## 2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2022-23 School Overview

### Principal's Message

The Yreka Community Day School is one of three schools in the Yreka Elementary School District. It presently serves students in fourth through eighth grades. Students who attend Yreka Community Day School have instruction in the core subject areas but also benefit from instruction tailored to their specific behavioral and/or social emotional needs.

Our goal at Yreka Community Day School is to provide every student with an alternative educational setting so that those students who are having difficulty in the comprehensive setting can have a place to go and work at their own pace. By so doing, they catch up to where they should be academically. The ultimate goal is to take a student who is struggling and get him or her to the point to be able to return to the comprehensive school setting.

### District's Mission Statement

It is the mission of the Yreka Union School District to provide each student with a safe, caring and supportive atmosphere which will foster the intellectual, emotional, and social growth necessary to become a productive and responsible citizen who accepts cultural differences. All parents, students, teachers and staff are part of a supportive team helping children develop personal, educational, social, and ethical values.

## A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

## 2020-21 Teacher Preparation and Placement

Authorization/Assignment	School Number	School Percent	District Number	District Percent	State Number	State Percent

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## 2022-23 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Core subject area committees of teachers and administrators meet to review textbooks and instructional materials for adoption. Recommendations are made to the school board based on committee evaluations of the materials. Adoptions are consistent with the content and cycles of the State Curriculum Frameworks. Current, Standards-based textbooks and instructional materials are purchased and assigned to all students.

## School Facility Conditions and Planned Improvements

The Yreka Community Day School is located at 405 Jackson Street in Yreka, across the street from Jackson Street School. The campus consists of one spacious classroom that was built in 1948. The classroom is fully self-contained with a handicapped bathroom, and a kitchen/cook area. There is a fenced area outside designated for breaks, with a basketball court and a grassy area for students to recreate in. The buildings and restrooms are in good condition, cleaned daily, and adequate for the number of students served. The district participates in the State Deferred Maintenance Program and has scheduled maintenance planned to ensure good repair of all facilities and grounds.

The school facility is cleaned daily by janitorial staff and maintained by District maintenance staff. One hundred percent of the toilets work. There are two sinks within the classroom, one drinking fountain, and a full mini kitchen including range, oven, and refrigerator. The school grounds are clean and well kept with a cyclone fence six feet in height around the perimeter within this facility. Outside the cyclone fence area is a grassy area for playing turf sports and games. There is also a new bench and outside eating area. A forced air conditioner/heating unit was added in July/August of 2007. Re-roofing was completed in the summer of 2008. A ceiling fan was added to re-circulate air in January 2009. New propane tanks were installed to provide subfloor heating to the facility in 2018. Funding is allocated yearly for maintenance projects. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. The interior of the Community Day School classroom was painted in 2019. The exterior of the Community Day School Building was painted during the summer of 2010. Internet infrastructure and wireless was upgraded in 2012. Voice over internet phone system was established district-wide in 2013. A district-wide alarm system was added in October 2014 and upgraded in 2020. The playground was resurfaced in 2020. A bank of windows were removed from the east and west side of the building and replaced with a solid wall. This was done to provide a more efficient use of energy for heating the two classrooms. (July, 2018) A small swale was cut into the playground asphalt to assist with drainage off the playground. (December, 2018)

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**  
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
<b>English Language Arts/Literacy</b> (grades 3-8 and 11)	N/A	--	N/A	29	N/A	47
<b>Mathematics</b> (grades 3-8 and 11)	N/A	--	N/A	18	N/A	33

## 2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

#### 2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2022-23 Opportunities for Parental Involvement

The Yreka Community Day School encourages parents to come into the classroom and volunteer either as a helper, mentor, or by sharing their talent by teaching a project in a field of interest. Anyone who is interested in volunteering must go through a volunteer screening process and should call the school at (530) 842-3561, for more information or to sign-up. Also, the teacher will take a vested interest in each family to open lines of communication between the family and school.

#### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

## Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Subject	School 2019-20	District 2019-20	State 2019-20
Suspensions	33.33	2.04	2.45
Expulsions	0.00	0.00	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

## 2022-23 School Safety Plan

The Yreka Community Day School provides a clean, healthy academic environment for its students; policies and plans are in place to ensure the safety of our students. Fire drills are held once a month, earthquake drills once per quarter, and we have an emergency disaster plan. We are in regular communication with the Yreka Police Department regarding traffic, safety, and situations in which we need assistance. Our Safety Committee conducts monthly safety inspections.

Our School Safety Plan was developed and written after extensive training for the staff and parents. The School Safety Plan was last reviewed, updated, and discussed with the school faculty in September, 2021.

We are committed to ensuring the safety of our students. The current plan addresses the following issues:

- Current status of school crime
- Child abuse reporting procedures
- Disaster procedures
- Suspension and expulsion procedures
- Teacher notification of student behavior
- Sexual harassment
- Board policy dress code
- Safe ingress and egress
- Safe and orderly school environment
- Site rules and procedures

Students arrive at 8:00 A.M. and immediately begin working under the direction of the classroom teacher and a paraprofessional. During recess, the teacher or the paraprofessional is always outside with the students. At 3:00 P.M. our students leave campus to return home.

Visitors on campus are required to sign-in at the classroom/office and provide proof of identification if they are unknown to school personnel. The reason for the visitation is also required.

## Professional Development

First and second year teachers go through the Teacher Inducement to support them in the early years of their career. Teachers attend staff professional development and workshops that are relevant to their work assignments. The District has seven collaboration days scheduled during the school year. These are minimum days that allow time for staff collaboration and professional development. Three additional PLC days are scheduled each month for grade level and content similar teams to collaborate. Staff has been introduced to the idea of Universal Design for Learning (UDL). This helps CDS bridge the gap to ensure CDS students are able to access the general education program that is appropriate for each individual student.

This table displays the number of school days dedicated to staff development and continuous improvement.
