

# **2024-2025 Pupil Progression Plan**

**Local Education Agency:  
Iberville Parish School Board**

## **Background and Purpose**

Louisiana state law (R.S. 17:24.4) requires local education agencies (LEAs) to establish a comprehensive Pupil Progression Plan (PPP) based on student performance on the Louisiana Educational Assessment Program (LEAP) with goals and objectives that are compatible with the Louisiana Competency-Based Education Program and which supplements the minimum standards approved by the State Board of Elementary and Secondary Education (BESE). **The plan shall address student placement and promotion** and shall require the student's mastery of grade-appropriate skills before he or she can be recommended for promotion.

The law states that "particular emphasis shall be placed upon the student's proficiency in grade appropriate skills which may be considered in promotion and placement; however, each local school board shall establish a policy regarding student promotion and placement." The law goes on to require the Louisiana Department of Education (LDOE) to establish, subject to the approval of BESE, the level of achievement on the fourth and eighth grade LEAP test—in mathematics, English language arts, science, and social studies—needed for students to advance to grades five and nine. BESE must also determine the nature and application of various intervention options to be used when students fail to meet their [minimum academic standards](#) approved by the board.

The purpose of this document is to assist LEAs in developing their required PPP in accordance with applicable laws and regulations and to codify LEA policies and procedures related to student placement and promotion. In each section of this document, language that conforms to applicable laws and regulations has been pre-populated. Space is provided for LEAs to add any additional local policies and procedures that fulfill the mandate of the law and support students in acquiring proficiency in grade appropriate skills. Once completed, submitted to LDOE, and published locally, teachers shall determine the promotion or placement of each student on an individual basis. LEAs may review promotion and placement decisions in order to ensure compliance with their established policy, and reviews may be initiated by a school's governing body, the local superintendent, or a student's parent or legal custodian.

**Questions about this document should be directed to [PPP@La.Gov](mailto:PPP@La.Gov)**

## I. Placement of students in kindergarten and grade 1

### Kindergarten

The parent or legal guardian of a child who resides in Louisiana and who is age five by September thirtieth of the calendar year in which the school year begins through eighteen shall send their child to a public or nonpublic school, as defined by R.S. 17:236, unless the child's parent or legal guardian opted to defer enrollment of his child in kindergarten pursuant to R.S. 17:151.3 (D) or the child graduates from high school prior to his eighteenth birthday. A child below the age of five who legally enrolls in school shall also be subject to the provisions of this Subpart.

### Grade 1

Any child admitted to kindergarten pursuant R.S. 17:151.3 (D) shall be eligible to enter first grade upon successful completion of kindergarten and shall have satisfactorily passed an academic readiness screening, provided all other applicable entrance requirements have been fulfilled.

The age at which a child may enter the first grade of any public school at the beginning of the public school session shall be six years on or before September thirtieth of the calendar year in which the school year begins.

Any child transferring into the first grade of a public school from another state and not meeting the requirements herein regarding kindergarten attendance shall be required to pass an academic readiness screening administered by the LEA prior to the time of enrollment for the first grade.

***In the space below, please describe any additional placement considerations or policies required by the LEA. Include the names of any required assessments and explain how results will be used.***

\*1st grade students not attending a state approved kindergarten program will be given the Iberville Reading Progression Assessment and District Math Benchmark to determine academic readiness for first grade.

The SAT will review the student's performance results to determine the student's appropriate grade placement.

\*The DRDP-K (Desired Results Developmental Profile for Kindergarten Assessment) will be used as the Developing Skills Checklist for every child entering kindergarten for the first time. Results are obtained from direct observation and anecdotal notes. All students are placed in kindergarten and assessments take place during the first 30 days of school.

## II. Promotion and retention of students in grades K, 1, 2, 3, 4, 5, 6, and 7

### Promotion for students in kindergarten and grades K, 1, 2, 4, and 5

Teachers shall, on an individual basis, determine the promotion of each student according to the local

PPP. Particular emphasis shall be placed upon the student's proficiency in grade-appropriate skills. Students who have not met the acceptable level of performance may be retained or promoted, but in either case, shall be provided with an expanded academic support plan that adheres to requirements in [Section V. Support for Students](#).

***In the space below, please describe any local policies or additional considerations used to determine promotion of students at the end of grades K, 1, 2, 4 and 5.***

**\*Promotion for Kindergarten:**

- A student must meet minimum state attendance requirements  
159 days present (2024-2025 school year)
- Student progress is reported using the following codes:
  - S (Satisfactory)
  - P (Progressing)
  - N (Needs Improvement)
- A Kindergarten student may be retained with adequate documentation indicating a lack of performance and consensus among the parent, teacher, principal, and SBLC/SAT. A single standardized test score, such as reading/math screeners, shall not be the sole determining factor for retention in Kindergarten.

**\*Promotion for 1st & 2nd Grade:**

- A student must meet minimum state attendance requirements  
159 days present (2024-2025 school year)
- Proficiency in grade appropriate skills
- Attain a "D"-as a final grade in ELA, Reading Foundations, Math and Social Living

**\*Promotion for 4th Grade:**

- A student must meet minimum state attendance requirements  
159 days present (2024-2025 school year)
- Shows proficiency as indicated on state literacy assessments and/or writing assessment
- Attain a "D" as a final grade in ELA, Math, Science and Social Studies

\*To ensure 4th grade students show adequate growth, students identified as non- proficient in 2 or more core academic subjects shall be placed on an individual academic improvement plan for the subject (s) where he/she was identified as non-proficient. Several strategies a school could utilize to ensure the appropriate supports are in place include, but are not limited to, the following:

- Provide additional instructional minutes in the subject where the student was identified as non-proficient.
- Schedule routine meetings with stakeholders to monitor the progress of individual students through the analysis of quantitative and qualitative data.
- Provide tier 2 and tier 3 (RTI) interventions using materials designed to "bridge" instructional gaps as identified through standardized test reports and/or diagnostic test results.

- Utilize individualized computer-based programs or other progress monitoring measure on a regular basis

**\*Promotion for 5th Grade:**

- A student must meet minimum state attendance requirements 159 days present (2024-2025 school year)
- Proficiency in grade appropriate skills
- Attain a “D” as a final grade in ELA, Math, Science and Social Studies

**\*Final Grade Averaging for Grade 1, 2, 4, & 5**

Students are required to have 4 quality points for the year with at least 2 points earned in the second semester.

For final grades, fractions at or above  $\frac{1}{2}$  will be rounded off the next highest number.

**Consideration for Grades 5**

The SBLC may decide to transfer a student to the next grade, IF the student scored Basic, Mastery or Advanced on the current year’s state assessment or on or above the minimum proficiency level of the district assessment in the subject area he/she did not pass.

**(In cases where the criteria for promotion are not met, student placement will be determined by the SBLC. The SBLC will consider student performance data and other factors including:**

- Age
- Previous retentions
- School performance on the State’s Standards
- Summer remediation program participation reports
- Attendance during the regular school year
- Special circumstances
- Increased performance on the retest from first to second testing

**\*Promotion Criteria for grades 7**

- A Students' shall not be promoted in grades 7 and 8 if he/she fails the following:
- Any two major subjects (ELA, Math, Social Studies, Science), or
- Any combination of one major subject and two minor subjects
- A student must meet minimum state attendance requirements 159 days present (2024-2025 school year)

**\*Final Grade Averaging**

Students’ grades will be averaged to attain a final grade. The final grade shall reflect a letter grade average of four marking periods and a final exam grade.

- Examination grades will be included in averaging grades for those grade levels where applicable.
- Students are required to have 4 quality points for the year with at least 2 points earned in the second semester including the final exam grade

For final grades, fractions at or above  $\frac{1}{2}$  will be rounded off to the next highest number.

For 7th and 8th graders enrolled in courses for Carnegie credits, refer to the promotion guidelines for 9th – 12th.

Promotion criteria for students with disabilities identified under the Individuals with Disabilities Education Act (IDEA), with a current IEP, shall be determined by the student's IEP team. (Per Act 833, 2014 and BESE guidelines and regulations)

**(In cases where the criteria for promotion are not met, student placement will be determined by the SBLC. The SBLC will consider student performance data and other factors including:**

- Age
- Previous retentions
- School performance on the State's Standards
- Summer remediation program participation reports
- Attendance during the regular school year
- Special circumstances
- Increased performance on the retest from first to second testing

\*Students with characteristics of dyslexia, who are served in a multisensory structured language program, follow the same criteria for promotion as all other students.

### **Promotion and mandatory retention of students in grade 3**

Except for mandatory retention consideration as described below, teachers shall, on an individual basis, determine the promotion of each student according to the local PPP. Particular emphasis shall be placed upon the student's proficiency in grade-appropriate skills.

Retention will be considered for a student scoring at the lowest achievement level on the state end-of-year literacy screener (DIBELS 8.0) as follows:

- The student shall be provided two additional opportunities to score a higher achievement level on the literacy screener prior to the beginning of the subsequent academic year.
- Any student still scoring at the lowest achievement level after three attempts shall be screened for dyslexia.
- Such a student shall be retained in the third grade unless he or she is found to meet at least one of the good cause exemptions in *Bulletin 1566 – Pupil Progression Policies and Procedures*, §701.
- Promotion on the basis of good cause exemption is subject to the consent of the parent, principal, and superintendent.
- The Student Information System (SIS) must reflect the promotion and the good cause exemption under which promotion was determined.
- Students promoted for good cause shall be provided an expanded academic support plan (see [Section V. Support for Students](#)).
- Students retained in third grade pursuant to this requirement shall be provided an expanded academic support plan, 90 minutes of daily reading instruction, and 30 minutes of daily reading intervention.

LDOE will provide to each LEA a roster of third grade students who have been identified for the purposes of this section, assisting the LEA in making final determinations relative to students' required

plans.

- The decision to retain a student as a result of his/her failure to achieve the standard on the LEAP shall be made by the LEA in accordance with this PPP.
- The expanded academic support plan shall continue to be in effect until such time as the student achieves a score of "Mastery" in each of the core academic subjects that initially led to the development of the student's individual plan.

***In the space below, please describe any local policies or additional considerations used to determine promotion of students at the end of grade 3.***

\*Promotion for 3rd Grade:

- A student must meet minimum state attendance requirements  
159 days present (2024-2025 school year)
- Proficiency in grade appropriate skills
- Attain a "D" as a final grade in ELA, Math, Science and Social Studies

\*Final Grade Averaging for Grade 3

Students are required to have 4 quality points for the year with at least 2 points earned in the second semester.

For final grades, fractions at or above  $\frac{1}{2}$  will be rounded off the next highest number.

### Consideration for Grades 3

The SBLC may decide to transfer a student to the next grade, IF the student scored Basic, Mastery or Advanced on the current year's state assessment or on or above the minimum proficiency level of the district assessment in the subject area he/she did not pass.

***(In cases where the criteria for promotion are not met, student placement will be determined by the SBLC. The SBLC will consider student performance data and other factors including:***

- Age
- Previous retentions
- School performance on the State's Standards
- Summer remediation program participation reports
- Attendance during the regular school year
- Special circumstances
- Increased performance on the retest from first to second testing

### **Promotion of students in grades 6 and 7**

Teachers shall, on an individual basis, determine the promotion of each student according to the local PPP. Particular emphasis shall be placed upon the student's proficiency in grade-appropriate skills.

***In the space below, please describe any local policies or additional considerations used to determine promotion of students at the end of grades 6 and 7.***

**\*Promotion for 6th Grade:**

- A student must meet minimum state attendance requirements  
159 days present (2024-2025 school year)
- Proficiency in grade appropriate skills
- Attain a “D” as a final grade in ELA, Math, Science and Social Studies

Note: MSA Academy 6th grade students earn letter grades in the Arts, Physical Education and Foreign Language.

**\*Final Grade Averaging for Grade 6**

Students are required to have 4 quality points for the year with at least 2 points earned in the second semester.

For final grades, fractions at or above  $\frac{1}{2}$  will be rounded off the next highest number.

**Consideration for Grade 6**

The SBLC may decide to transfer a student to the next grade, IF the student scored Basic, Mastery or Advanced on the current year’s state assessment or on or above the minimum proficiency level of the district assessment in the subject area he/she did not pass.

**(In cases where the criteria for promotion are not met, student placement will be determined by the SBLC. The SBLC will consider student performance data and other factors including:**

- Age
- Previous retentions
- School performance on the State’s Standards
- Summer remediation program participation reports
- Attendance during the regular school year
- Special circumstances
- Increased performance on the retest from first to second testing

**\*Promotion Criteria for grades 7**

- A Students' shall not be promoted in grades 7 and 8 if he/she fails the following:
- Any two major subjects (ELA, Math, Social Studies, Science), or
- Any combination of one major subject and two minor subjects
- A student must meet minimum state attendance requirements  
159 days present (2024-2025 school year)

**\*Final Grade Averaging**

Students’ grades will be averaged to attain a final grade. The final grade shall reflect a letter grade average of four marking periods and a final exam grade.

- Examination grades will be included in averaging grades for those grade levels where applicable.
- Students are required to have 4 quality points for the year with at least 2 points earned in the second semester including the final exam grade

For final grades, fractions at or above  $\frac{1}{2}$  will be rounded off to the next highest number.

For 7th and 8th graders enrolled in courses for Carnegie credits, refer to the promotion guidelines for 9th – 12th.

Promotion criteria for students with disabilities identified under the Individuals with Disabilities Education Act (IDEA), with a current IEP, shall be determined by the student's IEP team. (Per Act 833, 2014 and BESE guidelines and regulations)

**(In cases where the criteria for promotion are not met, student placement will be determined by the SBLC. The SBLC will consider student performance data and other factors including:**

- Age
- Previous retentions
- School performance on the State's Standards
- Summer remediation program participation reports
- Attendance during the regular school year
- Special circumstances
- Increased performance on the retest from first to second testing

\*Students with characteristics of dyslexia, who are served in a multisensory structured language program, follow the same criteria for promotion as all other students.

### **III. Promotion and support of students in grade 8 and high school considerations**

#### **Regular Grade 8 Promotion**

Eighth grade students shall score at least at the "Basic" achievement level in either English language arts or mathematics and "Approaching Basic" in the other subject in order to be promoted to the ninth grade. Students who do not meet the promotion standard after taking the eighth grade state assessments may be placed on a high school campus in the transitional ninth grade. For any student who recently completed the eighth grade and is transferring into the LEA from another state or country, the LEA shall review the student's academic record to determine appropriate placement in ninth grade or transitional ninth grade. Such placement shall occur no later than October 1 of each school year.

#### **Grade 8 Promotion Waivers**

An LEA, through its superintendent, may grant a waiver on behalf of individual students who are unable to participate in LEAP testing or unable to attend LEAP summer remediation, including summer remediation required for placement in transitional ninth grade, because of one or more of the following extenuating circumstances as verified through appropriate documentation:

- *Physical Illness*—appropriate documentation must include verification that the student is under the medical care of a licensed physician for illness, injury, or a chronic physical condition that is acute or catastrophic in nature. Documentation must include a statement verifying that the illness, injury, or chronic physical condition exists to the extent that the student is unable to participate in remediation.

- *Custody Issues*—certified copies of the court-ordered custody agreements must be submitted to the LEA at least ten school days prior to summer remediation.

### **Transitional 9<sup>th</sup> Grade**

Any first-time eighth grade student who does not meet the passing standard set forth in BESE *Bulletin 1566*, §703, and any student not eligible for any waiver pursuant to §707 of the bulletin, after completing summer remediation, may be placed on a high school campus in transitional ninth grade.

LEAs shall follow the guidelines set forth in §703 to determine, based on evidence of student learning, whether eighth grade students may be promoted to the ninth grade or placed on a high school campus in transitional ninth grade. The percentage of an LEA's eighth graders placed in transitional ninth grade is expected to remain stable over time. In the event that the percentage of an LEA's eighth graders placed in transitional ninth grade exceeds the percentage of eighth graders in that LEA eligible for transitional ninth grade at the conclusion of the prior school year, the local superintendent of that LEA shall provide a written justification to the state superintendent.

The initial decision to place a student in the transitional ninth grade or to retain a student in the eighth grade shall be made by the school in which the student is enrolled in the eighth grade, in consultation with the student's parents.

The LEA shall admit transitional ninth grade students, subject to any admissions requirements approved by the school's governing authority or charter authorizer.

For any student who recently completed the eighth grade from another state or country and is transferring into the LEA after summer remediation has taken place, the LEA shall review the student's academic record to determine appropriate placement in ninth grade or transitional ninth grade. Students placed in the transitional ninth grade shall complete the remediation program offered by the LEA. Such placement shall occur no later than October 1 of each school year.

After one full year of transitional ninth grade, students shall be included in the ninth grade graduation cohort for high school accountability purposes.

Students enrolled in transitional ninth grade shall receive appropriate academic support in any subjects in which they did not score at or above proficient, as determined by BESE. A plan outlining such academic support shall be included in the student's individual graduation plan (IGP). Progress pursuant to such specified academic support shall be reviewed at least once throughout the school year in order to determine effectiveness and any needed adjustments.

***In the space below, please describe any local policies or additional considerations used to determine promotion of students at the end of the eighth grade.***

\*In addition to the notes above and in accordance with Bulletin 1566, IPSB will use the following criteria for determining transitional 9th grade placement.

- Whether or not the student meets the passing standard on the district spring benchmark assessment or meets the expectations set for successfully completing summer remediation
- Growth from beginning of summer remediation to end of summer remediation on district-assigned pre-and posttests.

- Grade assigned by teacher of record in the school year and summer remediation

\*Number of subjects in which the student was identified as non-proficient

- Qualitative data from parents, teachers, counselors and administrators including:
  - Attendance
  - Effort
  - extenuating circumstances
  - Age and/or number of previous retentions
  - Previous Testing History
  - Areas of weaknesses identified through a 1508 evaluation and/or IEP

\*The criteria or types of data school SAT members should consider when making the determining if placement in transitional 9th grade is appropriate could include, but are not limited to, the following:

- Student performance on state interim assessments/district benchmarks
- Meets the expectations set for successfully completing summer remediation
- Growth from beginning of summer remediation to end of summer remediation on district-assigned pre-and posttests.
- Grade assigned by teacher of record in the school year and summer remediation
- Number of subjects in which the student was identified as non-proficient
- Qualitative data from parents, teachers, counselors and administrators including:
  - attendance
  - effort
  - extenuating circumstances
- Age and/or number of previous retentions
- Standardized Testing History
- Areas of weaknesses identified through a 1508 evaluation and/or IEP

\*Participation contracts signed by student and parent are reviewed to track student progress and will be attached to each student IGP.

The Graduation Coach mentors students regarding grades, attendance, behavior, .....at least once each quarter.

Seminars are held monthly for 30 minutes through Career Readiness Class.

\*Student progress is tracked through a review of progress report grades, report card grades, benchmark test results, and/or summer school data.

Annually, students track their progress with an IGP and update as needed. Parental participation is encouraged, and parental consent is requested for IGP updates.

### **High school promotion and transition considerations**

**Instructional Minutes:** When awarding credit based on instructional time, LEAs shall provide a minimum of 7,965 instructional minutes for one Carnegie credit, and students shall be in attendance for a minimum of 7,515 minutes. In order to grant one-half Carnegie credit, LEAs shall provide a minimum of 3,983 instructional minutes, and students shall be in attendance for a minimum of 3,758 minutes.

**Individual Graduation Planning:** By the end of the eighth grade, every student (with the assistance of his parent or other legal custodian and school guidance personnel, counselor) or IEP team (when applicable) shall begin to develop an [IGP](#). An IGP guides the next academic year's coursework, assisting students in exploring educational and career possibilities and in making appropriate secondary and postsecondary education decisions as part of an overall career/post secondary plan.

**Financial Aid Planning:** The [linked memorandum](#) outlines the updated Free Application for Federal Student Aid (FAFSA) policy BESE approved at its March 2024 meeting, a repeal of the policy requiring graduating seniors to complete steps related to the FAFSA application. This policy change will be effective starting with the graduation cohort of 2024-2025 and does not remove the requirement of LEAs to provide students and their parents or guardians with information regarding financial aid programs to support postsecondary education and training. LEAs must ensure that each student receives adequate support in completing and submitting an application for financial aid. However, a student action related to FAFSA completion will not be required. An updated parent and student financial aid planning toolkit will be made available to school systems. Please contact [ldefinancialaid@la.gov](mailto:ldefinancialaid@la.gov) with questions.

**Early Graduation:** Each LEA shall develop an early graduation program allowing students to accelerate their academic progress, complete all state graduation requirements, and receive a high school diploma in less than four years.

- The early graduation program may include distance education (§2326), dual enrollment (§2327), and Carnegie credit and credit flexibility (§2314).
- LEAs shall not have any policies or requirements that would prevent students from graduating in less than four years.

### **Credit Recovery Courses and Units**

1. Beginning in 2020-2021, the LEA credit recovery program and policy will be included in the local PPP submitted to LDOE.
2. Students may earn a maximum of seven credit recovery units that may be applied towards diploma graduation requirements and no more than two Carnegie units annually. The school system must annually report to LDOE the rationale for any student:
  - i. receiving more than two credit recovery credits annually; and/or
  - ii. applying more than seven total credit recovery Carnegie units towards graduation requirements.
3. Students earning Carnegie credits in a credit recovery course must have previously taken and failed the field. Previously attempted coursework is considered an academic record and must be recorded on the official transcript.
4. Completed credit recovery courses must be recorded and clearly labeled on the official transcript.
5. Students enrolled in credit recovery courses are not required to meet the instructional minute requirements found in §333.A of this Part.

6. Credit recovery courses must be aligned with state content standards and include a standards aligned pre-assessment to identify unfinished learning and a standards aligned post-assessment to demonstrate course proficiency for content identified as non-proficient.
7. Credit recovery courses taught in a classroom setting using online courses designed for credit recovery must have an assigned certified Louisiana teacher of record or certified teacher of record recognized through a state reciprocity agreement facilitating the instruction.
8. The end-of-course exam weight in a student's final grade determined by the LEA must be the same for a traditional course and a credit recovery course. Students who have previously passed the end-of-course exam, but have failed the course, may choose to retain the previous end-of-course exam score in lieu of participating in an additional administration of the exam.

***Local policies or additional considerations used to determine the promotion of students in Grades 9 and above and to support their attainment of a high school diploma.***

\*A student in the secondary grades (9 – 12) is placed on a grade level based on the number of Carnegie units earned. To meet graduation requirements, a student repeats only required subjects failed. To earn credit in a subject, a student must be enrolled and be in attendance in a course for at least 80 days during the semester.

In order to receive (1) full Carnegie Credit, the student must earn (4) quality points with (2) quality points being in the second semester.

Semester and final grade averages will be rounded for averages of a 0.6 or higher. Example 1: Student earns a D and an F for an average of 0.5. The semester average would be an F because 0.5 is less than 0.6.

Example 2: Student earns a C and a D for an average of 1.5. The semester average would be a C because 1.5 is higher than 0.6.

6 units including English I / Math = Grade 10

12 units including English I, II / a Math = Grade 11

16/17 units (providing the 7 remaining units being taken would permit graduation as defined by SDOE. = Grade 12

Classification is based on the total number of units earned.

A senior (12th grade) student who has accumulated 20 or more units shall be required to take at least four (4) subjects/units per semester, none of which shall be subjects/units the student has previously taken and passed. The four (4) required subjects/units may include college courses that have been approved by the State Department of Education and/or the Louisiana Board of Regents. Under the 4 x 4 block system, a senior must be enrolled in a minimum of two subjects/units per semester to be eligible to compete. A senior attempting four units in the first semester must pass all four units to be eligible in the second semester.

Likewise, a senior attempting five units in the first semester must pass all five units, and a senior taking six or more units in the first semester must pass six units for second semester eligibility.

Fifth year seniors (or more) will follow the schedule that will complete their requirements for graduation.

\*Principals may award credit in one-half unit increments to a student enrolled in a full credit course, provided the student has achieved a passing grade and has met attendance requirements within a given semester. (i.e. attained both academic success at 60% or higher and a minimum rate of 94% attendance during the semester).

For ½ credit earned, the final grade shall reflect a letter grade averaged of 2 marking periods AND a final exam

\*Students may earn credit for courses taken through the district's virtual program, and /or the state approved Keyboard Proficiency Exam provided that the student scores 70% or above on the proficiency assessment and/or the final exam of the course, where applicable.

### **Grade 9 – 12**

1. The local school board shall follow the policies and procedures established in Bulletin 741, Handbook for School Administrators, and other local requirements for student acceleration:
2. Movement into and out of advanced courses is limited to the first semester and midterm only.
3. Honors courses require\*:
  - (a) Proficient on the state mandated assessments (in the appropriate subject area)
  - (b) Teacher recommendation
  - (c) GPA of 3.0 or better in the course content from the previous year.

\*Applicable to home base schools (Not applicable for academies)

4. Advanced Placement courses will utilize college board entrance requirements
5. Dual Enrollment courses: will utilize Board of Regents criteria  
Student outcomes listed on the syllabus, midterms, and finals must, at minimum, be identical to what is offered and expected on the college campus. Variations in the syllabus may be allowed to accommodate the needs of the high school or the matching high school course, but such variations cannot negatively impact student outcomes, midterms, or finals in the college credit course.

Assignments, midterms, and finals must be graded at a college level for the college credit, regardless of course delivery method, location, instructor, facilitator, or process. Grades awarded may differ between what is on the secondary transcript and what is on the postsecondary transcript but the grade on the secondary transcript shall not be lower than the grade received on the postsecondary transcript.

**\*\*A state high school diploma will be awarded in less than 4 years to a student who meets the state minimum high school graduation requirements.**

### **NCAA Update**

Nontraditional courses are taught online or through distance learning, hybrid/blended, independent study, individualized instruction, correspondence or similar means.

Generally, for a nontraditional course to count as an NCAA-approved core course, it must meet all of the following requirements:

- The course must meet all [requirements for an NCAA-approved core course](#).
- All students in the course must have regular instructor-led interaction for the purpose of instruction, evaluation and assistance for the duration of the course. This may include, for example, exchanging emails between the student and teacher, online chats, phone calls, feedback on assignments and the opportunity for the teacher to engage the student in individual or group instruction.
- The course must have a defined time period for completion. For example, it should be clear how long students are required to be enrolled and working in the course and how long a school would permit a student to work on a single nontraditional course.
- Student work (e.g., exams, papers, assignments) must be available for evaluation and validation.
- The course should be clearly identified as nontraditional on the student's official high school transcript.

A nontraditional course may not be approved for any of the following reasons:

- Does not have teacher-based instruction.
- Does not require regular and ongoing instructor-led interaction between the student and teacher.
- Does not require students to complete the entire course.
- Does not prepare students for four-year college class work.
- Does not have official student grade records.
- Does not meet NCAA core-course requirements.

*Note:* See Nontraditional Courses (NCAA Bylaw 14.3.1.2.2) for a [complete list of requirements](#).

If a nontraditional course or program at your school/district has not yet been reviewed by the NCAA, please contact [Eligibility Center](#) Customer Service staff at 877-622-2321.

### **Credit recovery programs**

Many high schools offer credit recovery or credit retrieval programs, which allow students to receive credit for a course they previously failed.

These courses are also reviewed by the High School Review staff. For a credit recovery program to be

approved, the courses must meet the following requirements:

1. The courses must meet NCAA core-course requirements and, in some instances, nontraditional course requirements.
2. The high school must follow its credit recovery policies regardless of whether the student is an athlete. The Eligibility Center may request the high school's policy if necessary.
3. Repeated courses must be substantially comparable, qualitatively and quantitatively, to the previously attempted course.

***In the space below, please describe any local policies or additional considerations used to ensure that online classes meet NCAA requirements.***

Virtual learning is offered to students through regularly scheduled course classes, the alternative site, as well as students assigned due to special circumstances. To ensure that online classes meet NCAA requirements, curriculum leaders will ensure all present and future online (virtual) programs are aligned with state curriculum standards, specific curriculum skills as well as scope and sequence.

#### **IV. Placement of transfer students**

- The local school board shall establish written policies for the placement of students transferring from all other systems and home schooling programs (public, nonpublic, both in and out-of-state, and foreign countries).
- Students in grades 5 and 9 transferring to a public school from any in-state nonpublic school (state approved and not seeking state approval), any approved home study program, or Louisiana resident transferring from any out-of-state school, shall be administered the English language arts and mathematics portions of the LEAP placement test. Students who have scored below the "basic" achievement level shall have placement and individual academic support addressed in the same manner as non-transfer students in accordance with §701 and §703.
- Any child transferring into the first grade of a public school from out of state and not meeting the requirements for kindergarten attendance shall be required to pass an academic readiness screening administered by the school system prior to the time of enrollment for the first grade, in accordance with the state law.

***In the space below, please describe any additional considerations or local policies related to placement of transfer students.***

\*Students of all grade levels who have been on state approved home study programs and wish to re-enter Iberville Parish Schools will:

- Report to the assigned school.
- Present a copy of the approved application for each year that the student has been in the home study program.
- Present a report that provides information about the program of studies pursued by the student while in home study.

\*The student shall be placed using the following guidelines:

- Evaluations from norm referenced tests according to parish standards.
- Tests similar to state mandated assessment in reading and math.
- Recommendations by the SAT.

\*Elementary placement for home study students:

The assigned school shall evaluate the student's instructional level using diagnostic and achievement instruments normally used in the school for new students. Students re-entering during the semester must successfully complete all required course work from point of entry

\*Middle school placement for home study students:

It is recommended that the students re-enter at the beginning of a semester. Students re-entering during the semester must successfully complete all required course work from point of entry.

\*Students in grades 5 and 9 transferring to the public school system from the home schooling program shall be required to meet proficiency requirements in the English Language Arts and mathematics portions of the state diagnostic or district assessment.

\*The entrance tests used to determine grade placement will be the state assigned assessment, district benchmark assessment and/or Reading Progression Assessment

\*A student entering an Iberville Parish public school at the secondary level (9-12) from an approved or unapproved school will not be granted any units of credit unless he requests and is administered a state proficiency exam and/or school proficiency exam developed in accordance with Bulletin 741 for each course to be evaluated.

## **V. Support for students**

### **Uniform grading policy**

LEAs shall use the following uniform grading system for students enrolled in all grades K-12 for which letter grades are used.
