Our Youth Resilience Series empowers children from diverse backgrounds to learn snowboarding from professionals at Mountain Creek, all at an incredible value. GRIT 'n Snow is a program grounded in core values that encourages kids to develop new skills, forge friendships, and adopt a positive mindset. With mentorship from adults and support from Mountain Creek, the Mental Health Association, and the Y, we create a strong foundation for resilience, enabling our children to rise again with confidence.

Weekday Sessions: At **Lakeland Hills YMCA**

Sunday Sessions: Students will be dropped off at **the Y** and bussed to and from **Mountain Creek**.
