

Title IIA at CASD

Title IIA funding provides financial assistance to increase student academic achievement through strategies such as improving the skills of teacher and principal quality and increasing the quality of instruction in core academic subjects in public and private elementary and secondary schools. At CASD, this funding supports two major initiatives--reducing class sizes and Professional Development.

Class size reduction (CSR)

Using Title II funding, we are able to pay for class size reduction teachers at two of our buildings--Stevens and Ben Chambers.

Professional Development

A portion of our Title IIA funds is dedicated to professional development for CASD staff and administrators. In the 21-22 school year, we have been able to provide critical trainings around data analysis, writing across curriculums, and focused phonics instruction.
