Overnight Field Trips

Educational field trips augment classroom instruction...

Board Policy 6153

Goal

Provide an **opportunity** for all 5th grade students to participate in an overnight field trip

Overnight Committee Recommendations

May 6 & 13, 2024

- Consider cost effective options such as, group discounts and off-peak times
- School fundraising, grants, financial assistance, and camp provided subsidies
- Pilot: Irvine Ranch or Ocean Institute - close proximity, lower transportation costs, and camps customize length/experience which may help remove barriers
- Pair schools
 - Transportation
 - Health Services

Subsidy Recommendations

1. If the overnight field trip location is *within Orange County*, OVSD will provide transportation free of charge to/from destination and a \$50 per pupil allocation
2. If *outside Orange County*, OVSD will provide a \$50 per pupil allocation

-Schools are responsible for the tuition and insurance
