A Salute To Our Class Advisors!

As editor of the yearbook and president of the senior class, I would like to take this opportunity to thank our class advisors Mr. Ross and Ms. LaHaise for everything they've done for the Class of 1991.

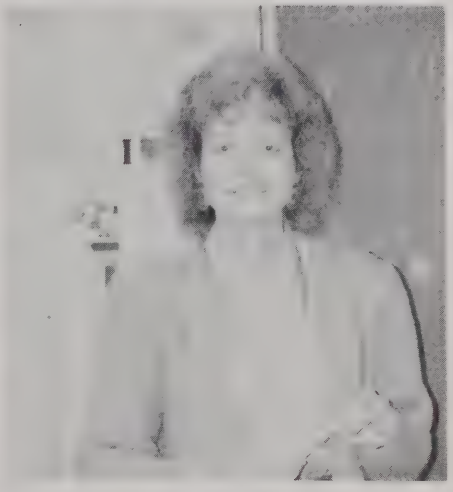

Like many others, I have had the chance to get to know Ms. LaHaise and Mr. Ross throughout the past 4 years. They have been extremely dedicated, very supportive and caring. In my opinion, without them, our high school years would not have been so special.

They have been friends to those who know them, and on behalf of the Class of 1991, we would like to express our deepest gratitude and sincere thanks to Mr. Ross and Ms. LaHaise.

Superintendent's Message

Philip Deveaux, Superintendent of Schools

It is with a great sense of pride that I am able to offer the Class of 1991 my warmest congratulations upon your graduation from Medford High School. For all graduates, this is a particularly symbolic transition as you complete those formative years that you will later recall as the "good old days."

For each of you personally, completion of high school means something very different. It is from that diversity of experience, achievement and aspiration that the fabric of our society is woven. Strength comes not from sameness and conformity, but rather integrity, excellence and individual commitments to a better life for yourself and those around you. At Medford High School, you have been offered the challenges necessary to help you go forward in a complex completion of those challenges, and a source of pride to your families and our staff.

On behalf of the Medford Public Schools, I wish you continued success in the future.

Mr. Devaux

Headmaster's Message

Salvatore Todaro, Headmaster

I should like to congratulate the members of the Class of 1991 for their commitment to purpose buffeted by their pristine approach in resolving personal and social issues. Each senior has made a contribution that brought about positive change and continuous growth for Medford High School. This was accomplished by your open and sincere dialogue both in the classroom and in the social arena. Yes, there were times when you were questioning the true meaning of education and all it engenders, but now I feel confident that all of you have ascended the seemingly endless educational ladder of growth successfully. For this I applaud you, one and all!

Upon graduation, you will enter into an exhilerating period of your life. One that will encompass new ventures which will be exciting and challenging. Exciting because they will offer you opportunities to realize your most cherished and sought after goals. Challenging because you will have to make critical decisions that will affect your future lifestyle. All of you possess the skill and the innate ability to soar to new heights and to capture a new vision which will serve as a beacon for all future endeavors.

During your lifetime, you will encounter many new paths in your quest for success and happiness. Some of the paths will be rewarding while others will need adjustments in order to derive enduring satisfaction. Keep in mind that life, in general, is an adventure which always needs to find new directions in order to fuel its insatiable desires.

May you enter into your new adventure with the commitment to succeed, the desire to challenge, and the understanding to accept what may lie ahead. With the aforementioned in mind, I feel assured that your most treasured goals will not only be achieved but will be everlasting.

President John F. Kennedy's Address to Amherst College exemplifies many of the educational values gleaned by all of you during your four years of matriculation. The following quote was taken from his address: "...When power leads man toward arrogance, poetry reminds him of his limitations. When power narrows the areas of man's concern, poetry reminds him of the richness and diversity of his existence. When power corrupts, poetry cleanses, for art establishes the basic human truths which must serve as the touchstone of our judgement."

In closing, I extend to each of you a sincere wish for a future filled with good health and a bountiful amount of joy in whatever path you may choose to follow.

Mr. Todaro

Vocational Director's Message

Lawrence Volpe
Director, Vocational School

No person is an island. As the class of 1991 leaves the field at Hormel Stadium in late May, each graduate must realize that not only must he/she endeavor to actualize their goals and objectives, but also commit to a larger agenda, that being the responsibility of each citizen to assist in actualizing the goals of the community, state, nation, and, indeed, the world community. This point is driven home by the current crisis in the Persian Gulf. Graduating seniors must put their twelve years of education to use in making this world a better place to live.

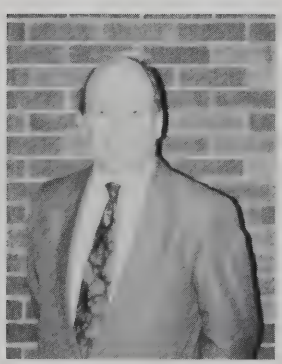

Caring and sensitivity for those not as fortunate as us must be a part of all of our lives. The poor, the sick, the cold, the illiterate, the oppressed are the responsibility of all citizens of the world community. Even as we strive to improve our own lot in life, we must set aside some of our energies, resources, and time in order to make a contribution back to the society that has given us our present situation. These are sobering thoughts. However, as young adults are ready to move out into the world of post-secondary education, career, or military duty these are the issues we must deal with. Service to self must be balanced with service to community. We all need one another at some time in our lives, in order to share with each other the ups and the downs of life's experiences.

Your twelve years of formal education will stand you in good stead as you go your separate ways . Plot your course well, maximize your strengths, strengthen your weaknesses, be true to yourself and success and happiness will find you. Choose your goals carefully, prioritize them, and then make the commitment to fulfill them. Success and happiness is not without hard work and sacrifice.

I wish each of you good luck, smooth sailing, realization of your dreams, and a happy healthy future. I leave you with this thought from Henry David Thoreau "I know of no more encouraging fact than the unquestionable ability of man to elevate his life by conscious endeavor."

1991 Blue & White Yearbook Dedication!

In his 25 years of teaching at Medford High School, Mr. Richard Nelson has proven to be a role model for Medford High students as both an educator and a person. This year, the 1991 Blue and White's Yearbook Editorial Staff is proud to dedicate our yearbook to Mr. Nelson.

Mr. Nelson, teacher of Algebra II, Advanced Math and Calculus has exhibited total commitment and dedication to his students. He is also the advisor for the Math Team and one of the advisors for Mu Alpha Theta.

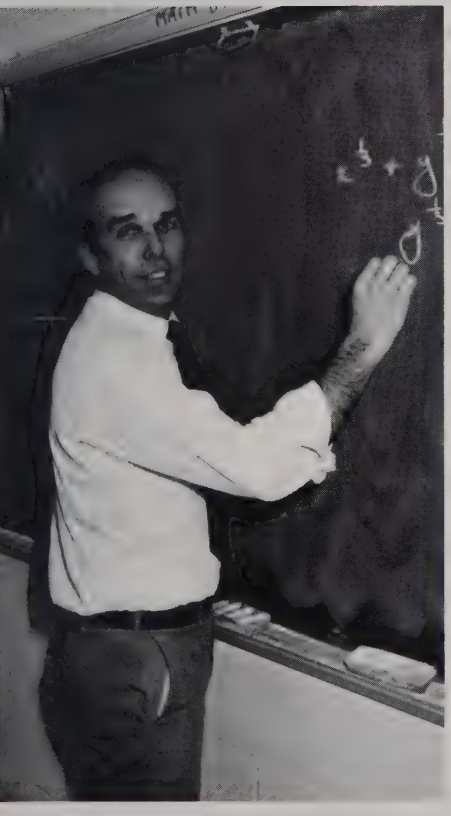

He believes that the most important thing a teacher can give a student is an interest in learning and the academic tools to expand their knowledge in those areas that interest them; and he certainly practices what he preaches. Mr. Nelson's students are very grateful for his staying after school as long as it takes for the student to understand and coming into school early just to help them out.

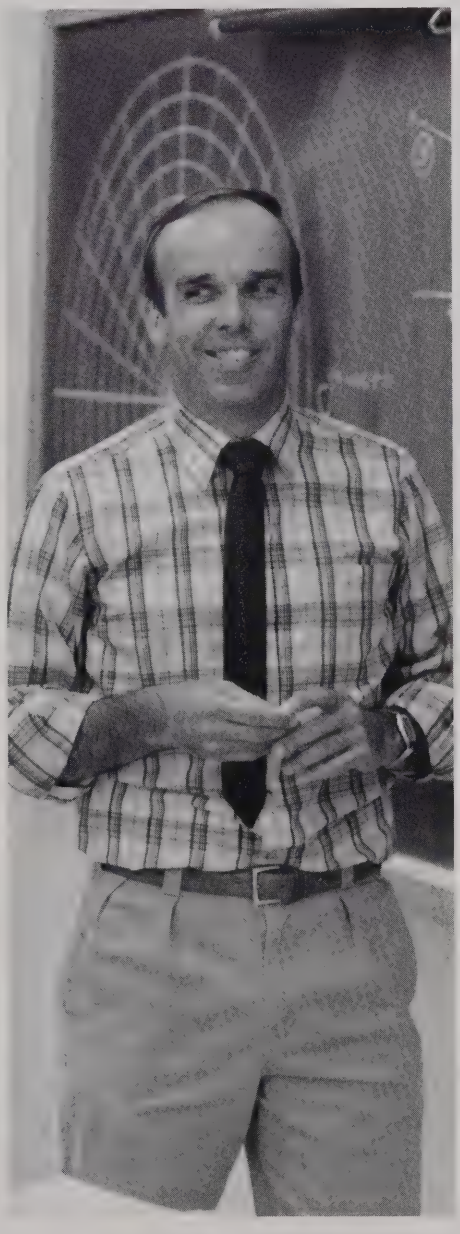

In his free time, Richard likes to ride his bike. He rode up and down Mt. Washington and he also rode from Everett, MA to New Hampshire! He also enjoys spending time with his two daughters and his wife. When asked if there was anything he would like to leave with the class of 1991 he said that the following quote from Thoreau sums it all up:

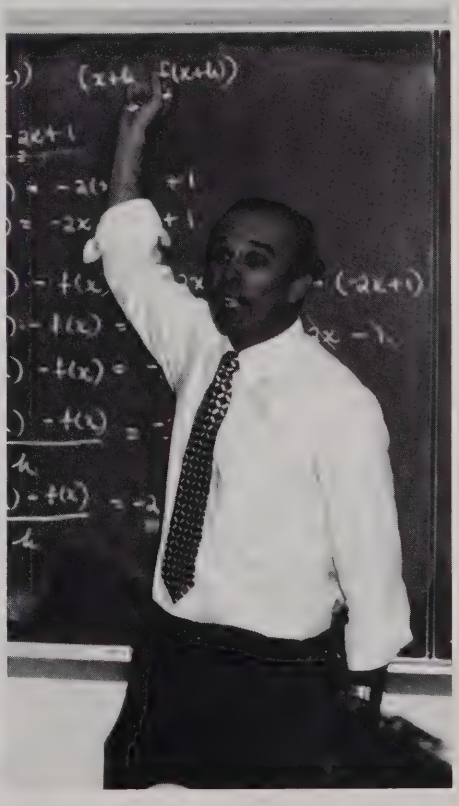

"All that an individual can say or do that can possibly concern mankind is in some shape or other to tell the story of their love."

Throughout his entire professional life, he has demonstrated that same concern, shaped many lives, and told a truly sincere and beautiful story of a teacher caring the most and daring to be the best.

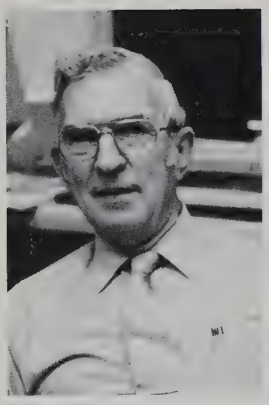

Thank you, Mr. Nelson.

"This Learning Process Changes all of you.." Mrs. Carbone

Four years ago, the Class of 1991 entered M.H.S. a little fearful, very enthusiastic about coming to the high school, and completely unaware of how quickly your senior year would arrive. I remember telling you as freshmen to prioritize your term paper preparations and today you are telling me about your preparations for college applications and essays. I have seen you mature into responsible, self-disciplined, and hardworking young adults, anxious to meet the next phase in your life. Most of you are well prepared for this step.

In one way or another you have all learned that hard work pays off and is the best preparation for future endeavors whatever they may be. Practice has made the game easier to win, the subject easier to pass, and the job easier to perform. This learning process has changed all of you during the past four years. Some of you have gone from cub reporter to editor, from the bench to starting team, and from grocery bagger to head cashier. These changes are evidence of the first set of decisions you have made in life and you will learn from them. This learning process never ends and it will enable you to meet the challenges life presents with self- confidence and enthusiasm.

Good luck to each and every one of you!

"....Confidence and self- esteem began to grow."

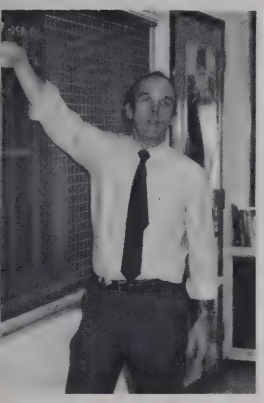

From the vantage point, as class advisor, I feel that you, the Class of 1991, have changed a great deal since you began at M.H.S. in the fall of your freshman year. Wandering around the school, looking lost and sometimes very frightened, most of you made it through the year. Confidence and self- esteem began to grow throughout sophomore and junior years. Now, that you are seniors, I have found most of you to be friendly, good- natured, energetic and reliable...all qualities that you will need in the future.

At class functions, your behavior has been exemplary, so, good times were had by students and chaperones alike. This has earrned your class the respect of the administrators and teachers at M.H.S.

"... you are all committed to making our world a better place to live."

The class of '91 has grown and changed in many ways since that first day of Freshman Orientation in September of 1987. As a coach I have watched with pride as the athletes (male and female) have matured and perfected their particular skills.

The class of '91, for the most part, has also grown and developed academically as well as socially the past four years. I have also observed and appreciated the development of a great sense of humor by the class as a whole. Best wishes in the future, I'll really miss you.

Mr. Mattatall

You have changed from the awkward, timid, fearful, self-conscious young adolescents to self- assured, confident, respectful young adults- eager to learn and accept the challenges ahead in our ever changing society, and you are all committed to making our world a better place to live.

"So, metamorphosis goes on and on as long as we continue to grow."

Perhaps the most enduring charm in my profession has been the distinct privilege and joy to closely observe the wonderful metamorphosis of our students at Medford High. I speak of metamorphosis as we study it in Biology; namely, the egg, the caterpillar, the pupa, and the adult butterfly.

The egg stage is the freshman year- lots of potential.
The caterpillar stage, sophomores- constant growth and motion.
The pupa, junior year- serene and lots of cerebral activity.
The beautiful butterfly, senior year- as our young men and women emerge to go forth into the world.

But, unlike the butterfly whose time is all too short, our grads go on to become real people... Doctors, lawyers, teachers, policemen, tradesmen, business people, and in time, parents too.

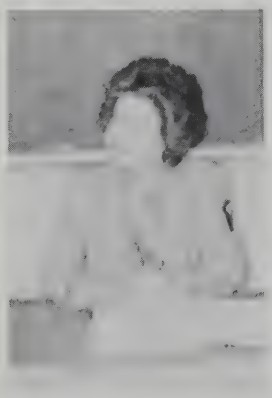

So, metamorphosis goes on and on as long as we continue to grow and be challenged by all that life has to offer.

Ms. Pepperian

Over the last three and a half years, the students have worked well together to organize class activities and functions. This has helped them to grow as a group. Many students have taken responsibility of arranging and promoting events that will be remembered for years to come.

The class has evolved from being apprehensive freshman to a group of sensitive and caring adults. Many seniors, who did not know where they were going as freshmen, are now setting goals and making plans for their future.

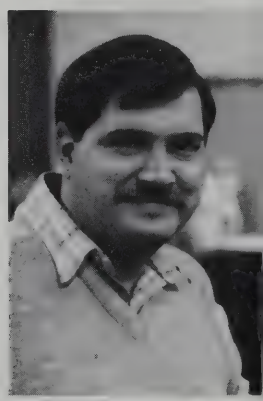

Mr. Ross

A Mustang Stampede On Gridiron

Coach Francis "Bud" Kelley's Mustang Football Squad is having an enormously successful season this year. Kicking off with a 10-3 defeat of Woburn, the Stangs have powered their way to a 6-4 record. At their annual Thanksgiving game vs. archrival Malden, the Mustangs suffered a tough 16-2 loss.

To single out one great player on the team would be tough because there are so many stars. Mike Moreno, the junior starting quarterback, has been an essential part of the offensive attack. Not only is he good from the shotgun, but in Kelley's eyes, he could perhaps be "the best kicker in the league", citing the fact that he had a 65 yard kickoff against Everett. Of course passing is not the whole game of football. The ground attack led by senior captain Ed Carnes and Stephen Hare has stunned opposing defenses. The defense on the gridiron has been bolstered by the efforts of Tom Sewell, tri-captain Paul Valentino, and Mike Keneally. Sewell, another tri-captain, when he is not on the field, can be found in the gym, using the weight equipment; either way he is always working on his game. When these seniors leave, the Mustangs will not be at a loss. Several underclassmen will add to next year's talent, such as juniors Moreno, Randy Nasson, John Masciarelli, Dave Dussault, Donald Parks, and Jon Verrengia. Coach Kelley tries to teach his team but one philosophy: "To play the game is good. To win the game is better. To love the game is the best."

Girls Soccer Makes First Tourney Berth

For the first time ever, the girl's varsity soccer team made it to the state tournament. Headed by tri-captains Lisa Skoog, Joelle Rose, and Diane DiLeo, the group finished with an 8-3-1 record. Supported by the tri-captains, as well as seniors Chrissie McManus and Tracy Lyons, juniors Denise Cantillon, Kerry Corrigan, and Erica Peterson, there was nary a doubt that a tournament berth would be had. The coaches of this M.H.S. record setting team were Al Luongo and Jim Rainho. Debbie Gately, a junior, was the scoring force for the Mustangs, and she was backed up by magnificent goaltending by sophomore Shannon Coughlin. With an exciting 3-2 come-from-behind victory over Waltham in the last game of the season, the girls clinched their spot in the tournament. Though the girls lost a tough 2-0 game to Framingham North in the first round of the tournament, their efforts were not in vain, as they gained valuable experience for their tournaments in years to come.

Mike Cataldo and Bob Greenwood, will they score again? Mike Travers an A for formation! The soccer team gets traditional pep talk before the game.

The Medford High School 1990 boy's soccer team kept the Mustang tradition alive this season by finishing league play undefeated, with 9 wins and 7 ties. The team was lead by senior co-captains Vitto Caggiano and Manny Paolucci.

The Mustangs first game of the tournament was against Malden. After a period of over two days and 12 overtimes and a 5 man shoot-out the final score was Malden 3 Medford 2. Malden than had to forfeit the game due to an inelligible player. Medford then went on to play Chelmsford, and after 5 overtimes, it was the Mustangs 1 Chelmsford 0, the lone goal scored by Vitto Caggiano. From there the Mustangs traveled to Salem State to take on Beverly and after 3 hours of play, it was Beverly 2 Medford 1. This game consisted of 6 overtimes, and a 6 man shoot-out. In the tournament alone, the Mustangs played 23 overtimes and 11 shootouts, thus their nickname, "The Overtime Kids."

"They are an outstanding group of young men," said Coach Marotta, "There was a great amount of leadership and the commitment and dedication that each player gave was immeasurable. This season was very different from any others. Waltham and Cambridge were added to the league and the competition grew. I feel the team handled this added competition perfectly, and I am very proud of them."

Boy's Cross Country . . . . "Better Than Expected"

The 1990 Boy's Cross Country team had an exceptional year. As a matter of fact, Coach Lou Ruggiero expects next year to be even more promising. Runners Shawn Morrisey, Jackie Murphy, Chris DiFronzo, Ed Villa, Tan Alam, Rob Wall, John Cullinane, Joe Hannigan, John Iaicappucci, Chris Walsh, Sean Griffen and captains Derek Kelly and Josh Smith held an overall 6-2 record. Mr. Ruggiero states "It is a very young team, only two seniors (Joe Hannigan and Derek Kelly) and next year looks very promising. Everyone will be returning." The boys worked very hard in the Peabody meet and lost only by 3 points. Cambridge dominated their meet, but as Coach Ruggiero recalls-they dominated the league. There were three allstars on the team: Juniors Josh Smith and Shawn Morrisey and Sophomore Jackie Murphy. A big surprise was Jackie Murphy and Shawn Morrisey, G.B.L. Allstars. "We can't forget to mention," says Lou Ruggiero, "our two outstanding freshmen - Sean Griffen and Chris Walsh show tremendous promise."

Girls X-Country

An undefeated season is rare, not to mention difficult, in any sport b the girls cross country team seemed to have no problem with it. The 8 G.B.L. Champs, coached by Lou Ruggiero, made little work of all oth opponents during their reign. Led by the efforts of senior captain Mars Cullinane, and senior Eloise Pottinger, both of whom broke course record the team had an instant cushion to ease them to victory. Their first leag win, vs. favored Peabody, became a driving force toward their title. Several underclassmen also became very productive in their meets. Along with Cullinane and Pottinger, runners such as senior Celine Toomey, juniors Ali Reynolds and Denise Penachio, sophomore Serneity Macdonald, and freshman Bridget Christiansen, were extremely essential in helping the Mustang finish first - - - every time.

MHS Golf Perfectly Pin High

Little recognized as a powerhouse in M.H.S. sports, the golf team is out to make a name for itself. This year, the linksters just missed qualifying for the State team tournament, yet still sent four players to the State Individual Tournament. Of the four, seniors Mike Shea, David Elliott, Matt Stagliano and sophomore Scott Martell, only Shea and Elliott qualified to play again in the spring. Shea, a captain since his sophomore year, had one of the best records on the team, as he ended at 10-3-1. Elliott also had a 10-3-1 record, and the second record on the team belonged to Stagliano as he finished at 10-4. Senior Chris Glionna was sidelined for part of the season with a thumb injury, but still played well. Coach Frank Jewett's team had one of it's strongest seasons because almost the entire team returned from last year. Rookie Scott Martell, junior Brian Horne, and sophomore Steve Shea were the steel in the last half of the starting line-up. Though the team is losing its first three players, the power of the underclassmen will be strong enough to drive the team to another great season next year.

The Spirit Of M.H.S.

The spirit of Medford High, the M.H.S. cheerleaders, are not usually recognized as a sports team. However their status stands, this group of ladies is bringing a great amount of pride to the high school. For example, the cheerleaders led the student body to an emotional high at the annual Pre-Thanksgiving Game pep-rally. Coach Cheryl Pasinato has shaped her squad into a highly competitive bunch. Led by senior captains Barbra Watson and Camille Guarino, the cheerleaders have competed in the regional finals, only to fall just short of a national competition bid in Florida. They have also performed well at the state level competitions. The entire team is comprised of seniors Watson, Guarino, Kerri Vinci, Jeanne Doherty, Sandi Bonaventura, Jen DiPaola, Debbi Abber, Katy Arsenault, Lynn Jablonski, Melissa Murphy, Nicole Lespasio, juniors Lisa Marino and Kerri Gianetti, and sophomore Lori Palumbo.

Pom Pon Girls Cheer Way To 3rd Place In States

The Soccer/Hockey Cheerleaders, more commonly known as the M.H.S. Pom Pon Girls, are also an essential part of leading our athletes to victory. Under the direction of Chris Puleo, these 14 young ladies qualified at the regional level competition, by placing third, to go to Florida on February 1st to compete in the nationals, against squads from all over the country. This talented group was captained by senior Kristin Callan and junior Laura LoCoco. Other seniors on the team were Jessica Black and Alicia Dullea. The underclassmen that completed the squad were juniors Sharon Alley, Melissa Fiumara, Danielle DiPierro, Loralee Gleason, Diane Privatera, Eleanor Crane, Kelly Acheson, and Jennifer Guftason as well as sophomores Jolene DiPaola and Lisa Chan.

M.H.S. Gymnasts, They're Hot!

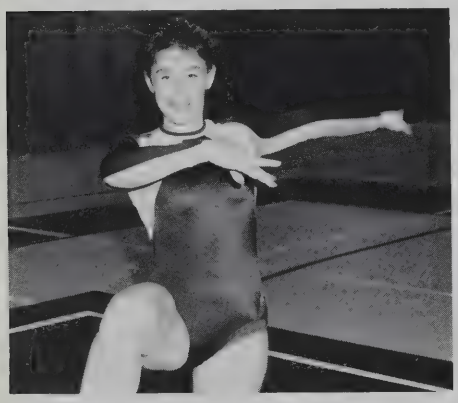

Co-Captains Marsha Cullinane and Kim Quigley; "Quick, take the picture!"

With the season nearly complete, the girls gymnastics team is eyeing one of its best seasons in recent years. It can all be attributed to the hard work and dedication put forth by the squad. Marsha Cullinane, co-captain and also the teams leading scorer, has performed outstandingly to give the team an edge. Together with senior co-captain Kim Quigley nailing personal high scores and senior Katy Arsenault's floor routines and Sandi Bonaventura's bars, the girls have virtually eliminated all competition they have faced. The youth of the team, comprised of juniors Sonya Paolucci and Sandy Mabbit, freshmen Jen Guarino, Jen Connolly and Stacy Estano will definitely enhance next years performances and will perhaps enable the team to capture a G.B.L. title.

Janine Hunt, "Let go of the ball, I had it first!"

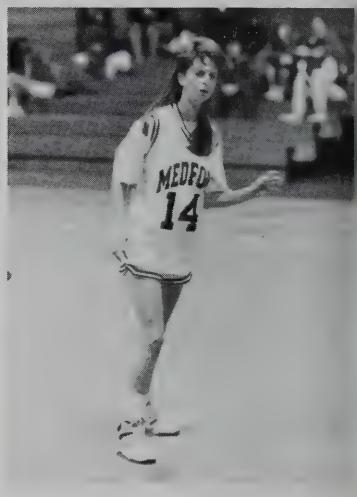

At press time, the girls need to win one of their final two games to qualify for the state tournament. Coach Ernie Ardolino and his Lady Mustangs are finishing their most successful season in recent memory. Seniors Michelle Weston, Janine Hunt, and Stephanie Baiungo anchor the team as tri-captains. Kelly McCarthy, & Susan DeMattia are the only other seniors on this successful yet young roster. Wins against Arlington, Cambridge and Malden boosted the team along the way.

Maura Fleming quarterbacked a starting lineup including Alyssa Sluz, Jill Gerrity, April Ciampoli and Janine Hunt. Coach Ardolino's positive attitude in his first year at Medford high spread to the players and the Grater Boston League watched as a new force in girl's basketball emerged at M.H.S.

Tournament bound or not, this group of overachievers has gone a long way in a short time. Congratulations Lady Mustangs.

MUSTANG HOOPSTERS DISPLAY

Expectations ran high this season for the M.H.S. boys basketball team, and rightfully so. Led by senior co-captains Brian Sacco and Shawn "Cedric" Simmons, the boys competed extremely well, but as in the words of Sacco, "We just didn't finish well near the end of the games where we needed it most." Tom Ryser, a second year coach, has worked with not only his seniors, but also his talented underclassmen, such as sophmore Ross Patten and freshman Brian Skerry.

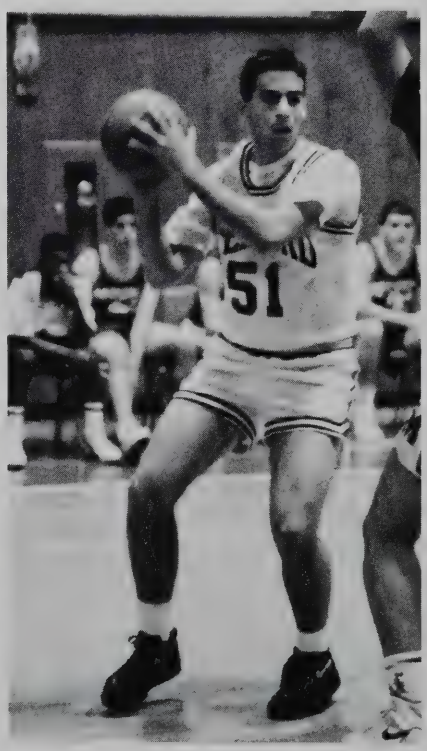

Despite the disappointing 2 and 3 point losses to several teams, the Mustangs had bright spot in their season, when they beat Danvers 42-38, to capture their second consecutive Stoneham Christmas Basketball Tournament. Sacco, with 15 points in the final game, secured him the M.V.P. award of the tourney. Several other seniors contributed a great deal during the tourney as well as the regular season including center Joe LeBlanc, forward Ed Carnes, and Mike Roccia.

Medford High Hockey Players

Mustang Hockey, once a perennial force, has been lacking in recent years. However the 1991 team has had a resurgence of power. Their current undefeated record of 12 wins and 0 losses has them ranked as the third best team in the state, first among public schools. Captain Mike Shea says, "The key to our success is that we are now playing like a team." When asked if the Mustangs would win the G.B.L., Shea replied, "We'll take our games one at a time, and if we do win it, it will be because everyone on the team gave 110%." Coached by Charlie Driscoll and Steve Rolli, the Mustangs have done what nobody expected them to do, beat out G.B.L. favorites Arlington and Waltham. The Mustangs have hosted each of these teams at home, but they must face each team once more at their respective arenas. Shea has several senior partners such as Greg Fowke, Kevien Scola, Chris Glionna, Ken Staskewicz, Bob Paturelli, Jimmy Sheehan, and Gene Giangrande. The underclassmen have also performed beyond expectations like junior goalie Dave DiNatale, and sophomores Sean Bates, Jason Feeley, Jonathan Glionna, Dennis O'Connell, and Bob Sheehan

M.H.S. TRACKSTERS RUN

Marsha Cullinane, "Only three more laps!"

Steven Hare, have you been working out?

Serenity McDonald tries to catch up to her opponent.

Dave Gallant throws the shotput with determination.

The track team sprinted their way to success this year. Boys co-captain Anthony Onorato is incredible in the 50 yard dash, co-captain Stephen Hare is unstoppable in the 600 yard dash. Girls co-captain Lisa Skoog is hell on hurdles and co-captain Eloise Pottinger's endurance cannot be met. Other seniors with outstanding abilities are James Gardner, Jeff Modica and Nicky Sfikas with the 300 yard dash. This year the track team has made its way near the top of the G.B.L. and many of the boys and girls that ran for Medford High are likely to be named G.B.L. Allstars.

Coach Mascoll once again steered the tracksters to quality competitions, sportsmanship and never-say-die attitudes. Combining many wins and many participants, the coach got the best of both worlds.

M.H.S. VOCATIONAL

Bob Paturelli, Voke Model of the Year

Thomas Marchione, "Help I can't even turn this thing on."

The students at Medford Vocational High School sponsor many activities such as "The Voke Food Drive" for the needy of Medford. This has been a traditional event for the past five years. The students and the faculty members compete in good spirit to bring the most food and which ever class has the higher percentage of participation wins the food drive for this noble cause. Also around Christmastime we have a "Dress up Day." On this day, the students dress up (classy and dignified) while the teachers dress down (casual and cool). This tradition brings out school spirit during the holidays and is fun for both the students and the faculty members.

FOCUSES ON CAREERS

The Greater Boston Student Advisory Council (GBSAC) involves students around the Greater Boston Area dealing with issues relating to school policies, activities, rules, peer pressure, and government issues. The representatives in the advisory council get together to discuss certain issues and propose new rules or policies relating to school issues. MVTHS also has the annual Senior Awards Banquet. The Robert Gurney Memorial Trophy is presented to the outstanding senior student based on academic and community standing. The Ken Cooper memorial is awarded to the "Vokie of the Year", the student who has been involved in many school activities such as the student council or the executive board. The Catherine Carew Memorial Trophy is awarded to the most improved senior. The senior who has improved academic standing and attitude from Freshman year. Finally the Medford Vocational Alumni Association presents a trophy for the senior involved as well as department awards.
