Mission Statement

The mission of Abell Junior High School is to provide academic excellence and stellar extracurriculars and elective experiences so that our students are prepared academically, socially, emotionally, and physically for the next level.

In due time, Abell JH students will graduate from their respective high schools, prepared and ready for college, career, or military.

Vision

Abell Junior High School administration and staff will work in conjunction with the community and parents toward creating a safe and secure learning environment. Instructional staff will provide experiences and opportunities enabling all students to succeed as they strive to obtain their maximum potential academically, physically, and socially.

Value Statement

- *All students can learn.
- *All students deserve a high-quality education.
- *Parent involvement is key and we will do our best to include our parents in the educational process.
- *Structures and procedures are key to a safe learning environment.
- *Our students are our most valuable asset.

Demographics Strengths

BASED ON 2023.2024 EOY NWEA/MAP DATA, THE FOLLOWING STRENGTHS ARE NOTED:

Abell **Hispanic** students outperformed the district in grade 8 reading at the meets level.

Abell **African American** students matched the district percentage in grade 8 social studies at the masters level.

Abell **white** students outperformed the district and matched the state percentage on grade 7 reading at the masters level.

Abell **Asian** students outperformed the district and matched the state percentage on grade 8 math at the masters level.

Abell **EB** program exited 20 students at the end of the 23-24 school year.

Abell EOC Algebra students outperformed the district & state at the masters level.

Problem Statements Identifying Demographics Needs

Problem Statement 1 (Prioritized): In the area of RLA, Abell's 7th and 8th grade African American students performed lower on the STAAR than the district & state averages. **Root Cause:** Root causes might include any of the following: limited access to educational resources (especially early childhood education), lower educational attainment among parents, implicit biases & lower expectations from teachers, curriculum that lacks cultural relevance & representation.

Problem Statement 2 (Prioritized): In the area of MATH, Abell's 7th and 8th grade Hispanic students performed lower on the STAAR than the district & state averages. **Root Cause:** Root causes might include any of the following: limited proficiency in the language of the assessment, difficulty with specific academic language, quality of strong ESL instruction, lack of culturally relevant curriculum, higher poverty rates, limited access to education resources, parents with limited formal education or work responsibilities.

Problem Statement 3 (Prioritized): In the area of RLA, Abell's 7th and 8th grade EB students performed lower on the STAAR than the district & state averages. **Root Cause:** The root cause is limited proficiency in the language of instruction, as well as difficulty with specific academic language & vocabulary used on state assessments, which may differ significantly from everyday conversational language.

Problem Statement 4 (Prioritized): In the area of MATH, Abell's 7th and 8th grade EB students performed lower on the STAAR than the district & state averages. **Root Cause:** The root cause is limited proficiency in the language of instruction, as well as difficulty with specific academic language & vocabulary used on state assessments, which may differ significantly from everyday conversational language.

Student Learning Strengths

According to the **MAP STUDENT GROWTH SUMMARY REPORTS** found above, the following strengths are identified:

- In the area of MATH, both 7th and 8th grade student reports show an overall positive achievement percentile (7th-0.7 and 8th-1.2) from the FALL 2023 MAP data to the SPRING 2024 MAP data.
- In the area of ELAR, both 7th and 8th grade student reports show an overall positive achievement percentile (7th-0.5 and 8th-0.5) from the FALL 2023 MAP data to the SPRING 2024 MAP data.
- In the area of ALGEBRA, the 8th grade student report shows an overall positive achievement percentile (8th-1.1) from the FALL 2023

MAP data to the SPRING 2024 MAP data.

- In the area of SCIENCE, both 7th and 8th grade student reports show an overall positive achievement percentile (7th-0.5 and 8th-0.5) from the FALL 2023 MAP data to the SPRING 2024 MAP data.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): In the area of RLA, Abell's 8th grade students' latest MAP scores (May 2024) indicate a weakness in Author's Purpose and Craft and Multiple Genres. **Root Cause:** The root cause is a lack of focus on teacher efficacy, instructional strategies, and best practices that address this domain during the 23-24 school year.

Problem Statement 2 (Prioritized): In the area of RLA, Abell's 7th grade students' latest MAP scores (May 2024) indicate a weakness in the Multiple Genres domain. **Root Cause:** The root cause is a lack of focus on teacher efficacy, instructional strategies, and best practices that address this domain during the 23-24 school year.

Problem Statement 3 (Prioritized): In the area of Math, Abell's 8th grade students' latest MAP scores (May 2024) indicate a weakness in the Data Analysis domain. **Root Cause:** The root cause is that the implementation and utilization of instructional strategies to support the student's needs did not yield the desired results.

Problem Statement 4 (Prioritized): In the area of Math, Abell's 7th grade students' latest MAP scores (May 2024) indicate weaknesses in the Geometry & Measurements domain. **Root Cause:** The root cause is a lack of exposure to the geometry curriculum for the majority of 7th graders.

Problem Statement 5 (Prioritized): In the area of Science, Abell's 8th grade students' latest MAP scores (May 2024) indicate a weakness in the Earth & Space domain. **Root Cause:** The root cause is a lack of focus on teacher efficacy, instructional strategies, and best practices that address this domain during the 23-24 school year.

Problem Statement 6 (Prioritized): In the area of Algebra, Abell's 7th & 8th grade students' latest MAP scores (May 2024) indicate a weakness in the Write & Solve Linear Functions, Equations, & Inequities domain. **Root Cause:** The root cause is a lack of focus on teacher efficacy, instructional strategies, and best practices that address this domain during the 23-24 school year.

School Processes & Programs

School Processes & Programs Summary

Abell has streamlined written processes & procedures in place for all campus expectations.

Each department is directed to utilize Tier 1, Tier 2, and Tier 3 methods/resources to meet students' needs.

PLCs utilize data (CFA's, MAP) to drive instruction and lesson planning, which facilitate proficiency and interventions in all core subject areas.

Abell will implement Opportunity Culture for the 2024-2025 school year.

Abell will implement AVID for the 2024-2025 school year.

Abell will continue to be a 1:1 campus; a chrome book will be provided to each student for academic use.

All important staff/campus information is accessible through the Abell campus HUB. A weekly schedule highlighting important upcoming items/events, campus reminders, and staff shout-out's is sent to staff every Friday afternoon.

School Processes & Programs Strengths

Instructional leaders, such as PLC leads, department chairs, and MCL's, build capacity among those that they lead/support by modeling, coaching, mentoring and assigning additional responsibilities that are designed to build skill & competency.

The master schedule offers multiple opportunities to provide tutorials (before and after school), specific/targeted interventions, Saturday School/STAAR blitzes, as well as provide SEL during advisory. The schedule will also provide time to collaborate with colleagues by providing daily, common PLC time for all core subjects. Department chairs share a common conference time so they may collaborate with one another as well as with admin. The campus will be 1 to 1 again this year, with integration of technology in all subject areas. More classes will be added for the 24-25 school year in which students may earn high school credit; such as, health, touch systems and art. The AVID program will be implemented in 24-25; this program provides support in areas such as organization, time management, and focuses on strategies designed to improve student academic success; AVID also encourages a college-going culture throughout the campus.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): Below standard communication with parents regarding grades, discipline, programs & other pertinent school information. **Root Cause:** The root cause is the lack of updated contact information for parents & guardians in skyward.

Problem Statement 2 (Prioritized): Teachers do not adequately address/incorporate Tiers 1, 2, and 3 interventions in the the classroom. **Root Cause:** The root cause is a lack of training, knowledge, and resources in the areas of Tiers 1, 2, and 3 processes.

Perceptions

Perceptions Summary

Staff retention has improved from the following school year, as Abell has fewer teacher vacancies as compared to this time last year.

Parents are supportive of school events, activities, athletics, fine arts programs, and performances; however, the lack of involvement in PTA and volunteering on campus indicates decreased/minimal interest/participation among parents.

Some parents perceive an unsafe view of campus due to occasional physical altercations occurring on campus.

A majority of stakeholders agree that student cell phone use and excessive chrome book use decrease the amount of quality instruction provided in the classroom.

All stakeholders view the treatment of each other as lacking respect. ILEAD will be incorporated with students & staff for the 24-25 school year to address this concern.

Perceptions Strengths

Stakeholders report Abell JH offers a variety of courses and co/extracurricular activities; as well as offering a variety of academic courses, several with the opportunity to earn high school credits. Families are encouraged to attend school-sponsored activities, such as back-to-school nights, elective fairs, athletic events, parent-teacher conferences, open houses, etc. Families are informed about school-sponsored activities via weekly call-outs and weekly principal newsletters, the campus/district websites, & social media platforms; these also share information such as tutoring, after-school programs, and student performances. Students are academically challenged by their schoolwork and excel in academic and extracurricular activities.

Problem Statements Identifying Perceptions Needs

Problem Statement 1 (Prioritized): According to student reports in the K12 survey, students report that Abell has a safety issue in the restrooms and in locations where cameras are not present. **Root Cause:** The root cause is the lack of adequate adult supervision and the absence of cameras in identified problem areas.

Problem Statement 2 (Prioritized): According to parent and staff reports in the K12 survey, these specific stakeholders report that the overall increase in technology use on campus has negatively impacted students. **Root Cause:** The root cause is the large number of students who possess cell phones/air pods and use them without permission; as well as teachers relying on excessive use of chrome books in place of quality instruction being implemented.

Priority Problem Statements

Problem Statement 1: In the area of RLA, Abell's 7th and 8th grade African American students performed lower on the STAAR than the district & state averages.
