Each employee is responsible for calling into AESOP immediately (upon learning of the closure) if they wish to utilize this benefit. The use of a sick day is optional in these situations.

Employee Absence Procedure

Staff absences are expected to be kept to a minimum given the State of Michigan licensing requirements surrounding staff:student ratios. In the event you do need to call in an absence for your shift, the following protocol should be followed:

1. Communicate your situation as early as possible.
2. Enter the necessary information into the absence management website provided by the district (<https://www.redroverk12.com/>)
3. Communicate with a member of your staff to ensure the team is aware of your absence (phone call or confirmed email/text)
4. Text the SAC Coordinator (Kelly Herring, 248-568-0087) with details of your absence ASAP.

Following these steps will provide the greatest opportunity for the department to find help (if needed) to cover your absence.

If the absence is known well in advance, please speak to your team about it, first. Then, contact the SAC Supervisor (Michael Cardimen, 248-726-3024) to make plans and determine the best approach for handling your absence.

Licensing

The Child Protective Services Act is designed to protect the welfare and best interest of all children. Under this Act you are considered Mandated Reporters and are required, by law, to report any suspected abuse or neglect to the appropriate authorities. Under the Act, Mandated Reporters can be held criminally responsible if they fail to report suspected abuse or neglect. You are not required to discuss suspicions with parents before reporting the matter, nor are you required to investigate the cause of any suspicious marks, behavior, or condition before making a report. If you suspect an incident of child abuse or neglect, the following steps must be completed:

1. Notify the School-Age Care Supervisor.
2. Notify your building principal.
3. Call Child Protective Services at 517-335-3704.
4. Document the suspected abuse or neglect by completing the DHS 3200 form. Fax this form to DHS and send a copy of it to the School-Age Care Supervisor.

Professional Development Training

Staff is also required to acquire sixteen (16) hours of professional development training each school year from August through June. These training hours are offered to staff during staff meetings and through different conferences and trainings that arise throughout the year. At the time of these trainings you will be informed on how many hours you will be paid for. For new staff, the three-hour orientation training counts towards these 16 hours.

General Licensing Regulations

- All School-Age Care staff must be 16 years of age or older.
- Volunteers must be 16 years of age or older. They must fill out the district's volunteer form before volunteering and must not be counted in ratio or left alone with the children. Volunteers must be supervised at all times by School-Age Care staff.
- A 1:18 adult to child ratio must be maintained at all times for all School-Age Care programs.

Department Information

Incident Reporting Protocol

In the event of a significant incident (one which breaks with protocol of the center, licensing guidelines, or both), it is the staff member's responsibility to immediately communicate the circumstances of the incident accurately and comprehensively to the School-Age Care Director. It is also the responsibility of the staff member to share the details of the incident with the family at the earliest convenience. Once all involved staff have been thoroughly interviewed, the SAC Director will determine if additional follow-up communication with the family and/or licensing is necessary on the part of the center.

Monthly Meetings

Staff attendance is mandatory at monthly staff meetings. Staff will be paid for time spent at these meetings. A list of monthly staff meetings are given to staff at the beginning of each school year.

Staff attendance is also mandatory at monthly site meetings, which are schedule by each site's lead caregiver. Staff will be paid one (1) hour for these meetings.

Upon hire staff is required to attend a two (2) hour orientation training that provides information on the School-Age Care policies and practices and the Child Care Licensing Regulations. Staff will be paid two (2) hours for this training.

Door Keys/Staff ID

Staff will be assigned a door key/copy card upon hire. The door key will only work at the school staff are assigned to. If cards are lost, it will cost \$10 for a replacement. If you lose a card, please let the School-Age Care Supervisor know as soon as possible so that card can be deactivated. The door key/copy card must be returned to the School-Age Care Supervisor when staff resign from the program.

All staff must wear a picture ID badge while working in the schools. Staff must get a new ID badge each school year. ID badges will be made at the administration building and at each school building at the beginning of the school year on picture day or can be made at any time during the school year at the front desk of the administration building. Staff must receive their DEN number before they can get an ID badge made.

Child Discipline Policy

Staff shall use positive methods of discipline that encourage self-control, self-direction, self-esteem, and cooperation. All of the following means of punishment shall be prohibited:

- Hitting, spanking, shaking, biting, pinching, or inflicting other forms of corporal punishment.
- Restricting a child's movement by binding or tying him or her.
- Inflicting mental or emotional punishment, such as humiliating, shaming, or threatening a child.
- Depriving a child of meals, snacks, rest, or necessary toilet use.
- Excluding a child from outdoor play or other gross motor activities
- Excluding a child from daily learning experiences.
- Confining a child in an enclosed area, such as a closet, locked room, box, or similar cubicle.

The word discipline means "to teach". With discipline, our goal should be to help children become responsible and take ownership of their actions and behavior. Discipline methods used in School-Age Care include:

- Natural and logical consequences
- Redirection
- A cool down period
- Conflict Resolution

Children are less likely to have behavior issues when:

- They know what is expected of them.
- They are given choices (when appropriate).
- They are involved in interesting games and activities.
- They are given a warning before transitions are to take place.
- The School-Age Care community is established and routines are followed.
- Staff periodically reviews the rules with them.
