ARE YOU A PARENT AND BUSINESS OWNER? LET'S CONNECT!

Dear MUSD Parents,

Today's Partners Luncheon provided a meaningful opportunity to connect with local business leaders to discuss how we can work together to support our students and the future of Maricopa.

If you're a parent *and* local business owner, we'd love to hear from you. Our next luncheon is in February, and we want you there! Complete the [New Business Partner Form](#) to provide your business information, and we'll send you an invitation closer to the event.

At Maricopa Unified, we value partnerships that create shared benefits, such as:

- Hosting student performances at your events
- Offering internships for hands-on experience
- Renting our facilities for community events
- Becoming an ambassador for MUSD
- Sponsoring academic programs or volunteering your time

Together, we can build partnerships that benefit our students and our community. Let's create opportunities that help Maricopa thrive.

Thank you for choosing MUSD.

Sincerely,

Dr. Tracey Lopeman, Superintendent
Maricopa Unified School District
