# TRANSITIONAL KINDERGARTEN

## OUR PROGRAM

Dry Creek Transitional Kindergarten (TK) instructors are fully credentialed and create lessons based on curriculum that adheres to the California State Content Standards. The primary objective of the TK program is to ensure readiness for kindergarten, with a specific focus on language, literacy, and early math skills. Additionally, our award-winning program places significant emphasis on fostering social, emotional, and motor skill development. Students are encouraged to engage in hands-on, play-based learning through exploration and inquiry. These experiences offer numerous chances for confidence-building, establishing a solid foundation for future success in school.
