incident at school, the site administrator will determine what emergency action to take depending upon the circumstances. Teachers in the area shall do the following:

- Restrict the area of the incident and evacuate the area as deemed necessary.
- Rescue injured or trapped persons and remove from area, if trained to do so.
- Provide first aid as needed.
- If possible, determine the name(s) of the chemical(s) and provide that to the emergency respondents.
- Allow no one in the immediate area of the spill except emergency personnel.
- The office will alert classes to, "Shelter-in-Place."
- Notify the Superintendent's office.

CHEMICAL ACCIDENT NEAR THE SCHOOL

Warning of a chemical accident is usually received from fire and/or police departments or from emergency services officials when such accident occurs sufficiently near a school to be a threat to the safety of students and staff. An overturned tanker, a broken fuel line, and an accident in a commercial establishment that uses chemicals are all potential hazards. Whether the accident occurs at the school or off the school grounds, the site administrator shall determine if there is need to EVACUATE or to SHELTER-IN-PLACE. This decision will be made in coordination with offsite emergency respondents. If it is necessary to evacuate the area, move crosswind, never directly with or against the wind which may be carrying fumes. Get upwind as quickly as possible.

CRISIS INVOLVING INDIVIDUAL STUDENTS AND/OR STAFF

The sudden death, serious injury to a student or staff member either through natural causes, accidents or as the result of an act of violence, such as school shooting, missing students (known or suspected abduction), physical assault, sexual assault, non-natural or non-accidental causes or other unexpected events are, without question, a crisis. Responding to these kinds of crisis situations in a timely and effective manner is as critical as dealing with an earthquake or a fire.

1. Contact Student Services to request the District Crisis Intervention Team immediately following a serious injury, accident or death of a student or staff member.
2. Work with your school psychologist to determine identification of short- and long-term interventions for students or staff traumatized by the event.
3. Work with the Superintendent's office to formulate a public statement.
4. Discuss the crisis in a factual manner in follow up meetings and/or communications.
5. Be sensitive to latent behavior problems that are trauma-related.

A general message will be prepared and whenever possible parents will be contacted first in order to be the first adults to provide the information and support their children. All staff will be debriefed and supported. Activities to best meet the needs of the community will be provided aimed at providing counseling, a way for all to process (writing, drawing, and sharing). Activities such as games, music and reading may be planned over a short period of time to reduce anxiety and work demands. Follow and close monitoring for students and staff to insure latent reactions and responses.

DISCARDED WEAPON OR DRUG LAB/PARAPHERNALIA

DISCARDED WEAPON: GUN OR RELATED ITEM

A staff person may discover a discarded gun or related item or a student may also bring this to a staff person's attention.

In these circumstances:

- Staff will remain at the location and notify the office of the situation.
- The office will immediately notify the local authorities.
- Staff will not take any active response role in these situations.
- Keep the area clear of students and faculty until local authorities have arrived.
- As appropriate, conduct a Shelter in Place.

DISCARDED WEAPON: KNIFE OR RELATED ITEM

A staff person may discover a discarded knife or related item or a student may also bring this to a staff person's attention.

In these circumstances:

- Staff will remain at the location and notify the office of the situation.
- Trained staff as designated by principal or designee will recover the item and notify the authorities as appropriate.

DISCARDED DRUG LAB OR DRUG USE PARAPHERNALIA

A staff person may discover a discarded drug lab or drug use paraphernalia or a student may also bring this to a staff person's attention.

In these circumstances:

- Staff will remain at the location and notify the office of the situation.
- The office will immediately notify the local authorities.
- Staff will not take any active response role in these situations.
- Keep the area clear of students and faculty until local authorities have arrived.
- As appropriate, conduct a Shelter in Place.

EXPLOSION

The DROP command is to be given immediately in the event of an explosion at the school or within a school building.

If the explosion occurs within the building or threatens the building, the teacher will then implement the school evacuation plan. Assemble at the designated assembly area.

Sound the fire alarm and proceed as above for a fire.

Notify the superintendent's office.

FALLEN AIRCRAFT

Warning of a failing or fallen aircraft is usually by sight, sound or fire. If an aircraft falls near the school, the following actions will be taken:

- The site administrator will determine which emergency actions should be implemented. When necessary, teachers will take immediate action to ensure the safety of students if the site administrator is unable to direct emergency action.
- Students and staff must be kept at a safe distance from the aircraft, as it may explode. Move crosswind or stay up wind to avoid fumes.
- Call 911

Notify the Superintendent's office.

NATURAL GAS LEAK OR RUPTURED GAS LINE

The site administrator will evaluate the situation and determine the need for a building evacuation.

Offsite emergency respondents will be called if a leak is suspected.

In general, an evacuation of the building(s) will be conducted whenever there is a strong smell of natural gas within the school. Evacuations under other circumstances will be decided upon based on discussions with offsite emergency respondents. The site administrator will then initiate whatever emergency action is required.

Notify the superintendent's office.

RABID OR VICIOUS ANIMAL

If a rabid or vicious animal is at or in the vicinity of the school, the Animal Control Center should be notified immediately. Teachers shall be notified Shelter In Place. Students outside of the building will be quietly and cautiously sent into the nearest building and secured in a room behind closed doors.

Notify the Superintendent's Office.

SEVERE WINDSTORM

Warning of an impending windstorm is usually received via radio, television or civil defense officials. The United States Weather Bureau can usually forecast severe windstorms. If high winds develop during school hours without sufficient warning, the following emergency actions should be taken:

- Implement action to TAKE COVER. Students and staff should assemble inside shelters or buildings.
- Close windows and window coverings. Seek shelter away from windows.
- Remain near an inside, ground level wall if the building is more than one level.
- Evacuate classrooms that bear the full force of the wind.
- Avoid auditoriums, gymnasiums and other enclosures that have long roof spans.
- Keep tuned to a local radio station for the latest advisory information.
- Take roll and complete a Student Accountability Form.
- Notify site administrator of any break or suspected break in utility lines or buildings which might present an additional hazard.
- If possible, contact and report conditions to the superintendent.
- Don't permit any staff to leave the building until the winds have subsided and it is safe to do so.

UTILITIES LOSS OR FAILURE

LOSS OF ELECTRICAL POWER:

Consult PG&E website for grid of outages: www.pge.com

Contact PG&E to report a Power Outage 1 800-743-5002

WATER EMERGENCY:

Contra Costa Water District Emergency Number 925-688-8374

Golden State Water Company Emergency 800-999-4033, 877-933-9533 (TTY- hearing impaired)

PHONE ISSUES:

Contact Technology Information Services (TIS) at extensions 4094 or 4105 to report phone issues.

ADDITIONAL INFORMATION:

Contact Maintenance, Operations & Facilities at extension 3884 if any utility will be off for an extended period of time.

Notify the superintendent of the situation.

If necessary, make appropriate arrangements with Maintenance and Operations for temporary communications, water delivery and portable rest rooms.

In the event of an extended outage, consult with the cafeteria manager. The cafeteria manager will consult with Food and Nutritional Services x4124.

If an extended outage is likely, provide a School Messenger update to keep parents/guardians informed.

EMERGENCY PREPAREDNESS AND CRISIS RESPONSE PLAN

EVACUATION PROCEDURES

EVACUATION ALARM SYSTEM

A crisis or emergency may warrant an evacuation of the school building(s). Once notified of an emergency situation, the **Incident Commander**, will carry out the initial response actions delineated in the **Emergency Preparedness and Crisis Response Plan**. In consultation with members of the **Incident Command Team**, the principal will determine whether an evacuation is warranted or is the safest action given the character of the emergency.

Incident Command Team members will immediately assume their designated response duties as activated by the **Incident Commander**. The **Disaster Response Officer** will ensure, during the evacuation itself, that all evacuation assistance personnel are operative and performing their respective duties as assigned.

When a decision is made to evacuate, the **Assembly /Shelter and Care Team** leader will immediately report to the assembly area and inspect the area for hazards. The **Assembly /Shelter and Care Team** leader will notify the **Disaster Response Officer** immediately if the area is safe. If not, the **Assembly /Shelter and Care Team** will advise that the evacuation be done to the alternate assembly location.

This evacuation may be a partial evacuation of only portions of the building in a localized emergency [e.g., a small chemical spill] or it may be a general evacuation of all building. When an evacuation is ordered, students and staff will be notified according to the site's **Preparedness and Crisis Response Cliff Notes**.

If deemed appropriate and safe, the school's fire alarm will sound in the event of a general building evacuation. If neither mechanical system is operable, the Incident Commander will utilize office, custodial or student personnel to notify classrooms of the need to evacuate.

COORDINATING THE EVACUATION

Upon receiving the order to evacuate, staff will assume their designated positions in the school. They will then monitor the evacuation procedures and assure that all persons have left the building. Staff are also responsible to ensure that all disabled persons in the building are assisted as necessary.

1. Take emergency backpack, and attendance information.
2. Teachers evacuate with current class. If evacuation occurs outside of a class period: Proceed to the primary evacuation location.
3. Upon exit post green sign to indicate room is all clear and lock door. Keep unlocked if victim is inside.
4. Check with buddy teacher. Assist/evacuate both classes if needed.
5. If on prep or don't have a class: Proceed to the primary evacuation location.
6. Check common areas while evacuating.
7. Evacuate to primary location via assigned route, adjust as needed.
8. At evacuation location, line up, and take attendance.
9. Hold up GREEN card if all students are accounted for. RED card if missing students or assistance required. If not used, describe alternate practice:
N/A
10. Stay with class unless you are released to assume other duties.
11. Release from drill will be All Clear
12. Communicate with your students and maintain control.

EVACUATION ASSEMBLY AREAS

When ordered to evacuate, students and staff will follow the evacuation route prescribed for their respective areas and exit the building in an orderly and controlled manner. Any volunteers or visitors to the classroom should be advised to go with the classroom to the assembly area.

ALL students and staff must report to the assembly area and remain there until the **Incident Command Team**, via the **Assembly /Shelter and Care Team**, notifies them it is clear to return to the building. Under no circumstances are students to leave the area unless released by the teacher in strict accordance with the school's **Student Release Procedures** as outlined in the site's **Preparedness and Crisis Response Cliff Notes**. This will not be done unless it is authorized by the **Incident Command Team**.

Teachers MUST take a head count of all persons under their care to ensure that all students, volunteers and visitors are present. This will be reported to the **Assembly /Shelter and Care Team** as outlined in the site's **Preparedness and Crisis Response Cliff Notes**. If someone is deemed missing, the teacher is to immediately report this fact to the **Assembly /Shelter and Care Team** as outlined in the site's **Preparedness and Crisis Response Cliff Notes**.

ACCESS CONTROL PERSONNEL

Whenever an evacuation is called, the designated **Security/Traffic** response team (designated prior to an emergency) will automatically assume duties as traffic controllers to prevent unauthorized public vehicles or persons access to the school campus and building(s). They will function according to the duties delineation shown in the **Emergency Preparedness and Crisis Response Plan**.

EMERGENCY PREPAREDNESS AND CRISIS RESPONSE PLAN

STUDENT EARLY DISMISSAL AND EMERGENCY SCHOOL CLOSURE

During school hours, all students are considered under the care and supervision of school staff. In all circumstances, and especially in the event of emergency incidents or circumstances, the safety of the students and the school staff is of paramount importance. All actions taken shall bear in mind the safety and well-being of both students and school employees.

Thus, in the event of a major emergency incident or disaster during school hours, school will not be dismissed without the expressed and clear authorization of the District Superintendent or a designee, and children will remain under the supervision of school authorities. Students will only be released from school and District responsibility in strict accordance with the procedures outlined in the District's Early Release Policy as described below. Parents/guardians or designated emergency contacts who come to the school to pick up students must properly identify themselves in order for their children to be released.

RELEASE OF STUDENTS FROM SCHOOL

MDUSD and this school want to reunite parents with their children at the earliest time possible after an emergency situation or major disaster event. However, if it is not possible for parents to pick up their children or make arrangements for others to do so, students will be held at the school or other area until such time as they can be safely released. Each year the school will notify all parents of the procedure for reuniting parents with children in the event of an emergency at school. Parents are encouraged to print out and complete the **ABC's – Three Steps to Protect Your Child during Emergencies in the School Day (Appendix B)**

In the event students are held at a school, they may be released only to the student's own parent(s) or a person authorized beforehand by the parent. As a part of annual registration, sites collect emergency contact information in AERIES. From AERIES, **Emergency Cards** shall be printed and used for this purpose. It is recommended sites print copies for teachers to have on hand in their emergency packs along with roll information. Office shall also print out the **Emergency Student List** or **Emergency Cards** and maintain that in the office emergency evacuation kits.

Parents or others must check with this school's **Student Release** team at the emergency **Student Release Location** prior to pick up of their children. Teachers will release students according to the procedure outlined under the **Emergency Student Release Procedures** described below.

EMERGENCY RELEASE PLAN PROCEDURES

Teachers will utilize the following procedures to properly release students from their care to a parent, legal guardian or person authorized in writing to pick up the student:

1. At time of emergency, students remain with their current classes. Teacher takes roll on an Accountability Form and await direction from **Incident Commander** via **Student Release** team.
2. **Incident Command** will communicate with district office for dismissal directive. Students will report to (first period or other) classes, upon **Student Release** team directive.
3. This section removed from posted plan for security purposes. If you wish to see the full plan, contact the school principal for an appointment.
4. Students will be released only to authorized adults listed on the **Emergency Card** or **Emergency Student List**. Adults picking up students must sign **Student Release Log** and indicate destination. Unless otherwise directed by **Incident Commander** via **Student Release officer**, a runner takes message to teacher with name of student being released and name of adult picking up student. Teacher double-checks sign-out sheet, stamps/marks student and releases.
5. Students may go home with people listed on **Emergency Card** or **Emergency Student List** if parent can't be reached.
6. Periodically, as students are released, remaining students will be consolidated.
7. Teacher takes attendance after each consolidation, informs **Assembly/Shelter and Care** team as well as the **Student Release** team, and keeps all documentation.

EMERGENCY PREPAREDNESS AND CRISIS RESPONSE PLAN

TRAINING

The key to effective and coordinated emergency response efforts is the proper training of school response personnel as to their duties in an emergency or disaster. Proper training is mandated under the SEMS requirements for District staff and students and by Cal/OSHA for employees of the District.

ALL DISTRICT RESPONSE STAFF AND STUDENTS

All non-response District staff, as well as all students, will receive training in the following areas:

- Brief overview of the District Emergency Operations Center (EOC) plan and its coordination with School Crisis Response plans.
- Brief overview of the School Crisis Response Plans and its coordination with the District EOC plan.
- Responder positions within each plan and the duty to follow instructions of the response team personnel.
- Use of drills and exercises to provide hands-on instruction to staff and students.

SCHOOL CRISIS RESPONSE TEAM PERSONNEL

All school staff will receive training and detailed information on the **Incident Command System** and its use at a school crisis or disaster response. This will include but is not limited to:

- Initiation and functioning of the ICS Command Post.
- ICS response positions, their responsibilities, and the use of position checklists.
- Development of site Incident Action Plans and the utilization of, and coordination with, EOC actions at the District level.
- Importance of documentation of site ICS activities and damage assessment information.
- Demobilization procedures for down-sizing and closing the ICS Command Post.

DRILLS AND EXERCISES

Because emergencies occur without warning, life-protecting actions must be taken immediately at the first indication of emergency conditions. There may be no time to think through all of the options for what must be done. Emergency drills will be conducted periodically to help familiarize everyone with basic procedures and to help students and staff learn how to react immediately and appropriately.

Exercises and drills will be conducted at the school site level. The essential components of school site emergency drills are classroom training and discussions, demonstrations and exercises designed to help staff and students learn and practice where to seek shelter and how to protect themselves based on the kind of emergency they are facing.

EMERGENCY PREPAREDNESS AND CRISIS RESPONSE PLAN

RECOMMENDED EMERGENCY SUPPLIES

The school shall maintain a quantity of emergency supplies that will be utilized by trained personnel in the event of a school crisis or a district-wide disaster. Some materials should be stored in a central location on campus as a means of providing ready access to assist any area in the school.

Each classroom should also have its own supply of first aid and other equipment to facilitate each teacher in helping the students they are responsible for.

CENTRAL SCHOOL EMERGENCY SUPPLIES

Central School Emergency Supplies are recommended to include at least the following items:

- Two first aid kits (see below)
- Two tool kits (see below)
- Radio (battery-operated) wrapped in plastic bag
- Batteries (left in original packages; replaced in years ending with 0, 3, or 7)
- 5 gallon buckets to be used as water carrier
- Water packets (2-per student)
- Toilet paper
- Hard hats- assembled and ready to use
- Blankets (4 wool, 5 space blankets)
- Large plastic tarps
- Sheets for medical use (slings) or to signal for specific help. (Sheets will be spread out on the lawn as needed. (Colored or labeled depicting triage type- Red/ Yellow/Green)

TEACHER EMERGENCY KITS

Teacher Emergency Kits are located in each classroom. It is recommended they contain at least the following:

- Class lists (updated by the teacher as necessary) with a place for parent signatures when releasing students and to assist in the taking of roll.
- Student Accountability Forms
- List of Special Needs students and Medication(s) Information
- Disaster Emergency Cards (one for each student)
- Simple first aid supplies
- Orange/ ID arm band and name card with teacher's name to be worn by the teacher
- Copy of the Campus Response Plan and the District Disaster Plan (Cliff Notes/Summary of plan)
- Water - 2 packets per student
- Flashlight

- Work gloves
- 40 Plastic garbage bags to be used as rain gear
- Clip board
- Pens/pencils/permanent markers (at least one permanent marker to use for triaging student emergency needs)
- Pad of paper

Each employee should have a personal survival kit available at all times containing prescription medicines, extra eye glasses, change of clothes, toiletries, comfortable shoes, jacket and other necessary items.

FIRST AID KITS

School First Aid Kits are recommended to contain at least the following items:

- First aid manual
- Disposable gloves
- Face masks
- 3 triangular bandages
- 6 stretch gauze bandages
- 2 instant ice packs
- 1 after-burn treatment spray
- 2 packages long bandages
- 30 boxes sterile pads for small wounds (120 pads)
- 2 bottles liquid soap
- 6 bottles aspirin
- Hydrogen peroxide
- Paper towels
- Felt pens to identify injured children sent elsewhere for treatment. Write name on child's arm; non-water soluble
- Sheets
- Needle nose pliers for removal of glass
- 6 sanitary napkins (for severe bleeding)
- A zip lock bag containing:
 - 1 tube medicated ointment
 - 5 smelling salts (ammonia inhalant)
 - 2 rolls tape
 - Tweezers
 - Scissors

TOOL KIT(S)

The school Tool Kit(s) is recommended to contain at least the following items:

- Work gloves
- Goggles
- Flashlight (batteries in package)
- Lantern (batteries in box)
- Duct tape
- Masking tape
- Utility knives
- Hammer
- Blade screwdrivers (small, medium, large)
- Crowbar (a longer crowbar is stored in custodian's office)
- Waterproof matches
- Rope
- Nails
- Sheets (to signal for help)
- Spray paint (used to identify "Condition of Search" X)

- Radio
- Large shovel located in custodian's office

LIST OF STAFF WITH SPECIAL SKILLS

Each Central School Emergency Kit and each Teacher Emergency Kit will also contain a list of school staff members with specialized emergency skills. These include, but are not limited to:

- Medical or first aid experience
- Search and rescue experience
- Fire-fighting, chemical spill containment experience
- Communications equipment experience (indicate type)
- Emergency vehicle (indicate type)
- Multilingual Speakers

Site Emergency Preparedness Plan

Safety Plan Timeline and Checklist

The timeline and checklist will assist in addressing mandates and determining that the Incident Command System portion of your comprehensive safety plan is in place and functional.

Campus Disturbances and Disruptions BP/AR 5131.4; BP/AR 3515.2

MDUSD AR 5131.4

Campus Disturbances

Campus Disturbance Plan.

Cambridge Elementary follows district procedures for removing or controlling a campus disturbance followed by incident reporting. The campus perimeter is kept secure after school arrival. All gates are closed at 8:05 AM and reopened at 2:25 PM. Disturbances are managed through a lock-down protocol. If a person or persons are not successfully removed from the campus through requests made by the administrator, then law enforcement is contacted for support and the district is notified of the situation.

There have not been any campus disturbances or disruptions in the 2023/2024 school year.

See Appendix A

Access to School Campus by Visitors BP/AR 1250

MDUSD BP 1250

Visitors/Outsiders

Visitor Registration Procedure:

All school visitors must ring a bell at the locked front school gate. Office staff will be alerted by the bell and use video camera and audio correspondence to identify the visitor and their purpose. Once identified, the visitor is buzzed in and must report to the office before moving around the school campus. Visitors will sign in and be provided with a brightly colored, easily-recognizable "visitor" pass that will be worn in a visible location. Persons without a "visitor" pass or staff ID will be directed to report to the office. An administrator or a noon/campus supervisor will be called if assistance is needed by another staff member to respond to an unidentified person on campus. All gates will be closed during school hours. Classroom doors will remain locked during school hours to prevent unwanted entry of guests. In the event of an unknown or threatening intruder who is behaving in a dangerous or unacceptable manner, the staff will be notified immediately to initiate the lock down procedure. Police assistance will be requested if needed.

In the event of an emergency, any guests or parents on campus will follow the instructions of staff and follow the safety procedures.

See Appendix A

Procedures for Safe Ingress and Egress of Pupils, Parents, and Staff AR 0450

Describe the procedures for safe passage when students and adults are entering and leaving school grounds. Identify your site's access points. Describe the utilization of campus supervisors, security personnel, and security equipment. Students enter and exit the school from one location. Students living on the east side of campus enter the school from Lacey Lane. The use of sidewalks and a crosswalk is enforced by a crossing guard. Parking lot safety staff assist parents who drop off/pick up their students in a vehicle. Lanes are marked by painted arrows and safety cones. Drivers are directed to pull forward in the parking lot, to an area where students can be dropped off/picked up safely. Lacey Lane has been coned off for parents to only be able to turn right onto Lacey Lane after dropping off or picking up their student. This helps ease the flow of traffic since parents are no longer blocking the street to make a left turn.

Parents dropping students off in the morning may wait outside of the gate. Only students and staff are allowed on campus. Administrators are stationed in the front and the back of school. Staff also provides supervision 10 minutes prior to the start of the school day. After school, parents await students' release from school at the front of the school.

Many parents meet their students at school and walk with them to their homes. Noon supervisors and certificated staff are stationed in front of the school to ensure the safety of students and families. Orange safety vests are worn for easy identification. All visitors use the east entry at the front of the school.

Key Safety Elements:

- use of crosswalk and crossing guard
- drop off for breakfast 7:20 am
- drop off at the gate 7:30 am
- vehicle drop off -counter-clockwise traffic flow, one lane, three drop off stops in the center of the circle, use seat belts, no cell phone use, follow directions of campus supervisors
- Lacey Lane: coned off for parents to only be able to turn right back onto Lacey lane after dropping off and picking up their student.
- use sidewalks and crosswalks
- wear helmets, walk bicycles and scooters and lock them in appropriate locations
- walk in all hallways, crosswalks and sidewalks
- tardy students check in at the office
- leave the school promptly unless enrolled in an after school program or under supervision of an adult
- students leaving campus early will be signed out by an authorized adult
- campus supervisors will utilize walkie talkies for communication

Communication with parents regarding safe drop off and pick up procedures is shared in multiple ways (i.e. School Site Council, English Learner Advisory Committee, Coffee with the Principal, conversations, parent newsletters, school messenger, etc.)

See Appendix A

Students with Disabilities

If you have not described them elsewhere in your safety plan, include adaptations for students with disabilities in accordance with the federal Americans with Disabilities Act of 1990 (42 U.S.C. SEC §. 12101 et seq.) for disaster procedures, routine and emergency.

Students with medical concerns (i.e. cystic fibrosis, diabetes, asthma, food allergies, etc.) will have medical supplies in the classroom, when appropriate, and in the nurse's office. The school nurse or office staff will monitor the needs of these students in the event of an emergency. Teachers undergo training by the school nurse at the beginning of each school year to address topics that pertain to our students with medical needs.

Cambridge Elementary Incident Command Structure

Incident Commander
Principal - Joanne Wathen
Provides overall direction of response at school site; determines level of staffing; communicates with local public safety and District EOC

Public Information Officer
Community Service Liaison - Angelica Arias
Media liaison, official spokesperson for school; coordinates information for parent community

Disaster Response Officer
Vice Principal - Madyson Benz
Ensures activities are conducted in safe manner, assures safety of personnel (staff, students, volunteers and responders)>

Agency Liaison
Office Manager - Elisa Pierson
Assists in establishing and coordinating outside agencies that provide services or resources (E.G. Red Cross)

Operations
Office Manager - Elisa Pierson
Supports on-scene response at school site; develops Incident Action Plan with Incident Commander, coordinates After Action Report with section chiefs

Planning
Vice Principal - Madyson Benz
Collects, evaluates and documents information about incident, including status of students staff and facilities, coordinates demobilization of ICS response

Logistics
Vice Principal - Madyson Benz
Provides services, personnel and supplies in support of incident response.

Finance/Administration
Principal - Joanne Wathen
Provides financial tracking, procurement and cost accounting of incident response, administers incident-related compensation and claims

Search and Recovery
Nora Ruan and Naima Armenta
Searches facility for injured and missing students and staff; conducts initial damage assessment; provides light fire suppression

First Aid
Adrienne Christensen and Karlie Heiser
Provides triage and medical care; establishes morgue, if needed.

Situation
Principal - Joanne Wathen
Processes and organizes all incident information, including staff student and facility status, maintains ICS status boards and school site map

Food and Supplies
Rachel Tabar and Caitlyn Merletti
Assesses supply resources at site, including food and water, procures supplies and provides personnel, as requested, including volunteers.

Time
Attendance Secretary - Karlie Heiser
Maintains incident time logs for all personnel.

Security/Traffic
Lindsay Jarboe and Linda Khatami
Coordinates security needs; establishes traffic and crowd control; restores utilities; secures perimeter and isolates ire/HazMat

Assembly/Shelter and Care
Stacey Flurscheim and Mariola Garcia
Provides accounting and long-term care for all students until reunited with parents caretakers; manages food and sanitation needs of students.

Documentation
Office Manager - Elisa Pierson
Collects and archives all incident documents

Transportation
Valeria Recinos and Maria Arreola
Arranges transportation for staff, students and supplies.

Procurement
Office Manager - Elisa Pierson
Tracks and maintains complete records of site expenditures and purchases made by Logistics; manages vendor contracts

Crisis Intervention
Counselor- Oralia Chavez & School Psychologist - Valeria Gonzalez
Provides onsite counseling and intervention; determines need for outside mental health support

Student Release
Veronica Leno, Kelly Drake, and Beth Kim
Provides for systematic and efficient reunification of student with parents/caretakers; maintains records of student release

Resources/Staffing
Teresa Stratton and Mara Cabides
Tracks equipment and personnel assigned to the incident, checks in all resources (incoming equipment, personnel and volunteers).

Facilities
Head Custodian - Robert Umali
Coordinates site repairs and use of school facilities; arranges for debris removal

Cost
Principal- Joanne Wathen
Provides cost estimates, analysis and recommendations for cost savings

Demobilization
Patricia Benavides and Persia Islas
Coordinates orderly and safe release of assigned resources and deactivation of incident response at the site

Communications/IT
Meghan Bramhall and Timothy Ng
Maintains all communication equipment, including radios; provides services to support information technology functions.

Compensation/Claims
Office Manager - Elisa Pierson
Processes compensation/injury claims related to incident

This section removed from posted plan for security purposes. If you wish to see the full plan, contact the school principal for an appointment.

This section removed from posted plan for security purposes. If you wish to see the full plan, contact the school principal for an appointment.

Opioid Prevention and Life-Saving Response Procedures

School Administrators, and staff volunteers, are trained annually to recognize symptoms of an overdose and administer Naloxone. All schools are provided with free Naloxone in the event of a suspected overdose.

Rescue steps include:

- Step 1: Checking for signs of overdose
 - o Loss of consciousness
 - o Fingernails or lips blue/ purplish black
 - o Can't rouse - unable to speak
 - o Face pale or clammy
 - o Limp body
 - o Vomiting
 - o Breathing/heartbeat slow or stopped
 - o Choking sounds or snore-like gurgling
- Step 2: Call 911
- Step 3: Administer Naloxone and rescue breathing
- Step 4: Monitor and administer Naloxone again, if necessary

Naloxone lasts for 30 to 90 minutes and may wear off before the effects of opioids wear off, resulting in another overdose. If possible, stay with the person for several hours to ensure they don't overdose again. If the person cannot walk and talk well after waking up, it is very important that they are taken to the hospital for additional medical support.

Maps

Insert labeled site maps that contain the following information:

1. Ingress and egress patterns.

This section removed from posted plan for security purposes. If you wish to see the full plan, contact the school principal for an appointment.

2. Evacuation routes.

This section removed from posted plan for security purposes. If you wish to see the full plan, contact the school principal for an appointment.

3. Incident Command System locations: command post, morgue, first aid center, evacuation assembly area, student release area, media area.

This section removed from posted plan for security purposes. If you wish to see the full plan, contact the school principal for an appointment.

4. Emergency and first aid supply locations, and school tool kit(s) locations.

This section removed from posted plan for security purposes. If you wish to see the full plan, contact the school principal for an appointment.

5. Location of AEDs.

This section removed from posted plan for security purposes. If you wish to see the full plan, contact the school principal for an appointment.

6. Locations of utility lines and shut off valves.

This section removed from posted plan for security purposes. If you wish to see the full plan, contact the school principal for an appointment.

Appendix A: Active Shooter Event Quick Reference Guide

When law enforcement arrives:

- Remain calm and follow instructions
- Drop items in your hands (e.g., bags, jackets)
- Raise hands and spread fingers
- Keep hands visible at all times
- Avoid quick movements toward officers, such as holding on to them for safety
- Avoid pointing, screaming or yelling
- Do not ask questions when evacuating

Information to provide to 911 operations:

- Location of the active shooter
- Number of shooters
- Physical description of shooters
- Number and type of weapons shooter has
- Number of potential victims at location

For questions or additional assistance contact:

Your local law enforcement authorities or FBI Field office:

Department of Homeland Security
3801 Nebraska Ave, NW
Washington, DC 20528

An “active shooter” is an individual who is engaged in killing or attempting to kill people in a confined and populated area; in most cases, active shooters use firearms(s) and there is no pattern or method to their selection of victims.

- Victims are selected at random
- Event is unpredictable and evolves quickly
- Knowing what to do can save lives

ACTIVE SHOOTER EVENTS

When an Active Shooter is in your vicinity, you must be prepared both mentally and physically to deal with the situation.

You have three options:

- Have an escape route and plan in mind
- Leave your belongings behind
- Evacuate regardless of whether others agree to follow
- Help others escape, if possible
- Do not attempt to move the wounded
- Prevent others from entering an area where the active shooter may be
- Keep your hands visible
- Call 911 when you are safe

- Hide in an area out of the shooter's view
- Lock door or block entry to your hiding place
- Silence your cell phone (including vibrate mode) and remain quiet

- Fight as a last resort and only when your life is in imminent danger
- Attempt to incapacitate the shooter
- Act with as much physical aggression as possible
- Improvise weapons or throw items at the active shooter
- Commit to your actions . . . your life depends on it

The first officers to arrive on scene will not stop to help the injured. Expect rescue teams to follow initial officers. These rescue teams will treat and remove injured.

Once you have reached a safe location, you will likely be held in that area by law enforcement until the situation is under control, and all witnesses have been identified and questioned. Do not leave the area until law enforcement authorities have instructed you to do so.

EASY AS ABC

THREE STEPS TO PROTECT YOUR CHILD DURING EMERGENCIES IN THE SCHOOL DAY

ASK how you would be reunited with your child in an emergency or evacuation

BRING extra medications, special food, or supplies your child would need if you were separated overnight

COMPLETE a backpack card and tuck one in your child's backpack and your wallet

ASK how you would be reunited with your child in an emergency or evacuation

How would you find your child if an emergency happened during the school day?

If students had to evacuate, where should parents/guardians go for pick up?

Student release by the play structure on the blacktop.

How would the school notify you in the event of emergency?

Robo phone call and use of social media: web site, Parent Square email, Twitter, ClassDojo, Instagram and Facebook

BRING extra medications, special food, or supplies your child would need if you were separated overnight

An emergency might require a sudden sleepover. Tell school administrators about any extra supplies your child may need to safely make it through a night away from home.

What essential supplies would your child need if separated from you overnight? (Medications? Inhaler? Milk? Diapers? Battery pack for special equipment?)
Water and food.

Does the school have an emergency stockpile of these items? **YesX No**

If your child has special medications, can extras be kept at the school? **YesX No**

What is the school policy for how and when medicine can be administered to your child?
Turn in medical release and doctor's plan to the office, meeting with admin and school nurse, medicine kept in the office at school with instructions on how to administer.

COMPLETE a backpack card and tuck one in your child's backpack and your wallet

Emergencies are chaotic! Make sure your child or their school knows how to reach you, and who should be called if your phone isn't working.

Complete an emergency contact card to make sure you and your child know how to get in touch quickly.

Mayor:

MT. DIABLO
UNIFIED SCHOOL DISTRICT

MT. DIABLO UNIFIED SCHOOL DISTRICT
JAMES W. DENT EDUCATION CENTER
1936 Carlotta Drive
Concord, California 94519-1358
(925) 682-8000, ext. 4220

The Honorable Mayor Laura Hoffmeister
Concord City Hall
1950 Parkside Drive
Concord, CA 94519

February 1, 2023

Dear Mayor Hoffmeister:

Each year California public schools are required to prepare and/or update a Comprehensive School Site Safety Plan per California Education Code Section 32286. The Comprehensive School Safety Plan shall include, but is not limited to, the following:

- Assessment of school crimes committed on school campuses and school related activities;
- Identification of appropriate strategies and programs that will ensure a high level of school safety;
- Child Abuse reporting procedures;
- Disaster procedures;
- Policies that lead to student suspension and/or expulsion;
- Procedures to notify teachers of dangerous students;
- Discrimination and Harassment policies;
- Provisions of a school-wide dress code that prohibits pupils from wearing gang related apparel;
- Procedures for safe ingress and egress of pupils;
- Assurance of a safe and orderly school environment conducive to learning;
- Rules and procedures regarding school discipline; and
- Hate crime reporting procedures.

Before the Comprehensive School Safety Plan is adopted, the School Site Council or the School Safety Planning Committee shall hold a public meeting at the school site in order to allow members of the community the opportunity to express an opinion about the school's safety plan. The School Site Council or the School Safety Planning Committee shall notify, in writing the following persons or entities, if available, of this public meeting:

- The local mayor
- A representative of the school employee organization(s);
- A representative of each parent organization at the school site, including the parent/teacher association and parent/teacher clubs;
- A representative of the student body government; and
- All persons who have indicated that they want to be invited.

Attached please find a schedule of all MDUSD school site Safety Plan public hearings, with the meetings sorted by city and date of meeting. You are encouraged to attend these meetings. The meetings are an excellent opportunity for you to become familiar with the schools' safety plans and to provide input.

Please contact the school's Safety Plan contact if you are planning to attend a meeting or if you have questions regarding this matter.

Sincerely,

Christina Filios Yiannakopoulos

Chief of Police Mark Bustillos
City of Concord
1350 Galindo Street
Concord, CA 94520

February 1, 2023

Dear Chief Bustillos:

Each year California public schools are required to prepare and/or update a Comprehensive School Site Safety Plan per California Education Code Section 32286. The Comprehensive School Safety Plan shall include, but is not limited to, the following:

- Assessment of school crimes committed on school campuses and school related activities;
- Identification of appropriate strategies and programs that will ensure a high level of school safety;
- Child Abuse reporting procedures;
- Disaster procedures;
- Policies that lead to student suspension and/or expulsion;
- Procedures to notify teachers of dangerous students;
- Discrimination and Harassment policies;
- Provisions of a school-wide dress code that prohibits pupils from wearing gang related apparel;
- Procedures for safe ingress and egress of pupils;
- Assurance of a safe and orderly school environment conducive to learning;
- Rules and procedures regarding school discipline; and
- Hate crime reporting procedures.

Before the Comprehensive School Safety Plan is adopted, the School Site Council or the School Safety Planning Committee shall hold a public meeting at the school site in order to allow members of the community the opportunity to express an opinion about the school's safety plan. The School Site Council or the School Safety Planning Committee shall notify, in writing the following persons or entities, if available, of this public meeting:

- The local mayor
- A representative of the school employee organization(s);
- A representative of each parent organization at the school site, including the parent/teacher association and parent/teacher clubs;
- A representative of the student body government; and
- All persons who have indicated that they want to be invited.

Attached please find a schedule of all MDUSD school site Safety Plan public hearings, with the meetings sorted by city and date of meeting. You are encouraged to attend these meetings. The meetings are an excellent opportunity for you to become familiar with the schools' safety plans and to provide input.

Please contact the school's Safety Plan contact if you are planning to attend a meeting or if you have questions regarding this matter.

Sincerely,

Christina Filios Yiannakopoulos

Dear MDEA, MDSPA, CST, CSEA, and Teamsters representatives:

Each year California public schools are required to prepare and/or update a Comprehensive School Site Safety Plan per California Education Code Section 32286. The Comprehensive School Safety Plan shall include, but is not limited to, the following:

- Assessment of school crimes committed on school campuses and school related activities;
- Identification of appropriate strategies and programs that will ensure a high level of school safety;
- Child Abuse reporting procedures;
- Disaster procedures;
- Policies that lead to student suspension and/or expulsion;
- Procedures to notify teachers of dangerous students;
- Discrimination and Harassment policies;
- Provisions of a school-wide dress code that prohibits pupils from wearing gang related apparel;
- Procedures for safe ingress and egress of pupils;
- Assurance of a safe and orderly school environment conducive to learning;
- Rules and procedures regarding school discipline; and
- Hate crime reporting procedures.

Before the Comprehensive School Safety Plan is adopted, the School Site Council or the School Safety Planning Committee shall hold a public meeting at the school site in order to allow members of the community the opportunity to express an opinion about the school's safety plan. The School Site Council or the School Safety Planning Committee shall notify, in writing the following persons or entities, if available, of this public meeting:

- The local mayor
- A representative of the school employee organization(s);
- A representative of each parent organization at the school site, including the parent/teacher association and parent/teacher clubs;
- A representative of the student body government; and
- All persons who have indicated that they want to be invited.

Attached please find a schedule of all MDUSD school site Safety Plan public hearings. You can also access this schedule through this link: <https://bit.ly/MDUSDPublicHearings2324>

You are encouraged to attend these meetings. The meetings are an excellent opportunity for you to become familiar with the schools' safety plans and to provide input.

Please contact the school's Safety Plan coordinator (contact information is included in the attached schedule) if you are planning to attend a meeting or if you have questions regarding this matter.

Sincerely,

Christina Filios Yiannakopoulos
