3111 CREATING POSITIONS

The Board of Education recognizes its authority to create and fill teaching staff member positions to implement a thorough and efficient system of free public schools.

The Board shall, upon the Superintendent's recommendation, create new positions as required and approve job titles and job descriptions. The job description shall outline the background experiences and personal qualities, if any, to be required of candidates or preferred among applicants for a particular position.

The Superintendent shall recommend to the Board such new positions or additions to existing employment categories as may be required by the specific instructional needs of students of the district.

In accordance with the provisions of N.J.A.C. 6A:9B-5.5, titles assigned to teaching staff members shall be recognized by the New Jersey Department of Education. The Department of Education shall maintain and make available a list of approved job titles with corresponding authorized certificates. In the event the Board desires to use an unrecognized title, or if a previously established unrecognized title exists, the Board, prior to appointing a candidate, shall submit to the Executive County Superintendent a written request, including a detailed job description, for permission to use the proposed title. The Executive County Superintendent shall exercise discretion regarding approval of the request and shall determine the appropriate certification and title for the position.

The Executive County Superintendent shall review annually all previously approved unrecognized position titles and shall determine whether the titles will be continued for the next school year. Decisions rendered by the Executive County Superintendent regarding titles and certificates for unrecognized positions shall be binding upon future seniority determinations on a case-by-case basis.

3112 ABOLISHING POSITIONS

The Board of Education will provide the professional staff necessary for the economical and efficient implementation of the educational program of the district. The Board reserves the right to abolish positions and reduce district staff commensurately whenever reasons of economy, reorganization of the school district, reduction in the number of students, or other good cause so warrant. The Superintendent shall continually review the efficiency and effectiveness of the district organization and recommend to the Board the abolishment of positions and the reallocation of duties and positions.

3124 EMPLOYMENT CONTRACT

The Board of Education requires that every nontenured teaching staff member employed by this district annually sign an employment contract for a term of not more than one year.

The employment contract shall include the specific title of the position to which the teaching staff member is appointed; the term for which employment is contracted, including beginning and ending dates; a full description of the certification held by the teaching staff member and the date, if any, on which certification will expire, if applicable; the salary at which the teaching staff member will be employed; and the intervals at which the salary will be paid.

The employment contract will also include a provision for termination of the contract by either the teaching staff member or the Board of Education unless the teaching staff member is represented by a collective bargaining agreement and the agreement has termination provisions.

If the teaching staff member is not represented by a collective bargaining agreement or the collective bargaining agreement does not have provisions for termination, the nontenured teaching staff member may terminate the contract with a sixty calendar day notice and the Board may terminate the contract for non-tenured teaching staff members with a sixty calendar day notice.

In the event that the salary entered on the written contract differs from that approved by the Board in a resolution duly adopted, the salary approved by the Board shall be the salary paid.

3125 EMPLOYMENT OF TEACHING STAFF MEMBERS

The Board of Education believes it is vital to the successful operation of the school district that teaching staff member positions be filled with highly qualified and competent professionals.

In accordance with the provisions of N.J.S.A. 18A:27-4.1, the Board shall appoint, transfer, remove, or renew a certificated or non-certificated officer or employee only upon the recommendation of the Superintendent and by a recorded roll call majority vote of the full membership of the Board. The Board shall not withhold its approval for arbitrary and capricious reasons. The Board shall approve the employment, fix the compensation, and establish the term of employment for every teaching staff member employed by this district.

No teaching staff member shall be employed unless he/she is a holder of a valid certificate in accordance with the New Jersey Department of Education and applicable statutes and administrative codes. The Superintendent shall require proof of any candidate's certification or pending application for certification.

The Board will employ substitutes for absent teachers in order to ensure continuity in the instructional program and will annually approve a list of substitutes and rate of pay. The Superintendent or designee shall select substitutes from the list approved by the Board to serve in the place of an absent teaching staff member.

In accordance with the provisions of N.J.S.A. 18A:16-1.1, the Board of Education will provide written notice to a teaching staff member, other than a per diem substitute, of his/her designation as a replacement when the teaching staff member has been designated or appointed by the Board to act in place of any officer or employee during an absence, disability, or disqualification of any such officer or employee subject to the provisions of N.J.S.A. 18A:17-13. Per diem substitutes shall also be informed in their notice of approval that their employment is as a replacement staff member.

The Board may use a private contractor to secure a substitute teacher in accordance with N.J.A.C. 6A:9B-7.1(f).

The Board shall approve the employment, fix the compensation, and set the term of employment for each person employed in a summer school program. The Board will employ only those candidates recommended by the Superintendent. Service as a summer school teacher will not count toward the accrual of tenure or seniority.

The Superintendent shall recommend to the Board the employment of qualified coaches for the district's interscholastic and/or intramural athletic programs. The Board will employ as athletic coaches only those persons who have experience in and knowledge of the specific sport, are properly certified, and possess the personal characteristics that qualify them to serve as role models to students.

In accordance with the provisions of N.J.A.C. 6A:9B-5.16(a), any teaching staff member in the employ of the Board of Education shall be permitted to organize public school students for purposes of coaching or for conducting games, events, or contests in physical education or athletics. The Superintendent may recommend to the Board the employment of a qualified candidate for an interscholastic athletic coaching position who is a holder of either a New Jersey teaching certificate or a substitute credential, pursuant to N.J.A.C. 6A:9B-5.16(b), to work in the interscholastic athletic program provided the position has been advertised. The twenty day limitation noted in N.J.A.C. 6A:9B-7.4(a) shall not apply to coaching situations.

An athletic coach employed by this district who is not a regular employee of this district shall be employed only for the duration of the specific sport season. He/She shall be paid the stipend and no out-of-district athletic coach shall be eligible for tenure or for employment benefits.

An athletic trainer shall possess an educational services certificate issued by the State Board of Examiners pursuant to N.J.S.A. 18A:26-2.4 and 18A:26-2.5.

The Board of Education shall not employ for pay or contract for the paid services of any teaching staff member or any other person serving in a position which involves regular contact with students unless the Board has first determined, consistent with the requirements and standards of N.J.S.A. 18A:6-7.1 et seq., that no criminal history record information exists on file in the Federal Bureau of Investigation, Identification Division, or the State Bureau of Identification which would disqualify the individual from being employed or utilized in such capacity or position.

An individual employed by the Board in any substitute capacity or position shall be required to undergo a criminal history record check in accordance with the provisions of N.J.S.A. 18A:6-7.1b.

An individual, except as provided in N.J.S.A. 18A:6-7.1g, shall be permanently disqualified from employment or service in the school district if the criminal history record check reveals a record of conviction for any crime or offense as defined in N.J.S.A. 18A:6-7.1 et seq.

The Board or contracted service provider may employ an applicant on an emergent basis for a period not to exceed three months, pending completion of a criminal history record check if the Board or contracted service provider demonstrates to the Commissioner of Education that special circumstances exist which justify the emergent employment as prescribed in N.J.S.A. 18A:6-7.lc. In the event the criminal history record check is not completed for an emergent hired employee within three months, the Board or contracted service provider may petition the Commissioner for an extension of time, not to exceed two months, in order to retain the employee.

No criminal history record check shall be performed unless the applicant shall have furnished written consent to such a check. The applicant shall bear the cost for the criminal history record check, including all costs for administering and processing the check. The district will deny employment to an applicant if the applicant is required and refuses to submit to a criminal history record check.

A substitute teacher shall follow the daily lesson plan provided by the regular teacher and, when that plan is exhausted or unavailable, the instructions of the Principal. A substitute teacher may not plan or direct an instructional program except as expressly permitted by the Superintendent.

In accordance with the provisions of N.J.S.A. 18A:16-1.1b. and N.J.A.C. 6A:9B-7.4(c), a vacant teaching position may only be filled by one or more individuals employed as substitute teachers and holding an instructional certificate of eligibility (CE), certificate of eligibility with advanced standing (CEAS), or standard certificate issued by the New Jersey State Board of Examiners with an endorsement within the scope of the subject being taught for no more than sixty instructional days in the same classroom per year. The goals of the district mentoring program shall be to enhance teacher knowledge of, and strategies related to, the New Jersey Student Learning Standards to facilitate student achievement and growth; identify exemplary teaching skills and educational practices necessary to acquire and maintain excellence in teaching; and assist first-year teachers in performing their duties and adjusting to the challenges of teaching. The Board of Education shall determine how each nontenured teacher in his or her first year of employment shall be provided with supports as outlined in N.J.A.C. 6A:9C-5.1(c). The Board shall provide an individual mentor to work one-on-one with a novice provisional teacher in accordance with N.J.A.C. 6A:9C-5.1(d). The Superintendent shall oversee the mentor selection process and ensure the individual mentor meets the minimum requirements required in N.J.A.C. 6A:9C-5.2(a).

In accordance with the provisions of N.J.A.C. 6A:9C-5.4, an approved agency and its designated staff shall be authorized to provide the services, evaluations, and recommendations specified within N.J.A.C. 6A:9B-8.6, 8.7, and 8.9 for provisional Teachers of Supplemental Instruction in Reading and Mathematics, Grades K-8 in their employ.

3130 ASSIGNMENT AND TRANSFER

The Superintendent shall make certified staff assignments in the manner best calculated, in his/her judgment, to enhance the educational program.

Teaching, supervisory and administrative personnel are subject to assignment and transfer after recommendation of the Superintendent and approved by the Board of Education. Procedures for such transfers shall comply with provisions of current negotiated agreements and State and Federal law.

In accordance with the law of New Jersey, the Board of Education directs the Superintendent to assign teachers, administrators and auxiliary personnel to the school in such a way that equivalence of personnel is ensured within the school.

The Superintendent may use his/her discretion to make temporary assignments of existing employees to cover long-term absences of other staff members. It is the policy of the Board that these temporary assignments will be in the best interest of the school district and its students.

It is the policy of the Board that twelve-month employees are expected to work a full school day on such days as school is in session less than full time due to a scheduled non-emergency activity (workshop, in-service, staff meeting, etc.). The Superintendent may dismiss twelve-month employees after less than a full school day's work in any situation where he/she deems their continued attendance to be of little or no value to the educational program being considered at that time.

Part-time teachers shall be scheduled by the Superintendent and in the case of emergency school closings, part-time teachers may be scheduled to work on alternate days than those on which they would have been scheduled in order to affect no loss of instructional time due to school closing.

Any staff member appointed to an extra duty position is expected to serve unless excused for extenuating circumstances. A refusal to serve or resignation from extra duty service without permission may constitute an act of insubordination and subject the employee to disciplinary procedures.

In the event the tenure charges are charges of inefficiency pursuant to N.J.S.A. 18A:6-17.3, except in the case of Principals, Assistant Principals, and Vice Principals in school districts under full State intervention, where procedures are governed by the provisions of N.J.S.A. 18A:7A-45 and such rules as may be promulgated to implement it, the procedures and timelines outlined in N.J.A.C. 6A:3-5.1(c) shall be observed.

Filing and service of petition of appeal as outlined in N.J.A.C. 6A:3-1.3, shall not apply in a case of charges filed with the Commissioner of Education against an employee of a Board of Education or of a school district under full State intervention. In these cases, tenure charges shall not be filed to impose minor discipline on a person serving under tenure.

The Board of Education or the State District Superintendent shall determine whether there is probable cause to credit the evidence in support of the charges and whether such charges, if credited, are sufficient to warrant a dismissal or reduction of salary. Pursuant to N.J.S.A. 18A:6-11, all deliberations and actions of the Board of Education with respect to such charges shall take place at a closed/executive session meeting. In the event the Board of Education or the State District Superintendent finds probable cause exists and that the charges, if credited, are sufficient to warrant a dismissal or reduction of salary, then the Board or the State District Superintendent shall file, within fifteen days, written charges with the Commissioner. The charge(s) shall be stated with specificity as to the action or behavior underlying the charges or the nature of the

However, if the determination of the tenure charge by the arbitrator is not made within one hundred twenty calendar days after certification of the tenure charges, excluding all delays which are granted at the request of such person, then the full salary (except for said one hundred and twenty days) of such person shall be paid beginning on the one hundred twenty-first day until such determination is made.

Should the tenure charge be dismissed at any stage of the process, the person shall be reinstated immediately with full pay from the first day of such suspension. 3146 CONDUCT OF REDUCTION IN FORCE

When teaching staff member positions have been abolished, in accordance with Board Policy No. 3112, the Board of Education will transfer and/or dismiss affected teaching staff members as required by law.

No tenured teaching staff member will be transferred or dismissed in a reduction in force affecting a category of employment in which a nontenured teaching staff member is employed. When two or more nontenured teaching staff members are employed within the category affected by a reduction in force, the nontenured teaching staff member(s) shall be retained in that category who has demonstrated greater competence.

Tenure and seniority entitlements will govern the transfer and dismissal of tenured teaching staff members affected by a reduction in force, except that, when two or more tenured teaching staff members within the same employment category affected by a reduction in force possess an identical seniority entitlement to that category, the teaching staff member(s) shall be retained in that category who has demonstrated greater competence.

The Superintendent shall collect and maintain the information requisite to the calculation of each tenured teaching staff member's seniority status. The Superintendent shall develop and maintain district seniority lists and shall recommend dismissals and transfers in a reduction in force in accordance with those lists. No seniority list shall be a public document or published in the absence of a reduction in force or reemployment from a preferred eligible list.

Teaching staff members affected by a reduction in force will be informed of their seniority status and of the effect of the reduction in force on their employment, as promptly as possible after the Board's action to abolish positions. Wherever possible, the Board will give sixty days notice of a pending dismissal. If notice cannot be given a full sixty days before the end of the employee's service, salary in lieu of notice will be given for the remaining notice period beyond the end of service.

The Board will abide by State law in the matter of retirement agreements. In the event that the Board has any jurisdiction, it will decide on a case-by-case basis.

At the discretion of the Superintendent, employees retiring from the district may be required to participate in an "exit interview," the purpose of which is to ascertain pertinent information from the employee that will be useful in recruitment and retention of employees.

Each year, paid employees who are retiring may be recognized by the Board at the conclusion of the school year.

3150 DISCIPLINE

The Board of Education directs all teaching staff members to observe statutes of the State of New Jersey, rules of the State Board of Education, policies of this Board, and duly promulgated administrative rules and regulations governing staff conduct. Violations of those statutes, rules, policies and regulations will be subject to discipline.

The Superintendent shall deal with disciplinary matters on a case by case basis. Discipline measures will include verbal and written warnings as appropriate and will provide, wherever possible, for progressive penalties for repeated violations. Penalties may include suspension, withholding one or more increments, and dismissal.

In the event disciplinary action is contemplated, notice will be given to the teaching staff member in ordinary and concise language of the specific acts and omissions upon which the disciplinary action is based; the text of the statute, policy, or rule that the member is alleged to have violated; a date when the member may be heard and the administrator who will hear the matter; and the penalty that may be imposed.

3152 WITHHOLDING AN INCREMENT

Advancements on the salary guide, including annual employment and adjustment increments, are not automatically granted and must be earned by satisfactory performance. Advancements require favorable evaluations of the employee's performance of assigned duties, a satisfactory attendance record, and adherence to the rules of this district and high standards of professional conduct.

The Board of Education may determine, by recorded roll call majority vote of the full membership and at any time prior to the commencement of the school year or contract year in which the employee's salary will vest, to withhold any or all of the increments indicated by the salary guide or by Board policy. In no case will the Board withhold a portion of an increment.

The Board shall, within ten days of its formal action to withhold an increment, give written notice to the affected employee of both the action and the reason or reasons for which it was taken.

The purpose of the Board in withholding increments is to improve the educational program and encourage the highest possible professional performance of its employees. Accordingly, all reasonable efforts will be made to inform employees of any deficiencies that may result in the withholding of an increment and to assist them in the correction of those deficiencies.

An increment withheld may be restored only by action of the Board. Nothing in this policy shall limit the right of a successor Board to restore an employee from whom an increment or increments have been withheld to that place on the salary guide he/she would have achieved had the increment or increments not been withheld.

3159 TEACHING STAFF MEMBER/SCHOOL DISTRICT REPORTING RESPONSIBILITIES

The Board of Education and all certificate holders shall adhere to the reporting requirements outlined in N.J.A.C. 6A:9B-4.3 and N.J.S.A.18A:16-1.3. For the purposes of this Policy, “certificate holders” shall include all individuals who hold certificates, credentials, certificates of eligibility (CEs), and certificates of eligibility with advance standing (CEASs) issued by the New Jersey State Board of Examiners. For purposes of this Policy, the term “certificate” shall include all standard, emergency and provisional certificates, all credentials, and all CEAs and CEASs issued by the New Jersey State Board of Examiners.

All certificate holders shall report an arrest or indictment for any crime or offense to the Superintendent within fourteen calendar days of their arrest or indictment in accordance with the provisions of N.J.A.C. 6A:9B-4.3. The report submitted to the Superintendent shall include the date of arrest or indictment and charge(s) lodged against the certificate holder. Such certificate holders shall also report to the Superintendent the disposition of any charge within seven calendar days of the disposition. Failure to comply with these reporting requirements may be deemed “just cause” for revocation or suspension of certification pursuant to N.J.A.C. 6A:9B-4.4. The school district shall make these reporting requirements known to all new employees upon initial employment and to all employees on an annual basis.

The Superintendent shall notify the New Jersey State Board of Examiners when:

1. Tenured teaching staff members who are accused of criminal offenses or unbecoming conduct resign or retire from their positions;
2. Nontenured teaching staff members, including substitute teachers, who are accused of criminal offenses or unbecoming conduct resign, retire, or are removed from their positions;
3. A certificate holder fails to maintain any license, certificate, or authorization that is mandated pursuant to N.J.A.C. 6A:9B for the holder to serve in a position;

Teaching Staff Member/School District Reporting Responsibilities

4. The Superintendent becomes aware that a certificate holder has been convicted of a crime or criminal offense while in the district's employ; or
5. The Superintendent has received a report from the Department of Children and Families substantiating allegations of abuse or neglect, or establishing "concerns" regarding a certificated teaching staff member.

The school district shall cooperate with the New Jersey State Board of Examiners in any proceeding arising from an order to show cause issued by the New Jersey State Board of Examiners and based on information about the certificate holder that the school district provided.

The Superintendent shall also notify the New Jersey State Board of Examiners, in accordance with the provisions of N.J.S.A. 18A:16-1.3, whenever a nontenured, certificated employee is dismissed prior to the end of the school year for just cause as a result of misconduct in office. This notification requirement shall not apply in instances where the employee's contract is not renewed. The Superintendent will comply with the additional notice requirements to the New Jersey State Board of Examiners in the event it is subsequently determined by a disciplinary grievance arbitration, a court, or an administrative tribunal of competent jurisdiction that the basis for the dismissal did not constitute misconduct in office. In addition, whenever the Superintendent of Schools notifies the New Jersey State Board of Examiners of an employee's dismissal for reasons of misconduct in accordance with the provisions of N.J.S.A. 18A:16-1.3, the employee shall receive a simultaneous copy of the notifying correspondence.

In the event the Board of Education determines, pursuant to a tenure charge finding under N.J.S.A. 18A:6-10 or a disorderly person conviction under N.J.S.A. 9:6-8.14, that a teaching staff member has failed to report an allegation of child abuse in accordance with State law or regulations, the Board shall submit a report to the New Jersey State Board of Examiners that outlines its findings. The New Jersey State Board of Examiners shall review the certification of the teaching staff member to determine if the teaching staff member's failure to report warrants the revocation or suspension of his/her certificate. In accordance with N.J.S.A. 9:6-8.14, any person failing to report an act of child abuse, having reasonable cause to believe that an act of child abuse has been committed, may be deemed a disorderly person.

3161 EXAMINATION FOR CAUSE

The Board of Education may, in accordance with law, require the psychiatric or physical examination of any teaching staff member who shows evidence of deviation from normal physical or mental health.

The Superintendent shall recommend to the Board the examination of any teaching staff member whose physical or mental conditions so departs from normal health as to adversely affect the performance of the member's duties. Any such recommendation must be accompanied by competent evidence. If the Board determines that deviation from normal health has been demonstrated, it may require that the member submit to a physical or mental examination.

A requirement for physical or mental examination shall be made known to the employee by written notice setting forth the nature of the examination required, the reasons for the requirement, and a statement offering the member the opportunity to appear before the Board to explain or refute those reasons, provided any such hearing is requested in writing within five working days of the receipt of the notice.

A teaching staff member who fails to request an appearance before the Board within the time permitted or, having appeared before the Board, fails to persuade the Board that he/she should not be required to submit to the required examination shall be ordered to submit to an appropriate examination by a physician or institution designated by the Board and at the Board's expense.

The teaching staff member may, at his/her option, submit names of physicians or institutions to the Board for consideration to complete the appropriate examination(s). The Board is not required to designate a physician or institution submitted for consideration by the teaching staff member, but the Board will not act unreasonably in withholding its approval of a physician or institution submitted by a teaching staff member. The cost of the examination will be borne by the Board if the Board designates a physician or institution from the names submitted from the teaching staff member.

If the teaching staff member's request is denied, or if the teaching staff member does not request the Board to consider a physician or institution, the staff member may elect to submit to an appropriate examination conducted by a physician or institution of the teaching staff member's own choosing and at his/her expense, provided the physician or institution so chosen is approved by the Board, pursuant to N.J.S.A. 18A:16-3, and is authorized and directed by the member to report the results of the examination to the Board.

3211.3 CONSULTING OUTSIDE THE DISTRICT

The Board of Education recognizes that teaching staff members will have expertise and knowledge in areas that other school districts, agencies, and other entities may desire. Recognizing that the school district will request the expertise from teaching staff members from other school districts, agencies and other entities, the Board supports sharing of its teaching staff members with other school districts, agencies, and other entities to the extent it does not interfere with the efficient operation of the school district.

The Superintendent may recommend to the Board a teaching staff member's attendance in another school district, agency or other entity without additional remuneration to the teaching staff member or school district, upon a written request from the agency or from the teaching staff member.

The Board of Education recognizes teaching staff members will have expertise and knowledge in areas that other school districts, public and private agencies, and private business organizations may desire to compensate as a paid consultant. When a teaching staff member serves as a paid consultant, the teaching staff member is not permitted to use normal work hours for any paid consulting activities. The teaching staff member must complete any paid consulting activities on their own time to include vacation days, evenings, weekends, and/or school holidays.

The teaching staff member must comply with the New Jersey School Ethics Act N.J.S.A. 18A:12-21 et seq. and, if required, must comply with financial disclosure requirements of N.J.S.A. 18A:12-24 and 12-25.

N.J.S.A. 18A:12-21 et seq.

Adopted: 25 October 2018

3212 ATTENDANCE

The regular and prompt attendance of teaching staff members is an essential element in the efficient operation of the school district and the effective conduct of the educational program. Staff member absenteeism disrupts the educational program and the Board of Education considers attendance an important component of a staff member's job performance.

A teaching staff member who fails to give prompt notice of an absence, misuses sick leave, fails to verify an absence in accordance with Board policy, falsifies the reason for an absence, is absent without authorization, is repeatedly tardy, or accumulates an excessive number of absences may be subject to appropriate consequences, which may include the withholding of a salary increment, dismissal, and/or certification of tenure charges.

In accordance with N.J.S.A. 18A:30-1, sick leave is defined to mean the absence from work because of a personal disability due to injury or illness or because the staff member has been excluded from school by the school medical authorities on account of contagious disease or of being quarantined for such a disease in the staff member's immediate household. No teaching staff member will be discouraged from the prudent, necessary use of sick leave and any other leave provided for in the collective bargaining agreement negotiated with the member's majority representative, in an individual employment contract, or provided in the policies of the Board. In accordance with N.J.S.A. 18A:30-4, the Superintendent or Board of Education may require a physician's certificate to be filed with the Secretary of the Board in order to obtain sick leave.

The Superintendent, in consultation with administrative staff members, will review the rate of absence among the staff members. The review will include the collection and analysis of attendance data, the training of teaching staff members in their attendance responsibilities, and the counseling of teaching staff members for whom regular and prompt attendance is a problem.

Adopted: 25 October 2018

3214 CONFLICT OF INTEREST

No teaching staff member of the Board of Education shall have any interest, financial or otherwise, direct or indirect, or engage in any business or transaction or professional activity which is in conflict with the proper discharge of the teaching staff member's duties.

No teaching staff member shall use or attempt to use his/her position to secure unwarranted privileges or advantages.

No teaching staff member of the Board shall act in his/her official capacity in any matter wherein he/she has a direct or indirect personal financial interest.

No teaching staff member of the Board shall accept any gift, favor, service or other thing of value under circumstances from which it might be reasonably inferred that such gift, service or other thing of value was given or offered for the purpose of influencing the teaching staff member in the discharge of his/her duties.

The Board of Education discourages the presentation of gifts to teaching staff members by students and their parent(s) or legal guardian(s), because it may embarrass students with limited means and give the appearance of currying favor.

The Board directs that teaching staff members instruct their students to express their appreciation by means other than gifts.

Teaching staff members may receive gifts of only nominal value from students or their parent(s) or legal guardian(s).

The Superintendent may approve an act or gift of appreciation to an individual teaching staff member when special circumstances warrant.

3216 DRESS AND GROOMING

The Board of Education expects staff conduct to be that of appropriate role models for students.

The Board expects all staff members to be neatly groomed and dressed in clothing suitable for the subject of instruction, the work being performed, or the occasion.

The Board retains the authority to specify the following dress and grooming guidelines for staff, within law, that will prevent such matters from having an adverse impact on the educational process. All staff members shall, when assigned to district duty:

1. Be physically clean, neat and well groomed;
2. Dress in a manner reflecting their assignments;
3. Dress in a manner that does not cause damage to district property;
4. Dress and be groomed in such a way so as not to cause a health or safety hazard.

For the purposes of this Policy, "dress" shall include anything worn on the body.

If a staff member feels that an exception to this Policy would enable him/her to carry out assigned duties more effectively, a request shall be made to the Superintendent.

The Superintendent shall develop guidelines to ensure the safety and health of employees and that correlate with the student dress code.

3217 USE OF CORPORAL PUNISHMENT

The Board of Education cannot condone an employee's resort to force or fear in the treatment of students, even those students whose conduct appears to be open defiance of authority. Each student is protected by law from bodily harm and from offensive bodily touching.

Teaching staff members shall not use physical force or the threat of physical force to maintain discipline or compel obedience except as permitted by law, but may remove students from the classroom or school by the lawful procedures established for the suspension and expulsion of students.

A teaching staff member who:

1. Uses force or fear to discipline a student except as such force or fear may be necessary to quell a disturbance threatening physical injury to others, to obtain possession of weapons or other dangerous objects upon the person or within the control of a student, to act in self-defense, or to protect persons or property;
2. Touches a student in an offensive way even though no physical harm is intended;
3. Permits students to harm one another by fighting; or

3218 USE, POSSESSION, OR DISTRIBUTION OF SUBSTANCES

The Board of Education recognizes a teaching staff member who reports to work under the influence of a substance poses a significant threat to their health, safety, and welfare and the health, safety, and welfare of others, including students and other staff members. The Board strongly advises any teaching staff member that has a dependency on a substance as defined in this Policy to seek appropriate treatment. The Board has an obligation and the right to maintain a safe and healthy work environment and adopts this Policy as an important component toward maintaining a safe environment in the school district.

For the purposes of this Policy, “substance” or “substances” as defined in N.J.S.A. 18A:40A-9 and N.J.A.C. 6A:16-4.1(a) means alcoholic beverages; any controlled dangerous substances, including anabolic steroids as defined in N.J.S.A. 24:21-2 and N.J.S.A. 2C:35-2; any chemical or chemical compound which releases vapors or fumes causing a condition of intoxication, inebriation, excitement, stupefaction, or dulling of the brain or nervous system, including, but not limited to, glue containing a solvent having the property of releasing toxic vapors or fumes as defined in N.J.S.A. 2C:35-10.4; and over-the-counter and prescription medications that are improperly used to cause intoxication, inebriation, excitement, stupefaction, or dulling of the brain or nervous system.

A teaching staff member shall be required to submit to an immediate medical examination to include a substance test if the Principal or designee has reasonable suspicion to believe a teaching staff member is under the influence of a substance during work hours or at a school-sponsored function where the teaching staff member has been assigned job responsibilities. Refusal by a teaching staff member to consent to the medical examination including a substance test will be deemed a positive test result for substances. In the event the results of the medical examination and substance test are not provided to the Superintendent, within twenty-four hours or as soon as the test results are available, it will be deemed a positive test result for substances and the teaching staff member shall be subject to appropriate discipline. Any required medical examination and testing shall be paid for by the Board.

Use, Possession, or Distribution of Substances

In the event the Board physician determines the teaching staff member was under the influence of a substance, the determination shall be reported to the Superintendent and the teaching staff member will be subject to appropriate discipline. Appropriate discipline may include, but not be limited to, withholding an increment, terminating a non-tenured teaching staff member, and/or filing tenure charges for a tenured teaching staff member in accordance with law. The teaching staff member will be afforded the opportunity to have positive test results confirmed using acceptable confirmation test practices. This confirmation test shall be paid for by the teaching staff member.

In the event a teaching staff member's medical examination and substance test results are negative for a substance or if the Board physician determines the teaching staff member was not under the influence of a substance, the results or determination shall be reported to the Superintendent and the teaching staff member shall be returned to their position unless the Superintendent has a reason the teaching staff member should not be returned to their position.

In accordance with the requirements of N.J.A.C. 6A:16-6.3(a), any staff member who, in the course of their employment, has reason to believe a staff member has unlawfully possessed or in any way been involved in the distribution of a controlled dangerous substance, including anabolic steroids, or drug paraphernalia, shall report the matter as soon as possible to the Principal, or in the absence of the Principal, the Principal's designee responsible at the time of the alleged violation. 3230 OUTSIDE ACTIVITIES

The Board of Education recognizes that teaching staff members enjoy a private life outside their job responsibilities in the school district. The Board believes the role of the teaching profession is such that teachers exert a continuing influence away from the school district. Accordingly, the Board reserves the right to determine if activities outside the teaching staff member's job responsibilities interfere with their professional performance and the discharge of the member's responsibilities to the students of this district.

All teaching staff members are advised to be governed in the conduct of personal activities by the following guidelines:

1. Teaching staff members shall not devote time during their work day to an outside private enterprise, business, or business organization. They shall not solicit or accept customers for a private enterprise, business, and/or business organization on school grounds during their work day without the express permission of the Superintendent;
2. The Board does not endorse, support, or assume liability in any way for any staff member of this district who takes students on trips not approved by the Board or Superintendent, and shall not be liable for the welfare of students who travel on such trips. Any staff member who takes students of this district on a trip not approved by the Board or Superintendent shall clearly and concisely inform the parent(s) of any student solicited and/or attending such a trip that the trip is not endorsed, supported, approved, or authorized by the Board of Education. A staff member shall not solicit students on school grounds for trips not approved by the Board or Superintendent;
3. The Board does not endorse, support, or assume liability in any way for any teaching staff member of this district who conducts a private activity in which students or employees of this district participate;
4. Teaching staff members shall not send campaign literature home with students, or request, direct, or have students distribute campaign literature on behalf of any candidate for local, State, or national office or for any bond issue, proposal, or any public question submitted at any general, municipal, or school election. No student shall be requested or directed by any teaching staff member to engage in any activity which tends to promote, favor, or oppose any such candidacy, bond issue, proposal, or public question;

3232 TUTORING SERVICES

School staff members routinely provide time beyond their assigned responsibilities to students who need additional help in their academic programs. This additional help is provided by a staff member on school grounds during their free time during their workday or immediately before or after school hours. The time a staff member provides additional help to a student is an extension of their assigned school district responsibilities and a staff member may not charge a fee for providing this additional help to students.

However, the Board of Education recognizes a school staff member may be privately contracted to provide tutoring services to a student in addition to any additional help a student receives before, during, and/or after the school day. These tutoring services shall be provided to a student under a private agreement between the staff member and the parent and/or student. Private tutoring shall not take place on school grounds.

The Board of Education assumes no responsibility, liability, or obligations for the selection of the private tutor or the quality of the private tutoring services. 3281 INAPPROPRIATE STAFF CONDUCT

The Board of Education recognizes its responsibility to protect the health, safety and welfare of all students within this school district. Furthermore, the Board recognizes there exists a professional responsibility for all school staff to protect a student's health, safety and welfare. The Board strongly believes that school staff members have the public's trust and confidence to protect the well-being of all students attending the school district.

In support of this Board's strong commitment to the public's trust and confidence of school staff, the Board of Education holds all school staff to the highest level of professional responsibility in their conduct with all students. Inappropriate conduct and conduct unbecoming a school staff member will not be tolerated in this school district.

The Board recognizes and appreciates the staff-student professional relationship that exists in a school district's educational environment. This Policy has been developed and adopted by this Board to provide guidance and direction to avoid actual and/or the appearance of inappropriate staff conduct and conduct unbecoming a school staff member toward students.

School staff's conduct in completing their professional responsibilities shall be appropriate at all times. School staff shall not make inappropriate comments to students or about students and shall not engage in inappropriate language or expression in the presence of students. School staff shall not engage in inappropriate conduct toward or with students. School staff shall not engage or seek to be in the presence of a student beyond the staff member's professional responsibilities. School staff shall not provide transportation to a student in their private vehicle or permit a student into their private vehicle unless there is an emergency or a special circumstance that has been approved in advance by the Building Principal/immediate supervisor and the parent/legal guardian.

Inappropriate conduct by a school staff member outside their professional responsibilities may be considered conduct unbecoming a staff member. Therefore, school staff members are advised to be concerned with such conduct which may include, but is not limited to, communications and/or publications using e-mails, text-messaging, social networking sites, or any other medium that is directed and/or available to students or for public display.

A school staff member is always expected to maintain a professional relationship with students and to protect the health, safety and welfare of school students. A staff member's conduct will be held to the professional standards established by the New Jersey State Board of Education and the New Jersey Commissioner of Education. Inappropriate Staff Conduct

School personnel, compensated and uncompensated (volunteers), are required to report to their immediate supervisor or Building Principal any possible violations of this Policy. In the event the report alleges conduct by the Building Principal or the immediate supervisor, the school staff member may report directly to the Superintendent. 3282 USE OF SOCIAL NETWORKING SITES

The Board of Education has a strong commitment to quality education and the well-being of all students, as well as the preservation of the school district's reputation. The Board believes staff members must establish and maintain public trust and confidence and be committed to protecting all students attending the school district. In support of the Board's strong commitment to the public's trust and confidence, the Board holds all staff members to the highest level of professional responsibility.

The Commissioner of Education has determined inappropriate conduct outside a staff member's professional responsibilities may determine them as unfit to discharge the duties and functions of their position. Staff members should be advised communications, publications, photographs, and other information appearing on social networking sites deemed inappropriate by the Board could be cause for dismissal of a non-tenured staff member or to certify tenure charges against a tenured staff member to the Commissioner of Education.

Staff members are advised to be concerned and aware such conduct deemed inappropriate may include, but is not limited to, communications and/or publications using e-mails, text-messaging, social networking sites, or any other form of electronic communication that is directed and/or available to students or for public display or publication.

While the Board respects the right of staff members to use social networking sites, staff members should recognize they are held to a higher standard than the general public with regard to standards of conduct and ethics. It is important that a staff member's use of these sites does not damage the reputation of the school district, employees, students, or their families. Staff members who utilize, post or publish images, photographs, or comments on social networking sites, blogs, or other forms of electronic communication outside their professional responsibilities shall ensure their use, postings, or publications are done with an appropriate level of professionalism and are appropriate conduct for a school staff member. Staff members should exercise care in setting appropriate boundaries between their personal and public online behavior, understanding that what is private in the digital world often has the possibility of becoming public even without their knowledge or consent.

The school district strongly encourages all staff members to carefully review the privacy settings on social networking sites they use and exercise care and good judgment when posting content and information on such sites. Staff members should adhere to the following guidelines, which are consistent with the district's workplace standards on harassment, student relationships, conduct, professional communication, and confidentiality.

When using personal social networking sites, school staff members:

1. Should not make statements that would violate any of the district's policies, including its policies concerning discrimination or harassment;
2. Must uphold the district's value of respect for the individual and avoid making defamatory statements about the school district, employees, students, or their families;
3. May not disclose any confidential information about the school district or confidential information obtained during the course of his/her employment, about any individual(s) or organization, including students and/or their families;
4. Shall not use social networking sites to post any materials of a sexually graphic nature;
5. Shall not use social networking sites to post any materials which promote violence;
6. Shall not use social networking sites which would be detrimental to the mission and function of the district;
7. Are prohibited from using their school district title as well as adding references to the district in any correspondence including, but not limited to, e-mails, postings, blogs, and social networking sites unless the communication is of an official nature and is serving the mission of the district. This prohibition also includes signature lines and personal e-mail accounts;
8. Shall not post updates to their status on any social networking sites during normal working hours including posting of statements or comments on the social networking sites of others during school time unless it involves a school project. Employees must seek approval from the Superintendent for such use; and
9. Shall not post or publish any information the Commissioner of Education would deem to be inappropriate conduct by a school staff member.

Use of Social Networking Sites

The Policy of this district is to maintain a level of professionalism both during and after the school day. Electronic Communications Between Teaching Staff
Members and Students

M

3283 ELECTRONIC COMMUNICATIONS BETWEEN TEACHING STAFF MEMBERS AND STUDENTS

The Board of Education recognizes electronic communications and the use of social media outlets create new options for extending and enhancing the educational program of the school district. Electronic communications and the use of social media can help students and teaching staff members communicate regarding: questions during non-school hours regarding homework or other assignments; scheduling issues for school-related co-curricular and interscholastic athletic activities; school work to be completed during a student's extended absence; distance learning opportunities; and other professional communications that can enhance teaching and learning opportunities between teaching staff members and students. However, the Board of Education recognizes teaching staff members can be vulnerable in electronic communications with students.

In accordance with the provisions of N.J.S.A. 18A:36-40, the Board of Education adopts this Policy to provide guidance and direction to teaching staff members to prevent improper electronic communications between teaching staff members and students.

The Commissioner of Education and arbitrators, appointed by the Commissioner, have determined inappropriate conduct may determine a teaching staff member unfit to discharge the duties and functions of their position. Improper electronic communications by teaching staff members may be determined to be inappropriate conduct.

For the purposes of this Policy, "electronic communication" means a communication transmitted by means of an electronic device including, but not limited to, a telephone, cellular telephone, computer, computer network, personal data assistant, or pager. "Electronic communications" include, but are not limited to, e-mails, text messages, instant messages, and communications made by means of an Internet website, including social media and social networking websites.

For the purposes of this Policy, "professional responsibility" means a teaching staff member's responsibilities regarding co-curricular, athletic coaching, and any other instructional or non-instructional responsibilities assigned to the teaching staff member by the administration or Board of Education.

For the purposes of this Policy, "improper electronic communications" means an electronic communication between a teaching staff member and any student of the school district when:

1. The content of the communication is inappropriate as defined in this Policy; and/or

2. The manner in which the electronic communication is made is not in accordance with acceptable protocols for electronic communications between a teaching staff member and a student as defined in this Policy.

Inappropriate content of an electronic communication between a teaching staff member and a student includes, but is not limited to:

1. Communications of a sexual nature, sexually oriented humor or language, sexual advances, or content with a sexual overtone;

3310 ACADEMIC FREEDOM

The curriculum adopted by the Board of Education is designed to address the educational goals established for this school district and to meet the needs of students. The course guides prepared for each course of study describe the material to be covered in each course and, in general, the approach to be employed by the teaching staff member responsible for the course.

The Board recognizes that some deviation from the course guide is necessary to the free exchange of ideas within the classroom. Exposure to a wide range of ideas encourages the spirit of inquiry that is essential to the learning process; the thorough examination of those ideas aids students in developing powers of reasoning and in acquiring habits of academic discipline.

The Board directs that the discussion of any issue not specifically covered by the course guide be conducted in an unprejudiced and dispassionate manner. The Board will not condone classroom discussion that is unrelated to the educational goals of this district or to the subject of the course of study, disrupts the educational process, does not match the maturity level of the students, neglects to inform students of various responsible points of view on the subject under discussion, or fails to take into account the sensibilities of the community.

3321 ACCEPTABLE USE OF COMPUTER NETWORK(S)/COMPUTERS AND RESOURCES BY TEACHING STAFF MEMBERS

The Board recognizes that as telecommunications and other new technologies shift the manner in which information is accessed, communicated and transferred that those changes will alter the nature of teaching and learning. Access to telecommunications will allow teaching staff members to explore databases, libraries, Internet sites, bulletin boards and the like while exchanging information with individuals throughout the world. The Board supports access by teaching staff members to information sources but reserves the right to limit in-school use to materials appropriate to educational purposes. The Board directs the Superintendent to effect training of teaching staff members in skills appropriate to analyzing and evaluating such resources as to appropriateness for educational purposes.

The Board also recognizes that telecommunications will allow teaching staff members access to information sources that have not been pre-screened using Board approved standards. The Board therefore adopts the following standards of conduct for the use of computer network(s) and declares unethical, unacceptable, inappropriate or illegal behavior as just cause for taking disciplinary action, limiting or revoking network access privileges, instituting legal action or taking any other appropriate action as deemed necessary.

The Board provides access to computer network(s)/computers for administrative and educational purposes only. The Board retains the right to restrict or terminate teaching staff member's access to the computer network(s)/computers at any time, for any reason. Any individual engaging in the following actions declared unethical, unacceptable or illegal when using computer network(s)/computers shall be subject to discipline or legal action:

1. Using the computer network(s)/computers for illegal, inappropriate or obscene purposes, or in support of such activities. Illegal activities are defined as activities which violate Federal, State, local laws and regulations. Inappropriate activities are defined as those that violate the intended use of the network(s). Obscene activities shall be defined as a violation of generally accepted social standards for use of publicly owned and operated communication vehicles.
2. Using the computer network(s)/computers to violate copyrights, institutional or third party copyrights, license agreements or other contracts.

3. Using the computer network(s) in a manner that:
 - a. Intentionally disrupts network traffic or crashes the network;
 - b. Degrades or disrupts equipment or system performance;
 - c. Uses the computing resources of the school district for commercial purposes, financial gain or fraud;

 - i. Posts anonymous messages;
 - j. Possesses any data which is a violation of this policy; and/or

1. Use of the network(s)/computers only under direct supervision;
2. Suspension of network privileges;
3. Revocation of network privileges;

3322 STAFF MEMBER'S USE OF PERSONAL CELLULAR TELEPHONES/
OTHER COMMUNICATION DEVICES

The Board of Education recognizes a teaching staff member may need to electronically communicate on a non-school related, personal matter using a personal cellular telephone or other personal communication device during their workday. Electronic communications include, but are not limited to: voice conversations, text-messaging, accessing social networking or other internet sites, or any other type of electronic communication.

In the event the teaching staff member needs to electronically communicate on a non-school related, personal matter using a personal cellular telephone or other personal communication device during their workday, the teaching staff member may do so provided the communication is made during the teaching staff member's duty free lunch or preparation periods for teaching staff and is made outside the presence of students, unless the teaching staff member is exempt due to classroom provisions approved by the Superintendent.

A teaching staff member's personal cellular telephone or other personal communication device shall be secured by the teaching staff member and outside the view of others when the teaching staff member is performing assigned school district responsibilities.

An electronic communication by a teaching staff member on a non-school related, personal matter using a personal cellular telephone or other personal communication device shall not be made while the teaching staff member is performing assigned school district responsibilities.

In the event the teaching staff member has an emergency requiring immediate attention that requires such a communication while performing assigned school district responsibilities, the teaching staff member shall inform their Principal or immediate supervisor before or immediately after the communication, depending on the nature of the emergency. The Board of Education is not responsible if a teaching staff member's personal cellular telephone or other communication device is lost, stolen, or missing.

Adopted: 25 October 2018

3324 RIGHT OF PRIVACY

The Board of Education will provide facilities and school district-owned property to assist staff members in their job responsibilities or for the staff members' convenience. These facilities or district-owned property may include, but are not limited to, an office, a storage closet, a filing cabinet, a locker, and/or a desk. The Principal or designee may provide a staff member with exclusive use and access to such facilities or school district-owned property or may require the facility or school district-owned property be shared with other staff members. The staff member may be provided a lock or key by the school district or may secure the facility or school district-owned property using their own locking device with permission from the Principal or designee.

School staff members should be aware their expectation of privacy in these facilities and/or the school district-owned property provided by the Board of Education is reduced by virtue of actual office practices and procedures, for searches conducted pursuant to an investigation of work-related employee misconduct, or by legitimate school district policies or regulations. In addition, staff members shall have a reduced expectation of privacy in these facilities and school district-owned property if there is reasonable suspicion the staff member is violating a law or school policy. School staff members shall be on notice this reduced expectation of privacy may result in such facilities and/or school district-owned property being searched without a search warrant. In order to avoid exposing personal belongings to such a search, school staff members are discouraged from storing personal papers and effects in these facilities or school district-owned property.

3340 GRIEVANCE

The Board of Education shall develop and practice reasonable and effective means for the resolution of disputes that may arise in the employment of teaching staff members not covered by the terms of a negotiated agreement.

The Board directs that any grievance not provided for by negotiated agreement be resolved by submission to the following grievance procedure, which is designed to promote proper and equitable settlement of grievances at the lowest appropriate level and to facilitate an orderly process for the resolution of grievances.

For the purposes of this policy, "grievance" means an unresolved problem concerning the application or interpretation by an officer or employee of this district of law, regulations of the State Board of Education, the bylaws or policies of the Board, or the administrative regulations of the Superintendent; "grievant" is a district employee who alleges a grievance or the employee's representative; "party" means the grievant or any person named in the grievance as allegedly having violated a law, bylaw, policy, or regulation; and "day" means a school day.

A grievant may use personal leave time when it becomes necessary to process a grievance during school hours. A grievance that arises late in the school term will be submitted to an expedited process in order that the grievance may be resolved as soon after the school term as possible. There will be no reprisal of any kind taken against any employee or employee's representative for participation in a grievance.

Any alleged grievance should, at the first instance, be discussed in one or more private, informal conferences between the parties involved or between the grievant and his/her immediate supervisor. A grievance not resolved in one or more such private meetings may be processed in accordance with the following procedure.

Level One

Within three working days of the occurrence of the act or omission giving rise to the grievance, the grievant must present his/her grievance in writing to the grievant's immediate supervisor. The written document will be a clear, concise statement of the grievance and will include the law, rule, policy, or regulation that the grievant alleges to have been violated; the factual circumstances on which the grievance is based; the person or persons involved; the decision, if any, rendered at the private conference; and the remedy sought.

Any party to the grievance may request a personal conference with the supervisor in order to resolve the grievance.

Within seven working days the supervisor shall present a decision to the grievant in writing. If the supervisor does not respond during the time permitted, the grievant may appeal to the next level.

Level Two

A grievant not satisfied with a decision at Level One may appeal that decision in writing to the Superintendent within three working days after receipt of the decision or the expiration of the time during which the decision must be rendered. The written appeal will include a copy of the original grievance; the decision rendered, if any; the name of the grievant's representative, if any; and a clear, concise statement of the reasons for the appeal of the decision.

The Superintendent shall present a decision to the grievant within seven working days. If no decision is rendered within that time limit, the grievant may appeal to the next level.

Level Three

A grievant not satisfied with the Superintendent's decision may appeal that decision in writing to the Board within three working days after the receipt of the decision or the expiration of the time during which the decision must be rendered. The written appeal to the Board will include copies of the original grievance, the appeal of that grievance at Level Two, and the decisions, if any.

The Board may schedule the grievance for hearing at a private session to be held within forty-five calendar days of the presentation of the appeal. The grievant shall be present at the hearing.

Within ten calendar days of the hearing, the Board shall submit its decision in writing together with reasons that support the decision to the grievant. A copy of the decision shall be given to the Superintendent and to any other party to the grievance.

The decision of the Board shall be final.

Adopted: 25 October 2018

3351 HEALTHY WORKPLACE ENVIRONMENT

The Board of Education recognizes a healthy workplace environment enables school district administrative and teaching staff members to fully contribute their expertise and skills to their school district responsibilities. A healthy workplace environment can improve productivity, reduce absenteeism, and reduce staff turnover while having a positive impact on the school district's programs provided to students in the school district.

A significant characteristic of a healthy workplace environment is that employees interact with each other with dignity and respect regardless of an employee's work assignment or position in the school district. Repeated malicious conduct of an employee or group of employees directed toward another employee or group of employees in the workplace that a reasonable person would find hostile or offensive is unacceptable and is not conducive to establishing or maintaining a healthy workplace environment. This unacceptable conduct may include, but is not limited to, repeated infliction of verbal abuse such as the use of derogatory remarks; insults; verbal or physical conduct that a reasonable person would find threatening, intimidating, or humiliating; or the gratuitous sabotage or undermining of a person's work performance. A single act of such conduct shall not constitute the unacceptable conduct prohibited by this policy unless it is especially severe and egregious.

Unacceptable conduct, for the purposes of this policy, is not conduct toward an employee of a protected class or because of the employee's protected activity. These employees and activities are afforded the legal protections under various Federal and State anti-discrimination laws. In addition, unacceptable conduct for the purposes of this policy shall not be confused with conduct of management employees exercising management rights including, but not limited to, assigning tasks, reprimanding, assigning discipline, or directing.

Employees who believe the conduct prohibited by this policy has been directed toward them or to another employee of the school district shall submit a written report to the Superintendent. The written report shall provide specific details supporting the claim including, but not limited to, the specific conduct; the names of witnesses (if any) who may have observed such conduct; dates or times when such conduct occurred; and any other information the person(s) making the report believes will be informative and helpful to an investigation of the allegations. Upon receipt of a report, the Superintendent or designee will conduct an investigation and upon completion of the investigation will inform the person(s) who made the report such an investigation was completed. The amount of investigation information shared with the person(s) making the report will be at the discretion of the Superintendent or designee and may vary depending on whether the conduct reported was directed to the person(s) making the report, confidential personnel matters, and/or other issues as determined by the Superintendent or designee.

If the investigation determines conduct prohibited by this policy has taken place, the Superintendent or designee will meet with the offender(s) and the victim(s) to review the investigation results and to implement remedial measures to ensure such conduct does not continue or reoccur. Appropriate disciplinary action may be taken depending on the severity of conduct.

There shall be no reprisals or retaliation against any person(s) who reports conduct prohibited by this policy.

Adopted: 25 October 2018

3362 SEXUAL HARASSMENT

The Board of Education recognizes that an employee's right to freedom from employment discrimination includes the opportunity to work in an environment untainted by sexual harassment. Sexually offensive speech and conduct are wholly inappropriate to the harmonious employment relationships necessary to the operation of the school district and intolerable in a workplace to which the children of this district are exposed.

Sexual harassment includes all unwelcome sexual advances, requests for sexual favors, and verbal or physical contacts of a sexual nature that would not have happened but for the employee's gender. Whenever submission to such conduct is made a condition of employment or a basis for an employment decision, or when such conduct is severe and pervasive and has the purpose or effect of unreasonably altering or interfering with work performance or creating an intimidating, hostile, or offensive working environment, the employee shall have cause for complaint.

The sexual harassment of any employee of this district is strictly forbidden. Any employee or agent of this Board who is found to have sexually harassed an employee of this district will be subject to discipline which may include termination of employment. Any employee who has been exposed to sexual harassment by any employee or agent of this Board is encouraged to report the harassment to an appropriate supervisor. An employee may complain of any failure of the Board to take corrective action by recourse to the procedure by which a discrimination complaint is processed. The employee may appeal the Board's action or inaction to the United States Equal Employment Opportunity Commission or the New Jersey Division of Civil Rights. Complaints regarding sexual harassment shall be submitted following the procedures outlined in Regulation No. 1530, Equal Employment Opportunity.

The Affirmative Action Officer shall instruct all employees and agents of this Board to recognize and correct speech and behavior patterns that may be sexually offensive with or without the intent to offend.

3370 TEACHING STAFF MEMBER TENURE

The Board of Education recognizes that the benefit of tenure is conferred by law on teaching staff members who have completed the requisite period of probationary service in this school district. The Board also recognizes that certain service does not qualify the teaching staff member who performs that service for the grant of tenure.

Tenure in any administrative or supervisory position as listed in N.J.S.A. 18A:28-5 shall accrue only by employment in that administrative or supervisory position. Tenure so accrued will not extend to any other administrative or supervisory position and nothing shall limit or restrict tenure rights which were or may be acquired pursuant to N.J.S.A. 18A:28-6.

The Board specifically directs that service in the following positions will not accrue toward the tenure status and will be performed only under contract renewable at the discretion of the Board:

1. Substitute teacher acting in the absence of another employee;
2. Summer school teacher;
3. Co-curricular advisor;
4. Athletic coach; and
5. Department chairperson other than a supervisor.

Nothing in this policy will be deemed to confer tenure on any employee who serves in a position not listed above and for whom tenure is not provided by law.

2. Provided information to a public body conducting an investigation, hearing, or inquiry into any alleged violation of law by the Board or an officer of this district; or
3. Objected to or refused to participate in an activity, policy, or practice of this district that the employee reasonably believes to be in violation of law or rule, fraudulent, criminal, or incompatible with a clear mandate of public policy concerning the public health, safety, or welfare or protection of the environment.

An employee who has reason to believe that the Board has engaged in an illegal activity or an activity contrary to public policy must report that belief in writing to the Superintendent before notice is given to a supervisor or a public body. The Superintendent shall promptly report the same to the Board and institute an investigation of the reported activity. The findings of the investigation will be reported in writing to the Board and to the employee.

The protection of law and this policy apply only to employees who have given notice in accordance with this policy and have afforded the Board a reasonable period of time to take any corrective action that may be required or have acted in circumstances that the employee believes in good faith constitute an emergency.

The Superintendent shall post notice of this policy and inform employees of their rights under the New Jersey Conscientious Employee Protection Act.

3421.13 POSTNATAL ACCOMMODATIONS

The Board of Education recognizes teaching staff members may be returning to work shortly after their child's birth and may need to express breast milk during the workday. The Patient Protection and Affordable Care Act (PPACA) amended Section 7 of the Federal Fair Labor Standards Act (FLSA) for nursing mothers to be permitted reasonable break times and a private location to express breast milk for their nursing child for one year after the child's birth.

Every employee position in the school district is designated as either "non-exempt" or "exempt" by the provisions of the FLSA. Generally, a teaching staff member entitled to overtime pay is designated as "non-exempt." A teaching staff member that performs duties that are executive, administrative, or professional in nature and not entitled to overtime pay is designated "exempt." The school district administration shall refer to the comprehensive definitions of "exempt" and "non-exempt" as outlined in 29 C.F.R. 541 et seq. in determining an employee's designation.

A Board of Education is required to provide reasonable break times to non-exempt teaching staff members to express breast milk for their nursing child. The non-exempt teaching staff member shall coordinate such breaks with their immediate supervisor. The non-exempt teaching staff member will not receive compensation during this break time unless the break time is during a non-exempt teaching staff member's compensated break time.

A Board of Education is not required under the FLSA to provide such breaks to exempt teaching staff members. However, exempt teaching staff members may take such breaks provided the breaks are coordinated with their immediate supervisor. If this break is taken during the exempt teaching staff member's duty free lunch period or duty free break period during the workday, the exempt teaching staff member will not be reduced in compensation.

The Principal or the nursing mother's immediate supervisor, in consultation with the school nurse, will designate a lactation room that is shielded from view and free from intrusion from co-workers and the public. The location must be functional as a space for expressing breast milk and shall include an electrical outlet, a chair, and nearby access to running water. If the space is not dedicated to

the nursing mother's use, it must be available when needed. A space temporarily converted into a lactation room or made available when needed by a nursing mother is sufficient; however, a bathroom, even if private, is not a permissible location under the FLSA.

All exempt and non-exempt teaching staff members are required to sign-out of work to begin the break to express breast milk and shall sign-in when they return to work after the break. The break shall be for a reasonable amount of time. For compensation purposes, the immediate supervisor shall forward all sign-in and sign-out information relative to break times for nursing mothers under the FLSA to the School Business Administrator/Board Secretary.

3425 WORK RELATED DISABILITY PAY

The Board of Education will permit, in accordance with law, the absence without loss of pay or of annual or accumulated sick leave benefits of a teaching staff member disabled by accident or injury arising out of and in the course of employment. Any such employee shall seek the workers' compensation benefits to which he/she is entitled by law.

An employee whose disability has qualified for the receipt of workers' compensation benefits shall be presumed eligible for work related disability pay under this policy. When an employee's disability is so brief as to preclude the employee's application for workers' compensation benefits, the employee may request and the Board may grant work related disability pay.

Any employee who qualifies for work related disability pay under this policy will be entitled to receive full pay during the period he/she is on disability leave of absence, for up to twelve consecutive months.

As a condition of receiving full salary, an employee who receives workers' compensation benefits for his/her work-related disability must endorse and deliver to the Board all workers' compensation temporary disability checks received for the period covered by this policy.

Modified Duty Early Return to Work
Program – Teaching Staff Members

3425.1 MODIFIED DUTY EARLY RETURN TO WORK PROGRAM – TEACHING STAFF MEMBERS

New Jersey's workers' compensation laws provide lost wages and pay medical expenses for an employee who sustains an injury as a result of an on-the-job accident, injury, or occupational disease. Workers' compensation is designed to protect school district employees and their families against the hardships from injury arising in the workplace. In an effort to assist school staff in recovering from an eligible workers' compensation injury, the Board provides a Modified Duty Early Return To Work Program. The Program is provided to staff members who have been injured on the job, but who are not permanently disabled. The Program is intended to minimize the negative psychological impact to an injured staff member due to being out of work and to provide a transition and adjustment period for the injured staff member to return to work while recovering from an on-the-job injury.

The school district may assign temporary modified duties and responsibilities to staff members that have sustained an eligible workers' compensation injury. These employees may temporarily perform duties and responsibilities that may or may not be within their job description, or may or may not be within their department. The modified duties and/or responsibilities will be within the injured staff member's capabilities and a staff member will not be assigned any modified duties and/or responsibilities that require any certifications/licenses that are not possessed by the injured staff member.

The modified duties and responsibilities will be determined by the School Business Administrator/Board Secretary, the district's designated Workers' Compensation Coordinator, after a medical examination and evaluation of the injured staff member by the Board's designated workers' compensation physician. The Workers' Compensation Coordinator will determine if the injured staff member is eligible for modified duties or responsibilities. This determination will be based on:

1. The workers' compensation physician's examination and evaluation report;
2. The injured staff member's capabilities to assume modified duties or responsibilities;
3. The availability of modified duties and responsibilities within the district at the time; and/or
4. Other issues that may impact the district's ability to assign modified duties and responsibilities.

3432 SICK LEAVE

The Board of Education shall grant sick leave, in accordance with law, to teaching staff members absent from work because of personal disability or quarantine. Each steadily employed employee eligible for sick leave will be entitled annually to the number of paid sick leave days negotiated with the employee's majority representative or provided in this policy or in an individual contract with the Board.

The Board reserves the right to require of any employee who claims sick leave, sufficient proof, including a physician's certification, of the employee's illness or disability. As a minimum, no day will be considered to be a sick leave day on which the employee has engaged in or prepared for other gainful employment, has participated in a work stoppage, or has engaged in any activity that would raise doubts regarding the validity of the sick leave request.

The Superintendent will prepare rules for the administration of the Board's policy on sick leave, which shall be binding on all employees.

The Superintendent will submit to the Board the names of those employees absent for non-compensable cause or whose claim for sick leave pay cannot be justified. The willful misuse of sick leave will be considered a serious infraction and is subject to discipline.

3433 VACATIONS

The Board of Education believes that the school district benefits when teaching staff members employed to work twelve months a year are given periodic relief from the responsibilities of their positions without loss of compensation.

The Board reserves the right to determine the conditions under which vacation time may be taken when not otherwise covered by the terms of a negotiated agreement or in an individual contract with the Board.

3435 ANTICIPATED DISABILITY

The Board of Education shall provide for leaves of absence, in accordance with law and the policies of this Board, for any employee of this district not covered by the terms of a negotiated agreement whose absence from duties will be required for a foreseeable event of disability such as childbirth or surgery.

An employee who anticipates disability shall so notify the Superintendent as soon as the employee is under medical supervision for the condition and a date is projected for the anticipated disability. Because of the potentially disabling nature of pregnancy and the certainty of temporary disability at birth, the Board will presume that a pregnant employee is disabled for work thirty days before the anticipated date of childbirth and continues to be disabled for thirty days after birth, except that any such employee who presents medical certification of her fitness may continue to work until she is actually disabled and may return to work as soon as she is able.

The Board reserves the right to require an employee who requests an extended leave of absence that includes anticipated disability to commence and/or terminate the leave at times that ensure continuity in the educational program in accordance with Policy No. 3431. No person who is required to take leave at a time other than that requested will be denied the use of sick leave for the anticipated disability that occurs or is presumed to occur during the leave.

An employee who anticipates a disability may request a leave of absence to commence before disability and to extend beyond the period of disability. Any such request shall be subject to Board discretion and the Board's policy on leave of absence. An employee on voluntary leave of absence is not eligible for sick leave pay for disability occurring during the period of that absence.

3436 PERSONAL LEAVE

The Board of Education will provide compensated absence for reasons of personal necessity for teaching staff members not covered by the terms of a negotiated agreement or in an individual contract with the Board.

The Board reserves the right to determine the reasons for which personal leave will be granted, the number of days that may be used in any one school year for personal leave, and the manner of proof of personal necessity.

The employee may, at his/her discretion, utilize "personal days" to participate in observation of religious holidays in accordance with the terms and conditions of the employee's contract with the district and the Board shall not deny the use of "personal days" for religious observances. The use of "sick days," "professional days" and/or "accumulated sick days" for the purpose of religious observances is strictly forbidden.

The Board shall not be required to pay any amount to the employee other than that stipulated in contract or State or Federal law other than for the use of "personal days" for religious observances.

3437 MILITARY LEAVE

The Board of Education recognizes that military service rendered by any district employee in the defense of the country or in maintaining preparedness for conflict, foreign or domestic, is a service benefiting all citizens. A permanent or full-time temporary officer and/or employee of the district will be provided military leave and related benefits pursuant to the Uniformed Services Employment and Reemployment Rights Act (USERRA), 38 U.S.C. Section 4301 et seq., P.L. 2001 Chapter 351 amending N.J.S.A. 38:23-1, N.J.S.A. 38A:1-1 and N.J.S.A. 38A:4-4., and any other applicable Federal and State laws.

A permanent or full-time temporary officer or employee of the school district who is a member of the organized militia of New Jersey (New Jersey National Guard, New Jersey Naval Militia Joint Command) shall be entitled, in addition to pay received, if any, as a member of the organized militia, to a leave of absence from his or her respective duties without loss of pay or time on all days during which he or she shall be engaged in any period of State or Federal active duty; provided, however, that the leave of absence for Federal active duty or active duty for training shall not exceed ninety work days in the aggregate in any calendar year. Any leave of absence for such duty in excess of ninety work days shall be without pay, but without loss of time. Such leave shall be in addition to the regular vacation or other accrued leave provided to the officer or employee. A full-time temporary officer or employee who has served under such temporary appointment for less than one year in the district shall receive this leave without pay, but without loss of time.

A permanent or full-time temporary officer or employee of the school district who is a member of the organized reserve of the Army of the United States, United States Naval Reserve, United States Air Force Reserve, or United States Marine Corps Reserve, or other organization affiliated therewith, including the National Guard of other states, shall be entitled, in addition to pay received, if any, as a member of a reserve component of the Armed Forces of the United States, to a leave of absence from his or her respective duty without loss of pay or time on all work days on which he or she shall be engaged in any period of Federal active duty, provided, however, that such leave of absence shall not exceed thirty work days in any calendar year. Such leave shall be in addition to the regular vacation or other accrued leave provided to the officer or employee. Any leave of absence for such duty in excess of thirty work days shall be without pay, but without loss of time. A full-time temporary officer or employee who has served under such temporary appointment for less than one year in the district shall receive this leave without pay, but without loss of time.

Military leave with pay is not authorized for Inactive Duty Training (IDT) as defined in N.J.A.C. 5A:2-2.1.

3439 JURY DUTY

The Board of Education will indemnify any teaching staff member against loss of pay incurred by a call to jury duty. No such employee will be penalized in any way for an absence caused by service on a panel of grand or petit jurors. The time any such employee is absent on jury duty will not be charged against personal leave and will count as school district service.

Teaching staff members shall report a call to jury duty during the school term to the Principal or their immediate supervisor who shall determine whether or not a replacement is available. Teaching staff members scheduled for jury service during the school term for whom the administration indicates a replacement cannot reasonably be found shall seek from the Assignment Judge an excusal or deferment of service. Teaching staff members shall obtain from the Superintendent, or designee, a letter indicating the lack of availability of a substitute in such instances.

A teaching staff member who is a full-time teacher and is absent from school duties on jury duty for any court of New Jersey, any court of any other State, any Federal district court, or in the U.S. District Court for New Jersey will receive their usual compensation from the school district for each day the teaching staff member is present for jury duty. In the event there is any jury duty compensation, excluding mileage and lodging, paid to the teaching staff member for their time on jury duty, the teaching staff member will reimburse the school district the amount of any jury duty compensation paid to the staff member.

An employee summoned to jury duty shall promptly report the summons to his/her immediate supervisor. On return from jury duty, the employee must submit to his/her immediate supervisor a court record of the number of days served on jury duty.

While on jury duty, an employee must report daily to his/her supervisor the schedule for the following day and must report to work when he/she is excused from jury duty for half a day or more or suffer loss of pay.
