Such compliance will enhance our District's ability to maintain discipline and ensure that there is no interference with the educational process. The Park Rapids Area School District will take appropriate disciplinary action when students fail to adhere to the Student Rights and Responsibilities and expected Student Code of Conduct established by this policy.

These policies and rules apply on school premises, on school district property, or at school-related school functions or activities, or on school transportation means all school district buildings, school grounds, and school property or property immediately adjacent to school grounds, school bus stops, school buses, school vehicles, school contracted vehicles, or any other vehicles approved for school district purposes, the area of entrance or departure from school grounds, premises, or events, and all school-related functions, school-sponsored activities, events, or trips. School district property also may mean a student's walking route to or from school for purposes of attending school (including post-secondary enrollment options) or school-related functions, activities, or events. Students are

While this document pertains to Park Rapids Area Schools, the school board recognizes the uniqueness of each building and classroom in which the policy must be implemented. In application, the district understands that the facts and circumstances of each situation dictates the extent of action. This policy may be supplemented by additional rules and procedures that recognize those unique needs.

The board approved policy, Student Discipline – 506, can be found at and it should be read in conjunction with this document and the student handbook for the appropriate school.

An informal conference is not required where the student is creating an immediate and substantial danger to himself/herself or to surrounding persons or property.
- Any student who is being suspended from school for more than one (1) day will be provided written notice containing: the grounds for suspension, a statement of the facts giving rise to the suspension, a description of the testimony, a readmission plan, and a copy of the Pupil Fair Dismissal Act. - If a student's total days of removal from school exceeds ten (10) cumulative days in a school year, the District shall make reasonable attempts to convene a meeting with the student and the student's parents/guardians prior to subsequently removing the student from school. The purpose of this meeting is to attempt to determine the student's need for assessment or other services. In School Suspension (ISS) does not count towards the ten (10) days.
- All students who violate a school policy or rule that has a consequence of exclusion or expulsion will be given the opportunity to have a hearing over the issue of exclusion or expulsion in accord with the Pupil Fair Dismissal Act.
- If a student has been removed from class more than ten (10) times in one (1) school year, a meeting shall occur with the student's parents/guardians to discuss the problem that is causing the student to be removed from class. Grounds for removing a student from class or expelling include, but are not limited, to:
 1. Willful conduct that disrupts the rights of others to an education, including conduct that interferes with a teacher's ability to teach or communicate effectively with students in a class or with the ability of other students to learn or school-sponsored extracurricular activities;
