Celebrating **100** years of the
Medford *Blue and White* Yearbook

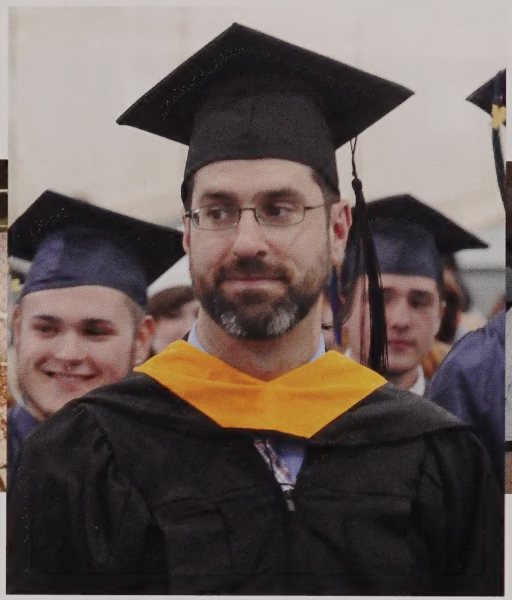

The 2015 Blue and White Centennial Yearbook is dedicated to

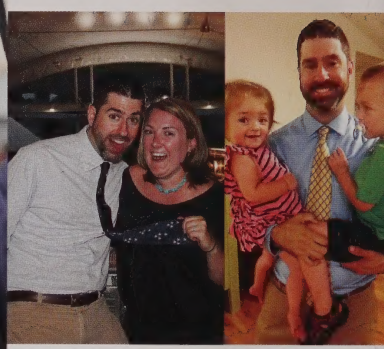

Mr. David Ambrose;

an educator, father, husband, mentor, role-model, collegue, co-worker, brother, son, and inspiration.

#TeamKate

Dear Mr. Ambrose,

We cannot begin to tell you the impact you have made on the Class of 2015. Specifically, in your words, "you're great!" However, if we put it in our words, we would have an infinite amount. Spending these last four years with you, we have learned how to correct our grammar, how to construct a yearbook, our three core values, how to be a better person, but most importantly all of the lyrics to Good Vibrations by Marky Mark and the Funky Bunch. One of your collegues once described you as superhuman because of your endless time spent doing things you love. You have your two kids, Ben and Charlotte, but if you truly think about it, you have every single Mustang that you have ever inspired. Not many teachers would spend the amount of time you do at the high school making a positive difference in the lives of so many. You make sure that every kid you encounter feels special and that they have a purpose; because they do. You have enstilled that in us, and it is something we will not forget as we graduate from Medford High School. For all you do, Mr. Ambrose, you deserve endless amounts of applause and prizes. This book is now yours, our prize honoring the one and only, Dambrose.

"Yo, it's about that time" to graduate and celebrate those good vibrations.

Love Always,

Grace Callahan, Kayli Lanzilli, Jackie McLaughlin, Nicole Mortell, and the Class of 2015

Dr. Perella, Principal

To the Class of 2015 - I want to thank you, and wish you the greatest of luck, love, intrigue, and serenity. You are a wonderful collection of very special young men and women, and I am very fond of all of you. The high school yearbook is a unique artifact in life. It is the one "book" that you cannot look at until you are done with school. It is also one of the most re-read books you'll likely own. As you flip through these pages, I hope that each one brings you a memory and a smile. Most importantly, I hope you remember that although this book, this chapter, of your life has ended, your continuing adventures have not.

May you find both joy and fulfillment on any road you choose.

Congratulations Class of 2015, you will be dearly missed.

-Dr. Perella

Mrs. Riccio, Director of MVTHS

Congratulations, Class of 2015! It is with great admiration for this class that I write this message. As grade 11 students when I came to MVTHS, you welcomed me into the vocational family. Many of you were ready to move on to cooperative work placements as a result of your hard work and dedication to your technical area. As seniors, you continued on the path to improving your education and wanting more than the skills you learned here. You will take these skills acquired and access employment opportunities and some earned college credit as a result of coming to MVTHS. The Class of 2015 earned OSHA certifications, state licenses, hours toward apprenticeships, technical certifications and college credit because you chose a vocational education. This education will not disappoint you. Rather, it has prepared you for both college and career. Your success depends on you. Only you can make the choice to build upon what you learned at MVTHS. Only you can move beyond what you ever thought possible. Whatever you choose to do, do it well. Never stop learning. Never stop questioning. Never stop believing. It can happen.

-Ms. Riccio

Mrs. Treanor, Assistant Principal

Congratulations to the Class of 2015. It has been my distinct pleasure to work with you for these last two years. This yearbook is part of a great tradition for high school seniors. You will look back at this book over the years and be reminded of the many friends, teachers, counselors, coaches, administrators, advisors, and others who have impacted your life here at Medford High School and influenced the person you will have become. As you move on in your lives beyond MHS, please remember the words of Steve Jobs – "Your time is limited, so don't waste it living someone else's life. Don't let the noise of others' opinions drown out your own inner voice. And most important, have the courage to follow your heart and intuition."

Thanks, Advisors!

"Mrs.LeClair joined our team sophomore year, and it was the best thing to happen to the Class of 2015. She has worked tirelessly the past three years towards improving our class. While raising our grade's mascot Finn, she managed to organize every class meeting, operate our snack wagon daily, and continually plan every single class event with out co-advisor Ms. Stadfeld. If you were having a bad day, Mrs. LeClair was one you could always depend on for a laugh. Being so creative, she brought every event we had to life- thinking of the minscule details no one else would. She is the hardest working mom we know, and we are so thankful for all the work she has done. We will never be able to thank her enough."

- David Todisco, Class President

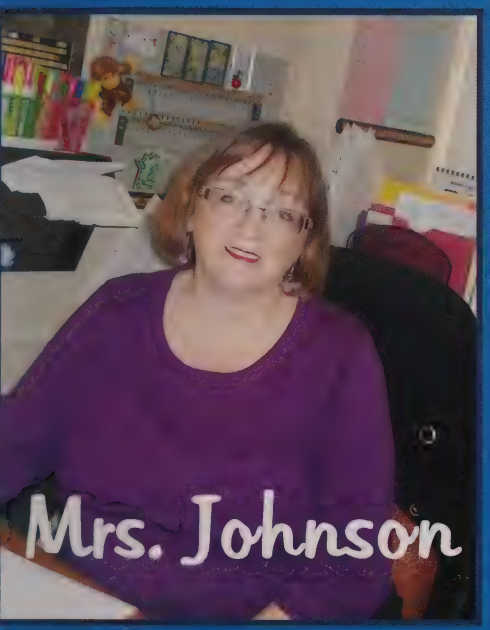

"We're proud to call Ms. Stadfeld one of our class advisors. She is one of the most realistic-minded members of the Class Government. Her wisdom and dedication is the reason the Class of 2015's ideas and dreams turned into realities. She is very caring, and always guides us in the right direction. We've made many fond memories with Ms. Stadfeld, as a teacher and advisor. She dedicated her time year after year, making our class events into lifelong memories. She is truly one-of-a-kind, and the Class of 2015 will never forget her. Thank you for all you have done since sophomore year. You will be missed."

- Darren McFadden, Class Treasurer

Our Wonderful Secretaries...

"Mrs. Bowler is the ray of sunlight that is constantly shining over Medford High School. As students, this has become some of our second homes and she has made it incredibly special for us. She has done tremendous amounts of work for our class, all with her smile that lights up a room. Not only was she instrumental in our scarf fundraiser and an active drama club parent, she gained the title 'Main Office Mom' from me - she never let anyone go hungry with what seemed like an endless supply of munchies and was there for anything whether it be to make someone that was upset smile or to snap someone back into their place. Thank you, Lisa Bowler for all you've done for the Class of 2015."
-Sarah Rosenstein, Class Secretary

"Mrs. Johnson has had a huge impact on our class. Every morning, she has an immense amount of students in her office and never loses patience. While always keeping a smile on her face, she is always on top of whatever needs to get done. Mrs. Johnson has been there for us since the beginning and knows all 261 of us by heart. She never fails to ask me how my day is going and how our current fundraiser is. If we need supplies, or even just someone to help with a class project- she was there for us. Mrs. Johnson is a woman that truly cares about the Class of 2015 and has made a difference for MHS as a whole - she has honestly made it feel like home. "

Q: What was one of your funniest memories? A: During an obstacle course in gym class, I had to run and jump across a pad. I went too fast and was out of shape so I fell at full speed, face first into the ground.

Raveena Longia

Q: What are your plans after high school? A: I pla to go to a university that will le me double major in neuroscience and psychology, and minor in women's gender studies so I can ultimately become a psychiatrist and work with children and other minority groups.

Q: What was the funniest thing to ever happen to you in class? A: In Spanish class, we tricked a student into thinking we were taking a quiz which freaked him out. It was hilarious!

Patricia Healion

Q: What is your favorite afterschool activity and why? A: I loved going to Asian Club every Thursday afternoon because I get to hang out with all my friends.

Alex Truong

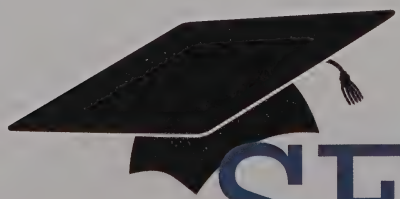

Jeffrey Liang

Q: If you could re-do your 4 years of high school, what would you change? A: I would've played football freshmen year so I could have had more experience. Football is life!

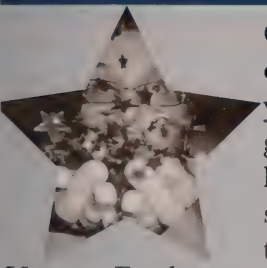

Talia Andreottola

Q: What was your favorite event? A: The Spirit Assembly junior yea was my favorite event because it was fun to see everyone in the class united, even though we weren't seniors yet.

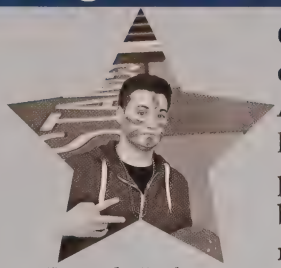

SENIOR

Victoria Esselman

Q: How have you changed since freshman year? A: I've changed by growing in myself; I now know my weaknesses and strengths, I've learned how to be everything I want to be and that you can always reach your goals.

David Todisco

Q: What is your most embarrassing memory? A: Besides throwing up at lacrosse tryouts, it is probably the day I reached between two vending machines for a bag of goldfish, ripped my pants, and got stuck in between.

Q: If you could redo the last 4 years, what would you change? A: I would do the fall play my sophomore year, join the GSA, learn another language and take take different classes my freshman year so I could be with my friends.

Matt Minchello

Q: What will you miss the most? A: The thing I will miss most about Medford high is walking down the hallway every morning and smiling and saying hello to everyone because we've all gotten to know each other in some sort of way.

Sarah Diettrich

Emily Ross

Q: What was your most memorable day at MHS? A: For some reason, I felt the impulse to be Shrek for Halloween with my best friend; she was Fiona. I came to school painted green and it wouldn't come off for a week.

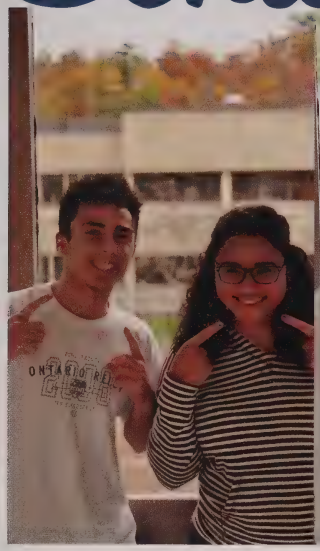

Connor Donahue

Q: What was your favorite after-school activity? A: I enjoyed playing lacrosse with my teammates every spring because we became a close-knit community.

Medford mauls Malden in 127th Thanksgiving Day g

By Christopher Hurley
churley@wicklediocal.com

Adrian Pineda erased eight years of frustration for Medford this Thanksgiving.

The senior quarterback threw four touchdown passes, while running in a fifth, as the Mustangs mauled Malden, 36-12, at MacDonald Stadium, in the 127th meeting between the two schools.

The victory was extra special for Medford, as it marked its first win over its archrivals since 2006.

"It's fantastic," said Medford Coach Jason Nascimento, whose club ended the season at 2-9.

"It always awesome to get a win on Thanksgiving. It's something that we haven't been in Medford in a while, and its awesome to see the seniors go out on a good note. It's exciting. We came into it excited. Regardless of the records, this game is a super Bowl for both sides."

A 6-foot 190-pound signal-caller, Pineda supplied plenty of offensive punch from the opening snap. The Mustangs QB threw three TD passes in the first half alone, including a long 54-yard bomb to Jose Lopez (2-for-99 receiving, 2 TD) putting Medford ahead to stay 16-12 at halftime.

Pineda ended the day going 9-for-13, passing for 249-yards. He sealed the deal scoring on a crucial 11-yard run with 6:46 remaining in the contest.

"It was the best game of my life," said Pineda. "Head-

With your hard work and perseverance, you have attained what we thought was impossible. You have proven us all wrong and have taught us that success isn't about strength or knowledge, it's about teamwork and full dedication. Thank you for your determination and for staying strong until the end. Most importantly, thank you for keeping the Mustang dream alive.

Medford Wrestles!

Medford and Everett have collaborated to have a sucessful Wrestling program for the past two years!

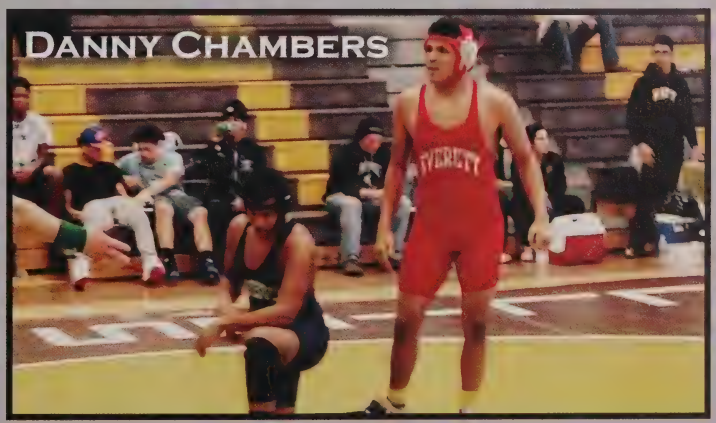

In the second year of the wrestling team, there was increased participation and experience for the Medford student-athletes. Matt Sullivan finished in first place in his weight class at the Division 1 Sectional tournament at the end of the year, and seven Medford athletes wrestled in Varsity matches during the 2014-2015 season. Senior Max Tilus will be greatly missed.

Mama's Prison: The inmates at Hurst Prison were quite content with their poor conditions and Mama's not-so-great food, until they find out the prison is undergoing a state inspection. In this comical short, the prisoners and officers put on an act for the state. Although they have a chance at passing the inspection, not everyone makes it out alive.

Meet the Roommates: While filling out their college roommate questionnaire, Jen and Tom discover everything that can go wrong the minute they step in their dorm. From extreme procrastinators to sleep-talkers, they realize that finding a normal roommate is harder than it seems.

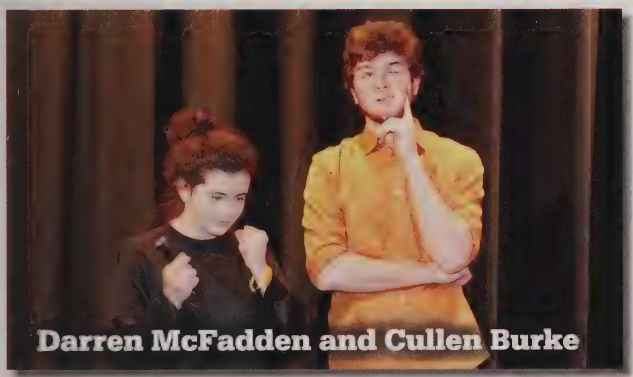

Not-So-Happily Ever After: Sometimes in fairytales, not everything goes according to plan. A mermaid that can't swim? Pocahontas who likes to dance? Snow White with a personality disorder? These princesses discover that their stories might not end so happily ever after.

Last Minute: Aptly titled, this collection of whimsical jiblets has less than no plot and more than some fun. This cavalcade of cinematic cacophony will send your taste buds on a journey - and they just may never return again. Keep your head on a swivel, and always point your heart towards the great beyond!

Employee of the Month: The faculty at St. Ignatius Elementary gets involved with an employee of the month competition, and there's a lot more at stake than a prize! When teachers start dropping like flies, will the culprit be discovered, or will class be dismissed for good? It is a thrilling tale of action, scandal, and laughter.

In loving memory of James "Chris" Traverse...

"Chris was fiercely loyal to our team and the Mustang Community at large. He would often be heard telling the girls that 'You bleed BLUE!' It didn't matter who we were playing, Chris would always find a way to instill the confidence in the team that 'you got this if you play your game - Play like a Mustang.' Chris lived by the theory that 'every game was played in the 6 inches in-between your ears.' I respected him as a man and I loved him like family. The team, I and the entire coaching staff, past and present miss him so much every day. We take pride in the fact that PaPa T is looking down on us and helping find strength every time we face adversity. Every time the sun shines down on the Medford girls' lacrosse team we can all smile and know that PaPa T is blessing us from above."

Your Hosts for the evening...

Deanna DeBenedictis

&

Michaela Davidson

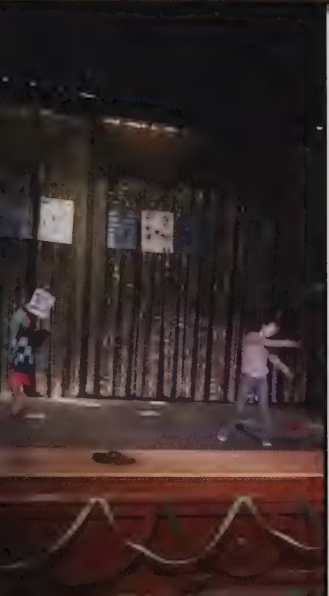

An evening of fashionable walks, thoughtful answers, and harsh judges - Mr. MHS was quite a nail-biter. In the words of Deanna Debenedictis, "8 boys will walk in, but one man will walk out." It was a night of memories, from seeing Nicole Mortell dance across the stage as Olaf to witnessing James Burgess strip off 10 sweaters to watching Shamus Maunsell tap his feet off. Let's not forget our favorite Judge Mrs. Lepore, who told Jose that he looked "Rico Suave" during the swim suit segment. With our hosts Deanna and Michaela guiding us through the night, it was one we will never forget.

Michael Cecchini

Through this adventure called life, you have grown into a young man. You have a bright future, you understand the rules, and you know what it means to be a team player!

You have learned what it takes to push yourself beyond what you thought you could achieve and understand that with perserverance you will succeed in whatever you put into your efforts.

Years from now, you will look back in this book, and we hope it brings you the same feelings of joy as you recall your childhood with as much joy we have had watching you navigate your way towards adulthood.

With love always, we send you into your future,
make it shine for all to see!
