

Wyoming Trout in the Classroom Application

Trout in the Classroom is a collaboration between Trout Unlimited and the Wyoming Game and Fish Department. Over a semester, teachers and students raise trout and release them into local waterways. Classrooms become a place to explore the life cycle of trout, water quality and conservation. Teachers use a customizable interdisciplinary curriculum to fit their students' grade levels and interests.

The 2024-25 program application will close on September 30th at 11:59 p.m.

For questions, please email Wyoming TIC's state coordinator, Frances Schaetz, at frances.schaetz@wyo.gov.

Grant Application

Grants are available for schools that are interested in bringing Trout in the Classroom to their school. Grants help cover the cost of equipment to participate. Participating classrooms will not handle the funding, but receive equipment they request that is paid for with grant funds.

Please familiarize yourself with the equipment needed for the program here: <https://www.troutintheclassroom.org/teachers/equipment/equipment-list-2/>.

Download this form and mark an "X" next to the item(s) you're requesting to have paid for with grant funding. Upload your completed form to the application as a PDF or image.
