Rev. 07/2024

Pflugerville ISD Rental Policy

The Pflugerville Independent School District welcomes the use of facilities owned by the district by outside organizations/groups; however, such use of District facilities shall not be permitted when it interferes with the educational program of any campus or District-scheduled activities, including facility maintenance and/or repair projects.

The district is a tax-supported non-profit organization established to serve the students and youth residing within the boundaries of the district. The district may, therefore, differentiate among various categories of organizations/groups (such as youth groups, adult groups, non-profit organizations, for-profit organizations, and civic groups) in establishing the length of time that a facility may be used or the fee charged. All organizations/groups within the same category shall be offered fair and equal access to District facilities. Board Policy GKD (LOCAL)

District should charge a reasonable fee for community use. The Texas Constitution prohibits school districts from spending district resources to serve non-school purposes. Arguably, charging no fees at all constitutes an improper “gift of public funds,” if the district is spending resources to keep its doors open for non-school use.
