Dear Mount Olive Township School Community,

We are pleased to share an important update on the development of our district's Strategic Plan. Over the past months, the Strategic Core Planning Team, composed of a diverse group of stakeholders—including staff, parents, students, and community members—worked diligently to lay the foundation for the future of our schools. Their collaboration and diverse perspectives have resulted in the creation of key goals that will guide our district in the coming years.

With this significant milestone achieved, the next phase of our strategic planning process will begin. Internal school district committees will now focus on creating specific objectives and action plans for each of these goals. This process will ensure that we continue to move forward with a clear vision and actionable steps to enhance the educational experience for all students in the district.

We want to express our sincere appreciation to the members of the Strategic Core Planning Team for their time and hard work. Their contributions have been instrumental in shaping this plan, and we are excited for what lies ahead as we continue to build on the foundation they have established.

Thank you for your continued support of our schools and for being a part of this important journey.

Warm Regards,

Dr. Sumit Bangia, Superintendent of Schools

Mrs. Elizabeth McDermond, Assistant Superintendent
