Pflugerville ISD Rental Policy

The Pflugerville Independent School District welcomes the use of facilities owned by the district by outside organizations/groups; however, such use of District facilities shall not be permitted when it interferes with the educational program of any campus or District scheduled activities, including facility maintenance and/or repair projects.

The district is a tax-supported nonprofit organization established to serve the students and youth residing within the boundaries of the district. The district may, therefore, differentiate among various categories of organizations/groups (such as youth groups, adult groups, nonprofit organizations, for-profit organizations, and civic groups) in establishing the length of time that a facility may be used or the fee charged. All organizations/groups within the same category shall be offered fair and equal access to District facilities. Board Policy GKD (LOCAL)

The district should charge a reasonable fee for community use. The Texas Constitution prohibits school districts from spending district resources to serve non-school purposes. Arguably, charging no fees at all constitutes an improper “gift of public funds,” if the district is spending resources to keep its doors open for non-school use.

LIABILITY INSURANCE:

User group(s) shall purchase, provide and keep in effect during the use period licensed pursuant to this regulation a liability insurance policy, or rider to an existing policy, naming as additional insured “Pflugerville Independent School District, its officers, employees and agents”, which will provide coverage in the amount of \$1,000,000 for property damage and \$1,000,000 per person and \$1,000,000 per occurrence for personal injury (including death). Coverage provided by such policy or rider must apply to the death or injury of any person and the damage to property that result, directly or indirectly, from the intentional or negligent act or omission of the user’s officers, agents, employees, guests or invitees during the use or occupancy of District. Such insurance shall be with an insurance company or companies authorized to do business in Texas, under policy or policies acceptable to the district and provided no later than 14 calendar days prior to the use. The User must provide the district with a certificate of insurance attesting the existence of a policy or policies providing coverage required or, if requested by District, a certified copy of the policy or policies. If a policy contains deductible provisions, User shall be responsible for payment of the deductible amount for any claim(s).
