ACCESS for Multi-Lingual Learners

- **ACCESS for Multi-Lingual Learners (MLs)**
 - **Measures English Language Proficiency in four areas:**
 - **Reading, Writing, Listening, Speaking**
 - **Students must earn an overall score of a 4.5 on the 6-point proficiency levels to be considered for exiting from English as a Second Language (ESL) instruction and services.**
 - **Note: Given the small size of the relevant student population, if the reportable data for both assessments contains sample sizes of fewer than 9 students, it cannot be shared.**

English Language Proficiency Levels

* The labels used for the six proficiency levels were created by the WIDA.

** An overall composite proficiency level score of 5.0 or higher on ACCESS for ELLs is required to be considered as Fluent English Proficient in Indiana.

Dynamic Learning Maps (DLM)

- **Dynamic Learning Maps**

- **Measure student proficiency in English Language Arts, Mathematics and Science.**
- **Assessment is for students with the most significant cognitive disabilities who do not take the NJSLA because they are being instructed on the Essential Elements, grade-specific expectations about what students with significant cognitive disabilities should know and be able to do, rather than the NJSLs.**

Dynamic Learning Maps (DLM)

- **DLM (Dynamic Learning Maps)**
 - **Results of the DLM are discussed at the student’s annual review meeting, and the IEP team considers the information when writing learning goals and objectives and determining an individualized educational program.**
 - **Results can be used during discrete trial teaching, which involves breaking up larger tasks or goals into subskills or smaller components and teaching them individually and repeatedly to encourage skill acquisition.**

Watchung Borough School 2024 - 2025 District Goals

- 1. Develop a sustainable budget that supports identified curricular changes and implement program initiatives and professional development to support both.**
