Lynbrook is a comprehensive, 4-year, suburban public school on a modified block schedule, offering a well-rounded educational program to students from West San Jose and a portion of northern Saratoga. The vision of the school is to create a dynamic environment of respect and achievement where all can learn deeply, apply their knowledge and contribute purposefully. Our goal is for students to graduate prepared to succeed in the 21st century with an emphasis in Collaboration, Creative Critical Thinking, Citizenship, and Communication. The Lynbrook Guidance Program consists of four full-time counselors and two part-time College and Career Advisors who engage with students, parents, and staff to deliver a comprehensive guidance program that personalizes the planning and counseling experience based on each student's needs and postsecondary goals.

### Curriculum Notes

Lynbrook maintains a broad range of academic and elective course offerings for students. Beginning in the 2023-24 school year, Health and Introduction to Ethnic Studies courses were introduced as semester-long courses; it is anticipated these courses will become graduation requirements in the coming years. Our business and computer science courses continue to be highly impacted, with many students not able to enroll. Lynbrook students utilize local community colleges and other high school programs for enrichment and most of these courses are not recorded on the Lynbrook High School transcript.
