WHAT IS WRAPAROUND?

Wraparound is an evidence-based program for youth with complex mental health needs who are receiving the most intensive psychiatric services. In 2005, due to the Children's System Change Initiative, Fidelity Wraparound was implemented to ensure that youth and families with acute mental health needs are connected to and supported by an array of services and supports.

Marion County Wraparound is focused on establishing a TEAM using a strength-based approach that is family-driven and youth guided, to develop one plan with measurable goals and action steps. The plan is based on the strengths and culture of the youth and their family.

We believe that youth are best served in their own homes and in their own communities, with their families at the center. The team meets regularly to review progress and ensure ongoing support. During their time in the program, we build natural supports, which are individuals who will continue to help the family and grow self-efficacy so that youth and families can continue to meet their needs, beyond Wraparound.

CHILDREN AND YOUTH WILL HAVE CONNECTIONS TO PEOPLE THAT LOVE THEM, SKILLS TO SUCCEED WITH EACH LIFE TASK, AND HOPE FOR THE FUTURE.

-- Wraparound Mission
