SAFE

RESPONSIBLE

RESPECTFUL

A community centered in a restorative approach:

Restorative Practices (RP) is a mindset, not a curriculum or program, that focuses on building positive relationships and provides opportunities for community members to take responsibility for their behavior and their lives. At the heart of restorative practices is the belief that we are all in this together, as a community. At Betty Adams, we work alongside students and families to improve student outcomes all while maintaining a safe learning environment.
