

Device Protection Plan

All students in the WYASD receive a Chromebook to help enhance their educational experience. This device, while property of the District, is still the responsibility of the student. The District offers an Optional Device Protection Plan for unexpected accidents. This plan covers the device for the 2022-2023 school year or until \$280 worth of claims is met. The cost for the plan is **\$25 per device**. More information can be found in the 1:1 Device Guide which can be found under the Technology Department tab of the District website at www.wyasd.org.
